Los Zapaticos De Rosathe Pink Shoes:

From Bananas to Buttocks Myra Mendible, 2010-06-03 From the exuberant excesses of Carmen Miranda in the tutti frutti hat to the curvaceous posterior of Jennifer Lopez the Latina body has long been a signifier of Latina identity in U S popular culture But how does this stereotype of the exotic erotic Latina bombshell relate if at all to real Latina women who represent a wide spectrum of ethnicities national origins cultures and physical appearances How are ideas about Latinidad imagined challenged and inscribed on Latina bodies What racial class and other markers of identity do representations of the Latina body signal or reject In this broadly interdisciplinary book experts from the fields of Latina o studies media studies communication comparative literature women s studies and sociology come together to offer the first wide ranging look at the construction and representation of Latina identity in U S popular culture The authors consider such popular figures as actresses Lupe V lez Salma Hayek and Jennifer Lopez singers Shakira and Celia Cruz and even the Hispanic Barbie doll in her many guises They investigate the media discourses surrounding controversial Latinas such as Lorena Bobbitt and Marisleyxis Gonz lez And they discuss Latina representations in Lupe Solano s series of mystery books and in the popular TV shows *El Show de Cristina* and *Laura en Am rica* This extensive treatment of Latina representation in popular culture not only sheds new light on how meaning is produced through images of the Latina body but also on how these representations of Latinas are received revised and challenged

José Martí's Liberative Political Theology Miguel A. De La Torre, 2021-05-15 Jos Mart s Liberative Political Theology argues that Mart s religious views which at first glance might appear outdated and irrelevant are actually critical to understanding his social vision During a time in which the predominant philosophical view was materialistic e g Darwin Marx Mart sought to reconcile social and political trends with the metaphysical believing that ignoring the spiritual would create a soulless approach toward achieving a liberative society As such Mart used religious concepts and ideas as tools that could bring forth a more just social order In short this book argues Mart could be considered a precursor to what would come to be called liberation theology Miguel De La Torre has authored the most comprehensive text written thus far concerning Mart s religious views and how they affected his political thought The few similar texts that exist are written in Spanish and most of them romanticize Mart s spirituality in an attempt to portray him as a Christian believer Only a handful provide an academic investigation of Mart s theological thought based solely on his writings and those concentrate on just one aspect of Mart s religious influences Jos Mart s Liberative Political Theology allows for mutual

influence between Martí's political and religious views rather than assuming one had precedence over the other **Ruben Dario Centennial Studies** Miguel Gonzalez-Gerth, George D. Schade, 2014-07-03 Rubén Darío 1867-1916 the undisputed standard bearer of the Modernist movement in Hispanic letters was born in Nicaragua. In 1886 he went to Chile where he published *Azul* 1888 his first important book of poems and stories. Later he lived for extended periods in Argentina, Spain, and France and in these countries produced his best work: compelling poems of beauty, style, and dignity especially *Cantos de vida y esperanza* 1905. The perfection of form, exotic essences, and rich ornamentation of his earlier work give way in his most mature poems to self-probing and doubts, the anguish so characteristic of twentieth-century literature. But the hedonistic note, the quenchless appetite for life, dominating *Azul* and *Prosas profanas* 1896 never die out and are magnificently present in *El poema del otoño* 1910. Darío has had a tremendous impact on Hispanic literature. He is one of the best examples of the poet who is true to his art as determined by his innermost impulses. His poetry has fertilized a whole generation of writers in Spanish America and in Spain and even now his influence continues to be felt. Voices Out of Africa in Twentieth-century Spanish Caribbean Literature Julia Cuervo Hewitt, 2009. Hewitt explores the representation of Africa and Afro-Caribbeanness in Spanish Caribbean literature of the 20th century. Her main argument is that the literary representation of Africa and Africanness, meaning practices, belief systems, music, art, myths, popular knowledge in Spanish-speaking Caribbean societies, constructs a self-referential discourse in which Africa and African things shift to a Caribbean landscape as the site of the *Other*. Or, in other words, these representations imaginatively rescue and simultaneously construct a Caribbean cultural imaginary conceived as the *Other* within that associates Africa with a cultural womb. Among the texts she explores are Fernando Ortiz's interpretations of the Black Carnival in Cuba, the early Afro-Cuban poems of Alejo Carpentier, the Afro-Cuban stories of Lydia Cabrera, a number of literary representations of the figure of the runaway slave, and two works by Puerto Rican novelist Edgardo Rodríguez Juliá. *Try to Remember* Iris Gomez, 2010-04-16. An award-winning poet and expert in US immigration and asylum law delivers a powerful novel about a daughter's attempt to sustain her family as her father struggles with his mental health. Lyrical, poignant, and smart as compassionate and hopeful as it is heartbreaking, a novel you will never forget. Jenna Blum, New York Times bestselling author of *Those Who Save Us*. If she tries, Gabriela can almost remember when her father went off to work when her mother wasn't struggling to undo the damage he caused when a short temper didn't lead to physical violence. But Gabi cannot live in the past; not when one more outburst could jeopardize her family's future. So she trades the life of a normal Miami teenager for a career of carefully managing her father's delusions and guarding her mother's secrets. As Gabi navigates her family's twisting path of lies and revelations, relationships, and loss, she finds moments of happiness in unexpected places. Ultimately, Gabi must discover the strength she needs to choose what's right for her: serving her parents or a future of her own. **Latin America and the Transports of Opera** Roberto Ignacio Díaz, 2024-01-15. Latin America and the Transports of Opera studies a series of

