Lori For President:

Lori for President Elizabeth Van Steenwyk, 1988-12 Presidential Indiscretions Turner Joy, 2004-06-07 Presidential Indiscretions explores the life of the President and his closest advisors The chapters are glimpses into the world of politics deceit and promiscuity The book begs the question What happens when a political icon uses cruelty and promiscuity as a mechanism of control The President's past present and future relationships impact on all other main prominent characters throughout the book Experience the engaging satire and deception that is woven into each chapter This powerful mix of political and emotional intrigue is set against a backdrop of a Washington D C that few Americans ever see It will touch your heart with its realism warmth surprise sensuality and emotions of unparalleled love for power *Shifting Sands* Reuben Okorie, 2019-12-10 Welcome to the uncanny world of obduracy and obstinacy and their attendant skirmishes that resulted in the collapse of a republic Once you start reading this book you will not drop it until the last page is turned Mazonia was a vast continent of many tribes with diverse languages and cultures It had everything that could make it prosperous such as temperate climate and rich mineral resources However those resources were not tapped instead the people were content with sustenance agriculture and local markets Luminia on the contrary was a developed continent seeking to grow her industrial base When the Luminians got to know of a continent called Mazonia that remained uncharted with untapped mineral resources the floodgate for scramble for her lands was flung open For the Luminians the desire to grab as much Mazonian lands as possible became a do or die all comers affair in which Mazonian lands were unconscionably shared and the ethnic nationalities dispersed and dismembered As a result those unfortunate natives found themselves belonging to different Luminian countries carrying different colonial baggage and subjected to burdensome alien practices and regulations overnight Megaterra an intensely obdurate and perfidious nation was one of the Luminian nations that vied for Mazonian lands and she grabbed the largest and the most lucrative chunk inhabited by three discordant big tribes each of them big enough to be a country of its own Megaterra conquered colonized and amalgamated the disagreeable tribes into one country without due diligence and named it Dimakanga after the mighty river that snaked through it Compounded by the colonizer's divide and rule policy the forced unholy alliance did not go down well with the people and the patchwork quilt began to give way Three grueling wars of self determination were fought which forced the Republic of Dimakanga to metamorphose into three distinct sovereign nations Telekinetic Golf and the President's Demise Ronald J. Fischer, 2021-10-15 Stuart Bryson is a good but not great golfer who suddenly gets telekinesis and uses it to win professional golf tournaments eventually making a lot of money He loves to dance and meets a beautiful girl who also loves to dance They fall in love He likes to hike for exercise and one time he has to use his telekinetic power to defend himself injuring his attackers He eventually reports the incident to the police but they have reported it before he has and accuse him of attacking them Since he is unharmed and they are the sheriff tries to put him in jail He refuses and runs away He is now a wanted man

During the story it is found that the president of the United States is a fool and does many stupid things People hope he will lose in the upcoming election The president eventually loses the election but refuses to admit defeat He has a large following of White supremacists who try to take over the government making it into a dictatorship Stuart and his friends who have also acquired telekinesis in strange ways fight them off The book is action packed with incidents causing him to use his telekinetic powers to defend himself and attack the supremacists **A New Year In The Presidential Suite** Judith Keim,2025-07-31

Make Waves Patti B. Johnson, 2016-10-17 *Make Waves* encourages readers to step up and be the one to initiate change in their work and lives. Author Patti Johnson walks readers through the tools and techniques that they can use to create change in their own situations. Johnson elaborates on these tools even further to give readers a sense of how to encourage and instill these wave-making behaviors in others within their organization. Using several diverse case studies as illustrative examples, *Make Waves* highlights the important steps that individuals at any level can take toward positive change. By reinforcing readers' desires to contribute and make a difference, Johnson connects on an individual level and bridges the gap between that desire and the actions necessary to realize bigger changes. Change can be big or small. It is the act of stepping up that Johnson embraces as well as the ripple effect on those around. Interviews with famous Wave Makers as well as everyday people illustrate why it is important to be the one to start change. Wave Makers profiled include Clint Hurdle, Manager of the Pittsburgh Pirates, who believes in positive attitude and culture and changes the MLB clubhouse this year, leading the Pirates to their first winning season since 1992; Charley Johnson, who started Pay It Forward foundation; Joe Nussbaum, who started Big Event at Texas A&M, a largest one-day college community service day in the country and has been adopted by over seventy universities; Emma Scheffler, a high school soccer player who started Insulin Angels, a nonprofit for children diagnosed with diabetes after her own diagnosis; feared her dream of college soccer was over so engaged other students and local hospitals after thinking about how to make her diagnosis a positive; Allen Stephenson, who started Southern Tide at twenty-two years old when in med school and followed a passion to create a clothing line, built momentum by creating interest and participation on southern college campuses, they are now growing rapidly and it started with a great polo shirt.
