Our daughter has fully recovered and only residual effects of the grave malady that she suffered are observable.

It is our firm belief that our daughter Ria was cured through your intercession and that of your Companions.

Please help us to thank the Lord for his goodness to us. We love our daughter very much, and His care for her touched us to the bottom of our hearts.

Luengo, 1984      **Official Gazette** Philippines, 1980      **Reformations** Carlos M. N. Eire, 2016-06-28 This fast paced survey of Western civilization's transition from the Middle Ages to modernity brings that tumultuous period vividly to life Carlos Eire popular professor and gifted writer chronicles the two hundred year era of the Renaissance and Reformation with particular attention to issues that persist as concerns in the present day Eire connects the Protestant and Catholic Reformations in new and profound ways and he demonstrates convincingly that this crucial turning point in history not only affected people long gone but continues to shape our world and define who we are today The book focuses on the vast changes that took place in Western civilization between 1450 and 1650 from Gutenberg's printing press and the subsequent revolution in the spread of ideas to the close of the Thirty Years War Eire devotes equal attention to the various Protestant traditions and churches as well as to Catholicism skepticism and secularism and he takes into account the expansion of European culture and religion into other lands particularly the Americas and Asia He also underscores how changes in religion transformed the Western secular world A book created with students and nonspecialists in mind *Reformations* is an inspiring provocative volume for any reader who is curious about the role of ideas and beliefs in history      **Colonial Counterpoint** D. R. M. Irving, 2010-06-03 Named one of BBC History Magazine's Books of the Year in 2010 In this groundbreaking study D R M Irving reconnects the Philippines to current musicological discourse on the early modern Hispanic world For some two and a half centuries the Philippine Islands were firmly interlinked to Latin America and Spain through transoceanic relationships of politics religion trade and culture The city of Manila founded in 1571 represented a vital intercultural nexus and a significant conduit for the regional diffusion of Western music Within its ethnically diverse society imported and local musics played a crucial role in the establishment of ecclesiastical hierarchies in the Philippines and in propelling the work of Roman Catholic missionaries in neighboring territories Manila's religious institutions resounded with sumptuous vocal and instrumental performances while an annual calendar of festivities brought together many musical traditions of the indigenous and immigrant populations in complex forms of artistic interaction and opposition Multiple styles and genres coexisted according to strict regulations enforced by state and ecclesiastical authorities and Irving uses the metaphors of European counterpoint and enharmony to critique musical practices within the colonial milieu He argues that the introduction and institutionalization of counterpoint acted as a powerful agent of colonialism throughout the Philippine Archipelago and that contrapuntal structures were reflected in the social and cultural reorganization of Filipino communities under Spanish rule He also contends that the active appropriation of music and dance by the indigenous population constituted a significant contribution to the process of hispanization Sustained enharmonic engagement between Filipinos and Spaniards led to the synthesis of hybrid syncretic genres and the emergence of performance styles that could contest and subvert hegemony

Throwing new light on a virtually unknown area of music history this book contributes to current understanding of the globalization of music and repositions the Philippines at the frontiers of research into early modern intercultural exchange
