**Representations of China in Latin American Literature (1987-2016)** Maria Montt Strabucchi, 2023-11-15 An Open Access edition of this book is available on the Liverpool University Press website and the OAPEN library as part of the Opening the Future project with COPIM Representations of China in Latin American Literature 1987 2016 analyses contemporary Latin American novels in which China is the main theme Using China as a multidimensional term it explores how the novels both highlight and undermine assumptions about China that have shaped Latin America's understanding of China and shows China to be a kind of literary imaginary third term which reframes Latin American discourses of alterity On one level it argues that these texts play with the way that China stands in as a wandering signifier and as a metonym for Asia a gesture that essentialises it as an unchanging other On another level it argues that the novels' employment of China resists essentialist constructions of identity China is thus shown to be serving as a concept which allows for criticism of the construction of fetishized otherness and of the exclusion inherent in essentialist discourses of identity The book presents and analyses the depiction of an imaginary of China which is arguably performative but which discloses the tropes and themes which may be both established and subverted in the novels Chapter One examines the way in which China is represented and constructed in Latin American novels where this country is a setting for their stories The novels studied in Chapter Two are linked to the presence of Chinese communities in Latin America The final chapter examines novels whose main theme is travel to contemporary China Ultimately in the novels studied in this book China serves as a concept through which essentialist notions of identity are critiqued [The Demigod's Legacy](#) Holley Trent, 2017-01-23 From USA TODAY bestselling author Holley Trent comes a new spark laden shifter series Six hundred years after losing his wife and son to his cousin's deadly scheme the demigod cougar shifter known as Tito Perez still refuses to take a mate He couldn't protect his family in pre colonial Tenochtitlan where Aztec gods freely roamed and he won't risk endangering another in modern New Mexico Too bad he doesn't know he already has one from a tender affair with a sweet bar waitress he abandoned After waiting five years for Tito to return to his senses December Farmer tracks her daughter's absentee father to the small town of Maria New Mexico to make him step up but he's not the only one in for a shock The town is overrun with supernatural beings and apparently her daughter Cruz is one of them December isn't sure she can stomach being the mate of an immortal shapeshifter but the stakes are higher for Tito His cousin intends yet again to take away the only things Tito holds dear and this time Tito may have no choice but to cast his precious humanity aside and become the unflinching warrior he's never wanted to be Sensuality Level Sensual *Masters of Maria* Holley Trent, 2022-09-12 Demigods gods and goddesses angels shapeshifters witches fae and more powerful beings collide in small town New Mexico in this full series collection of paranormal and fantasy romances by Holley Trent Maria's magic users and immortals get more than they bargain for as they guard the town's paranormal secrets battle their personal demons and finally accept the mates Fate has long had in store for

**Disoriented Disciplines** Rosario Hubert, 2023-12-15 An urgent call to think on the edges surfaces and turns of the literary artifact when it crosses cultural boundaries In the absence of specialized programs of study abstract discussions of China in Latin America took shape in contingent critical infrastructures built at the crossroads of the literary market cultural diplomacy and commerce As Rosario Hubert reveals modernism flourishes comparatively in contexts where cultural criticism is a creative and cosmopolitan practice Disoriented Disciplines China Latin America and the Shape of World Literature understands translation as a material act of transfer decentering the authority of the text and connecting seemingly untranslatable cultural traditions In this book chinoiserie

coolie testimonies Maoist prints visual poetry and Cold War memoirs compose a massive archive of primary sources that cannot be read or deciphered with the conventional tools of literary criticism As Hubert demonstrates even canonical Latin American authors including Jorge Luis Borges Octavio Paz and Haroldo de Campos write about China from the edges of philology mediating the concrete as well as the sensorial Advocating for indiscipline as a core method of comparative literary studies Disoriented Disciplines challenges us to interrogate the traditional contours of the archives and approaches that define the geopolitics of knowledge
