Lost And Found Traditions Native American Art 19651985:

Lost and Found Traditions, 1988-10-01 **The Death of Authentic Primitive Art** Shelly Errington, 2023-09-01 In this lucid witty and forceful book Shelly Errington argues that Primitive Art was invented as a new type of art object at the beginning of the twentieth century but that now at the century's end it has died a double but contradictory death. Authenticity and primitivism both attacked by cultural critics have died as concepts. At the same time the penetration of nation states, the tourist industry and transnational corporations into regions that formerly produced these artifacts has severely reduced supplies of primitive art, bringing about a second death. Errington argues that the construction of the primitive in the nineteenth and twentieth centuries and the kinds of objects chosen to exemplify it must be understood as a product of discourses of progress from the nineteenth century European narrative of technological progress to the twentieth century narrative of modernism to the late twentieth century narrative of the triumph of the free market. In Part One she charts a provocative argument ranging through the worlds of museums, art theorists, mail order catalogs, boutiques, tourism and world events, tracing a loosely historical account of the transformations of meanings of primitive art in this century. In Part Two she explores an eclectic collection of public sites in Mexico and Indonesia: a national museum of anthropology, a cultural theme park, an airport and a ninth century Buddhist monument newly refurbished to show how the idea of the primitive can be used in the interests of promoting nationalism and economic development. Errington's dissection of discourses about progress and primitivism in the contemporary world is both a lively introduction to anthropological studies of art institutions and a dramatic new contribution to the growing field of cultural studies. **The Early Years of Native American Art History** Janet Catherine Berlo, 1992 This collection of essays deals with the development of Native American art history as a discipline rather than with particular art works or artists. It focuses on the early anthropologists, museum curators, dealers and collectors and on the multiple levels of understanding and misunderstanding a **Native American Women** Gretchen M. Bataille, Laurie Lisa, 2003-12-16 This A-Z reference contains 275 biographical entries on Native American women past and present from many different walks of life. Written by more than 70 contributors, most of whom are leading American Indian historians, the entries examine the complex and diverse roles of Native American women in contemporary and traditional cultures. This new edition contains 32 new entries and updated end-of-article bibliographies. Appendices list entries by area of woman's specialization, state of birth and tribe; also includes photos and a comprehensive index. **Lost and Found Traditions** Ralph Coe, 1986-05-01 **Continuum Encyclopedia of Native Art** Hope B. Werness, 2003-01-01 This lavishly produced volume is the first reference work to focus on the symbols, meaning and significance of art in native or indigenous cultures. **American Folk Art** Kristin G. Congdon, Kara Kelley Hallmark, 2012-03-19 Folk art is as varied as it is indicative of person and place, informed by innovation and grounded in cultural context. The variety and versatility of 300 American folk artists is captured in this collection of informative and

thoroughly engaging essays American Folk Art A Regional Reference offers a collection of fascinating essays on the life and work of 300 individual artists Some of the men and women profiled in these two volumes are well known while others are important practitioners who have yet to receive the notice they merit Because many of the artists in both categories have a clear identity with their land and culture the work is organized by geographical region and includes an essay on each region to help make connections visible There is also an introductory essay on U S folk art as a whole Those writing about folk art to date tend to view each artist as either traditional or innovative One of the major contributions of this work is that it demonstrates that folk artists more often exhibit both traits they are grounded in their cultural context and creative in the way they make work their own Such insights expand the study of folk art even as they readjust readers understanding of who folk artists are

Art for a New Understanding Mindy N. Besaw, Candice Hopkins, Manuela Well-Off-Man, 2018-10-01 Art for a New Understanding an exhibition from Crystal Bridges Museum of American Art that opened in October 2018 seeks to radically expand and reposition the narrative of American art since 1950 by charting a history of the development of contemporary Indigenous art from the United States and Canada beginning when artists moved from more regionally based conversations and practices to national and international contemporary art contexts This fully illustrated volume includes essays by art historians and historians and reflections by the artists included in the collection Also included are key contemporary writings from the 1950s onward by artists scholars and critics investigating the themes of transculturalism and pan Indian identity traditional practices conducted in radically new ways displacement forced migration shadow histories the role of personal mythologies as a means to reimagine the future and much more As both a survey of the development of Indigenous art from the 1950s to the present and a consideration of Native artists within contemporary art more broadly Art for a New Understanding expands the definition of American art and sets the tone for future considerations of the subject It is an essential publication for any institution or individual with an interest in contemporary Native American art and an invaluable resource in ongoing scholarly considerations of the American contemporary art landscape at large

Crafting Gender Eli Bartra, 2003-10-01 Analyzes Latin American and Caribbean folk art from a feminist perspective considering the issue of gender in the production and circulation of popular art produced by women
