L'origine de l'Internationale communiste Jules Humbert-Droz, De Krieg und Internationale.", 1968 L' origine de l' internationale communiste Jules Humbert, 1968 L'origine de l'Internationale communiste Jules Humbert-Droz, 1968 Bibliography of the Communist International (1919-1979) Vilem Kahan, 2023-08-14 Until now the Communist movement has been studied more from the national perspective than the international This scholarly tradition seems to be at odds with the organisatorial interconnection even subjugation of the national communist parties sections to the Communist International or Comintern 1919 1943 but it is understandable from the point of view of the historian who has only national sources at his disposal newspapers brochures interviews Nowadays the tendency is for the international component of the Communist movement to participate in research The archives of the Comintern are gradually being released by the Soviet Union and an enormous number of official publications is emerging and being made available in libraries by reprints Here Vil m Kahan s bibliography is an indispensable tool in listing nearly all reference works and publications by and on the Comintern and in giving a list of aliases of speakers on Comintern meetings and an overview of all agendas of the meetings These lists are based on research in 14 specialised Western libraries and on the knowledge of a dozen European languages The second volume will deal with the front organisations a third and last volume with the national sections **Revolution and Civil War 1917-1921** Jonathan Smele, 2006-04-15 The Russian Revolution and Civil War in the years 1917 to 1921 is one of the most widely studied periods in history It is also somewhat inevitably one that has generated a huge flow of literature in the decades that have passed since the events themselves However until now historians of the revolution have had no dedicated bibliography of the period and little claim to bibliographical control over the literature The Russian Revolution and Civil War 1917 1921 offers for the first time a comprehensive bibliographical guide to this crucial and fascinating period of history The Bibliography focuses on the key years of 1917 to 1921 starting with the February Revolution of 1917 and concluding with the 10th Party Congress of March 1921 and covers all the key events of the intervening years As such it identifies these crucial years as something more than simply the creation of a communist state Alphonse **Merrheim** N. Papayanis, 2012-12-06 This is apolitical biography of Alphonse Merrheim asignificant leader of the Conf6d6 ration G6n6raledu Travail CGT intheyears between 1904 and 1923 and the most important member of the Federation of Metalworkers during the same period Hewas born in the Nord in 1871 and became aworker at an early age firstinmetallurgythanintextiles and finally once more in metalworking In his ideological evolution hepassed through asocialist political party and then converted to revolutionarys dicalism. In his peculiar fusion of theory and practice Merrheim represented a form of revolutionary syndicalism that helps define the characteristics of that movement He believed alongwithother revo tionary syndicalists that one day a workers general strike would ov throw capitalism But the syndicalist

consciousness through education Merrheim however p ticipatedsothoroughly intradeunionactivityandstudiedtheorganization of capitalistindustry so carefullythat he cametoemphasizetheprepa tions for such a generalstrike much more than thestrikeitself. The test of his attitude cameon theeve of during and immediately afterWorld War I for contrary to the demands of certain militant and revolutionary workers who believed that the threat of war and then the dislocation caused by the war demanded a revolutionary response Merrheim persistently stressed the dangers of such an action before the adequate preparation of the workers. His steadfast refusal eventores pond to the strike actions of some of his own metal workers in 1919 indicates the central contradiction between his revolutionary theory and reform is the properties. This book examines in detail Merrheim sevolution from a revolutionary to a reformer Insodoing it also sheds lighton an equally substantial topic namely how accertain type of worker responded to industrialization in the late nine teen than dearly twen tieth centuries. Merrheim is an interesting figure too because of his position in the labor movement for itrepresents a unique focal point for the study of labor his tory. Merrheim entered the Frenchlabor movement in the 1890s and remained active in it until 1923. During that period he was successively alocal union leader co secretary xii of a national labor federation and an important figure with in the CGT. Never the secretary general of the CGT he was nevertheless the confident of the secretary general from 1909. L6 on Jouhaux

War on War R. Craig Nation,1989-10-12 The outbreak of World War I precipitated a schism in the international socialist movement that endures today Heeding calls for rational defense the leading European socialist democratic parties abandoned their vision of peace and internationalism as an integral part of the struggle for social justice and set aside their view of interstate war as the clearest example of the irrational essence of competitive capitalism Only the Zimmerwald Left led by Lenin continued to speak out for internationalism R Craig Nation utilizes sources in Dutch French German Italian Russian and Swedish to provide the first comprehensive history of the Zimmerwald Left as an international political tendency

When the Soviet Union Entered World Politics Jon Jacobson, 2023-11-15 The dissolution of the Soviet Union has aroused much interest in the USSR s role in world politics during its 74 year history and in how the international relations of the twentieth century were shaped by the Soviet Union Jon Jacobson examines Soviet foreign relations during the period from the end of the Civil War to the beginning of the first Five Year Plan focusing on the problems confronting the Bolsheviks as they sought to promote national security and economic development He demonstrates the central importance of foreign relations to the political imagination of Soviet leaders both in their plans for industrialization and in the struggle for supremacy among Lenin s successors Jacobson adopts a post Cold War interpretative stance incorporating glasnost and perestroika era revelations He also considers Soviet relations with both Europe and Asia from a global perspective integrating the two modes of early Soviet foreign relations revolution and diplomacy into a coherent discussion Most significantly he synthesizes the wealth of information that became available to scholars since the 1960s The result is a stimulating work of international history that interfaces with the sophisticated existing body of scholarship on early Soviet

than the story of how a revolutionary was made it is the first serious investigation using the full range of Russian and Georgian archives to explain Stalin's evolution from a romantic and idealistic youth into a hardened political operative Suny takes seriously the first half of Stalin's life his intellectual development his views on issue of nationalities and nationalism and his role in the Social Democratic debates of the late nineteenth and early twentieth centuries This book narrates an almost tragic downfall we see Stalin transform from a poor provincial seminarian who wrote romantic nationalist poetry into a fearsome and brutal ruler Many biographers of Stalin turn to shallow psychological analysis in seeking to explain his embrace of revolution focusing on the beatings he suffered at the hands of his father or his hero worship of Lenins or sensationalizing Stalin's involvement in violent activity Suny seeks to show Stalin in the complex context of the oppressive tsarist police state in which he lived and debates and party politics that animated the revolutionary circles in which he moved Though working from fragmentary evidence from disparate sources Suny is able to place Stalin in his intellectual and political context and reveal not only a different analysis of the man's psychological and intellectual transformation but a revisionist history of the revolutionary movements themselves before 1917 **International Review of Social History*, 1969