episodes in the historical and textual convergence of a hallowed art form and a part of the world often regarded as peripheral. Perhaps unexpectedly, the archives of opera generate new arguments about several issues at the heart of the established discussion about Latin America: the allure of European cultural models, the ambivalence of exoticism, the claims of nationalism and cosmopolitanism, and ultimately the place of the region in the global circulation of the arts. Opera's transports concern literal and imagined journeys as well as the emotions that its stories and sounds trigger as they travel back and forth between Europe, the United States too, and Latin America. Focusing mostly on librettos and other literary forms, this book analyzes Calderón de la Barca's baroque play on the myth of Venus and Adonis set to music by a Spanish composer at Lima's viceregal court; Alejo Carpentier's neobaroque novella on Vivaldi's opera about Moctezuma; the entanglements of opera with class, gender, and ethnicity throughout Cuban history; music dramas about enslaved persons by Carlos Gomes and Hans Werner Henze staged in Rio de Janeiro and Copenhagen; the uses of Latin American poetry and magical realism in works by John Adams and Daniel Catán; and a novel by Manuel Mujica Lainez set in Buenos Aires's Teatro Colón plus a chamber opera about Victoria Ocampo with a libretto by Beatriz Sarlo. Close readings of these texts underscore the import and meanings of opera in Latin American cultural history.

[Ethics and Children's Literature](#) Claudia Mills, 2016-05-13 Exploring the ethical questions posed by in and about children's literature, this collection examines the way texts intended for children raise questions of value, depict the moral development of their characters, and call into attention shared moral presuppositions. The essays in Part I look at various past attempts at conveying moral messages to children and interrogate their underlying assumptions. What visions of childhood were conveyed by explicit attempts to cultivate specific virtues in children? What unstated cultural assumptions were expressed by growing resistance to didacticism? How should we prepare children to respond to racism in their books and in their society? Part II takes up the ethical orientations of various classic and contemporary texts, including prosaic ethics in *The Hundred Acre Wood*, moral discernment in *Narnia*, ethical recognition in the distant worlds traversed by L. Engle, and virtuous transgression in recent Anglo-American children's literature and in the emerging children's literature of 1960s Taiwan. Part III's essays engage in ethical criticism of arguably problematic messages about our relationship to nonhuman animals, about war, and about prejudice. The final section considers how we respond to children's literature with ethically focused essays exploring a range of ways in which child readers and adult authorities react to children's literature. Even as children's literature has evolved in opposition to its origins in didactic Sunday school tracts and moralizing fables, authors, parents, librarians, and scholars remain sensitive to the values conveyed to children through the texts they choose to share with them.

Bookbird, 1995 **The Power of Two Languages** Josefina Villamil Tinajero, Alma Flor Ada, 1993 [Reclaiming Paris](#) Fabiola Santiago, 2008-09-16 Men are like perfumes. In an instant, with nothing but a whiff of judgment, I either love them or discard them. Marisol is an exuberant poet and historical archivist living in contemporary Miami. Like her adopted city, she's a sensual, free spirit. Born in Cuba and transplanted at an early age to

Florida she nurses a nostalgia for the legendary island birthplace she barely remembers She also harbors a passion for scents donning a new perfume each time she takes on a new relationship After the death of her beloved grandmother and a series of sensuous but disappointing romances Marisol realizes that she must break free from the shackles of her history abandon lost causes and embrace the only real home she s ever had her own wandering heart Freed at last from yearning for old Havana the Paris of the Caribbean this romantic exile must embrace a new life Although she cannot reclaim Havana she can experience the real thing Paris so Marisol sets out with an open ticket to chart the course of her future Bridging the divide between the effervescent Miami of today and the mystical Cuba of yesteryear Reclaiming Paris is a paean to place and memory rich with humor passion and unforgettable characters **El-Hi Textbooks & Serials in Print, 2000** ,2000

Resistance and Survival Ann González,2022-08-23 In her analysis of some of the most interesting and important children s literature from Central America and the Caribbean Ann Gonz lez uses postcolonial narrative theory to expose and decode what marginalized peoples say when they tell stories to their children and how the interpretations children give these stories today differ from the ways they have read them in the past Gonz lez reads against the grain deconstructing and critiquing dominant discourses to reveal consistent narrative patterns throughout the region that have helped children maneuver in a world dominated by powerful figures from parents to agents of social control political repression and global takeover Many of these stories are in some way lessons in resistance and survival in a world where the toughest kid on the block often an outsider demands that a group of children play or pay on his terms Gonz lez demonstrates that where traditional strategies have proposed the model of the trickster or the paradoxically astute fool to mock the pretensions of the would be oppressor new trends indicate that the region s children and those who write for them show increasing interest in playing the game on their own terms getting to know the Other embracing difference and redefining their identity and role within the new global culture Resistance and Survival emphasizes the hope underlying this contemporary children s literature for a world in which all voices can be heard and valued the hope of an authentic happy ending **Los zapaticos**
