*Speculative Time* Paul Crosthwaite,2024 Speculative Time examines how a climate of financial and

economic speculation and disaster shaped the literary culture of the United States in the early to mid twentieth century It argues that speculation s risk laden and crisis prone temporalities had major impacts on writing in the period and on important aspects of visual representation **Horror as Racism in H. P. Lovecraft** John L. Steadman,2024-01-11

Providing a new perspective on Lovecraft s life and work *Horror as Racism in H P Lovecraft* focuses on the overlap between the writer s personal beliefs and the racist images and narratives in his speculative fiction Building on recent debates about Lovecraft and drawing on the concept of white fragility John Steadman argues that the writer s fiction reflects his feelings of resentment and anger towards non white persons and was used to advocate for his racist xenophobic political beliefs that western civilization was in decline and slavery was justifiable among superior civilizations In making these claims Lovecraft s tales pit humans against extra terrestrial aliens developing a terrifying futuristic vision of the Earth as a plantation planet The familiar image of Lovecraft as a reclusive creative genius and mentor to young writer friends is dismantled through close readings of his fiction and nonfiction including correspondence essays and poetry and examination of his early biography This image is replaced by that of a cruel callous and at times psychotic man a violently vitriolic racist and white supremacist who hated most of the non white races While some will dismiss the author outright and others will read his fiction but ignore the racism *Horror as Racism in H P Lovecraft* takes a middle ground acknowledging Lovecraft s personal history and heinous intentions it helps readers navigate the author s disturbing biography while also getting a better sense of the stories which remain significant within American science fiction *Signs of the Signs* William Brevda,2011-05-16 This book is a study of signs in American literature and culture It is mainly about electric signs but also deals with non electric signs and related phenomena such as movie sets The sign is considered in both the architectural and semiotic senses of the word It is argued that the drama and spectacle of the electric sign called attention to the semiotic implications of the sign In fiction poetry and commentary the electric sign became a sign of manifold meanings that this book explores a sign of the city a sign of America a sign of the twentieth century a sign of modernism a sign of postmodernism a sign of noir a sign of naturalism a sign of the beats a sign of signs systems the Bible to Broadway a sign of tropes the Great White way to the neon jungle a sign of the writers themselves a sign of the sign itself If *Moby Dick* is the great American novel then it is also the great American novel about signs as the prologue maintains The chapters that follow demonstrate that the sign is indeed a sign of American literature After the electric sign was invented it influenced Stephen Crane to become a nightlight impressionist and Theodore Dreiser to make the fire sign his metaphor for the city An actual Broadway sign might have inspired F Scott Fitzgerald s *The Great Gatsby* In *Manhattan Transfer* and *U S A* John Dos Passos portrayed America as just a spectacular sign William Faulkner s electric signs are full of sound and fury signifying modernity *The Last Tycoon* was a sign of Fitzgerald s decline The signs of noir can be traced to Poe s *The Man of the Crowd* *Absence* flickers in the neons of Raymond Chandler s Los Angeles The death of God haunts the neon wilderness of Nelson Algren Hitler s empire was an non intentional parody of

Nathanael West's California The beats reinvented Times Square in their own image Jack Kerouac's search for the center of Saturday night was a quest for transcendence
