Latin American Theology Bingemer, Maria Clara , 2016-06-08 **Colonial Kinship** Shawn Michael Austin, 2020-12-15 In *Colonial Kinship* Guaran Spaniards and Africans in Paraguay historian Shawn Michael Austin traces the history of conquest and colonization in Paraguay during the sixteenth and seventeenth centuries Emphasizing the social and cultural agency of Guaran one of the primary indigenous peoples of Paraguay not only in Jesuit missions but also in colonial settlements and Indian pueblos scattered in and around the Spanish city of Asunci n Austin argues that interethnic relations and cultural change in Paraguay can only be properly understood through the Guaran logic of kinship In the colonial backwater of

Paraguay conquistadors were forced to marry into Guaran families in order to acquire indigenous tributaries thereby becoming brothers in law to Guaran chieftains This pattern of interethnic exchange infused colonial relations and institutions with Guaran social meanings and expectations of reciprocity that forever changed Spaniards African slaves and their descendants Austin demonstrates that Guaran of diverse social and political positions actively shaped colonial society along indigenous lines

History of the Catholic Church James Hitchcock,2012-11-26 The Catholic Church is the longest enduring institution in the world Beginning with the first Christians and continuing in our present day the Church has been planted in every nation on earth The Catholic Church claims Jesus Christ himself as her founder and in spite of heresy from within and hostility from without she remains in the twenty first century the steadfast guardian of belief in his life death and resurrection The teachings and redemptive works of Jesus as told in the Gospels are expressed by the Church in a coherent and consistent body of doctrine the likes of which cannot be found in any other Christian body The history of the Catholic Church is long complicated and fascinating and in this book it is expertly and ably told by historian James Hitchcock As in the parable of Christ about the weeds that were sown in a field of wheat evil and good have grown together in the Church from the start as Hitchcock honestly records He brings before us the many characters some noble some notorious who have left an indelible mark on the Church while never losing sight of the saints who have given living testimony to the salvific power of Christ in every age This ambitious work is comprehensive in its scope and incisive in its understanding a valuable addition to any school or home library

The Great Encounter Jayme A. Sokolow,2016-07-08 Traditional histories of North and South America often leave the impression that Native American peoples had little impact on the colonies and empires established by Europeans after 1492 This groundbreaking study which spans more than 300 years demonstrates the agency of indigenous peoples in forging their own history and that of the Western Hemisphere By putting the story of the indigenous peoples and their encounters with Europeans at the center a new history of the New World emerges in which the Native Americans become vibrant and vitally important components of the British French Spanish and Portuguese empires In fact their presence was the single most important factor in the development of the colonial world By discussing the great encounter of peoples and cultures this book provides a valuable new perspective on the history of the Americas

The Guaraní under Spanish Rule in the Río de la Plata Barbara Anne Ganson,2003 This ethnographic study is a revisionist view of the most significant and widely known mission system in Latin America that of the Jesuit missions to the Guaran Indians who inhabited the border regions of Paraguay Argentina and Brazil

It traces in detail the process of Indian adaptation to Spanish colonialism from the sixteenth through the early nineteenth centuries. The book demonstrates conclusively that the Guaran were as instrumental in determining their destinies as were the Catholic Church and Spanish bureaucrats. They were neither passive victims of Spanish colonialism nor innocent children of the jungle but important actors who shaped fundamentally the history of the Rio de la Plata region. The Guaran responded to European contact according to the dynamics of their own culture, their individual interests and experiences and the changing political, economic and social realities of the late Bourbon period.

The Americas in the Spanish World Order James Muldoon, 2015-09-01. Juan de Solorzano Pereira (1575-1654) was a lawyer who spent eighteen years as a judge in Peru before returning to Spain to serve on the Councils of Castile and of the Indies. Considered one of the finest lawyers in Spain, his work *De Indiarum Jure* was the most sophisticated defense of the Spanish conquest of the Americas ever written and he was widely cited in Europe and the Americas until the early nineteenth century. His work and that of the Spanish School of international law theorists generally is often seen as leading to Hugo Grotius and modern international law. However, as James Muldoon shows, the *De Indiarum Jure* represents the fullest development of a medieval Catholic theory of international order that provided an alternative to the Grotian theory.

Lords of the Land Nicholas P. Cushner, Professor of History. Nicholas P. Cushner, 1980-01-01. *Lords of the Land* presents the only study in English of the large landed estates in colonial Peru. It focuses on the function of the estates and their linkages with the rest of Spanish America. Based almost exclusively on documents from archives in Rome, Madrid and Lima, most hitherto unused, the book guides the reader through the agricultural cycles of Peru's great ecclesiastical estates and explains how they first developed, functioned and distributed their products. Colonial labor, forms of finance and early trade networks are carefully detailed. Painstakingly researched and gracefully articulated, this book fills a major gap in the economic and agricultural history of colonial Latin America.

The Millennial New World Frank Graziano, 1999. This is a study of millennialism, the idea that something climactic will happen in the year 2000 in Latin America from the pre-Columbian period up to the present.
