Ola-Buraimo,2011-04-12 The analytical views in this book are not in any way serendipity rather they were well thought out and structured as simply received Thus arises the need to initiatively look back at the epoch of our existence on Earth as preceded by the following survival of the fittest search for food where to live sacrifices and rituals to appeal to God brutalism against one another religious sect formation and deforestation due to uncontrollable population increase Improvisation of wooden houses trees of concrete iron and steel have been initiated but in a way they have continually caused global warming to increase very much at a gradual pace as civilization advances through Machine Age mechanized farming industrialization and technological advancements space exploration and globalization of industries and corporate organizations The heat increases at an unusual unprecedented level due to greenhouse gas emission and thus the assumed greenhouse releases a light weight carbon dioxide CO<sub>2</sub> gas into the atmosphere which is speculated to have formed impenetrable blanket The presence of CO<sub>2</sub> is an indicator pointing to a fact that this gas in question had been released in the past and is presently being discharged uncontrollably More so there seems to be no end in sight as the CO<sub>2</sub> continues to be sporadically expunged into the atmosphere The process described above has continued to be expanding through all frontiers with no end in sight where new neighborhoods are being built Suburbs margining together as new Castles are evolving block by block and concrete plazas are enveloping the Earth so are the vegetative forest of trees are disappearing causing global warming to increase exponentially The increase becomes very much intense at an alarming rate in that it has now been considered to be adversely effective when found to be dangerously impacting the essence and every facet of life Analytical research is hereby required to be conducted by the world s best researchers and scientists in their respective professional fields Necessary wisdom of advice has to be forwarded by religious leaders of all known notable reliable religious groups or denominations Leaders and heads of governments of all Nations that control every facet of life in every part of the globe must guide and monitor purposely to do proper checks and balances with intuition ideology predictions and prophecies contained in this book The Land the Orchard of Human Species This is to determine the level of damages caused by humanity thereby putting the Earth s conditions into a scale of ratio prior to civilization and as civilization progresses i e the condition of the Earth from time immemorial as the scientists and archaeologists can determine through lists of records and documentaries Precisely from premedieval periods to present days and age while projecting into the future of the planet Earth in order for us to be just and find peace among ourselves and on Earth If humanity cannot find

peace on Earth then we cannot find peace elsewhere because human s trait is like a shadow that trails behind you when you take a walk in the light Source of all lives and the means of energy and growth      **English for Lovers of English** S.K.

Rana,2016-07-30 In this book I have brought together about 1 400 utterances that are faulty None of these faulty utterances have been produced by me to illustrate incorrect use of English All the faulty utterances found in this book have been taken from printed material mostly from the newspapers I read In order to focus attention on the error I have shortened some of the faulty utterances To me it is very important that the faulty utterances in this book have not been produced by me Jacques Barzun the celebrated American scholar and recipient of the Gold Medal for Criticism from the American Academy of Arts and Letters has something very pertinent to say on genuine faults as opposed to faults that have been produced as sample utterances This is what Barzun says In student writing when the assignments are frequent and well designed all kinds of error and clumsiness occur that are never found in the sample sentences of manuals and grammar books These faults have the advantage of being genuine they represent somebodys way of thought and finding them faulty is a therapeutic attack on the mind that produced them Barzun is talking about writing done by university students in America but what he says about it is applicable to a great deal of Indian writing too      **Build Thou the Walls of Jerusalem & True Light** Julia

Penubothula,2020-05-29 Build Thou the Walls of Jerusalem and True Light are two of the many sermons delivered by Pastor Paul Sudhakar Today there are many believers who are not leading a fruitful Christian life either because they are guilty of some sin they ve committed or they re faced with so many questions that they are lost in finding a biblical answer Pastor Paul Sudhakar through his sermon series on Build Thou the Walls of Jerusalem and True Light explains many of these questions Build Thou the Walls of Jerusalem is an in depth study on what happens when a believer sins Through the prayer that King David makes in Psalms 51 Pastor Paul Sudhakar has explained the following points 1 What led David to sin And how should a believer watch out at present times 2 Can God not bless and restore us in the same way that he did with King David The second sermon True Light is emphasized on the verse let there be light It talks about how without the true light darkness emptiness and ugliness is spread all over It explains the impact of true light shining on three individuals Zacchaeus Job and John the Baptist It correlates how a God of multitude is also a God of an individual Though he ministered to the larger crowds he still took time to seek out individuals and minister to their needs      **Jihadism** Nirode Mohanty,2018-09-15

Jihad struggle is a holy war to defend Islam against non believers and non Muslims Jihadists are holy warriors The intellectual father of jihadist Islamism Sayyid Qutb who was executed in Cairo in 1966 made the message crystal clear Jihadism jihadist terrorism is a permanent Islamic world revolution aimed at decentering the West to establish Hakimiyyat Allah or God s rule on a global scale This book narrates the evolution of jihadism jihadist terrorism in the past centuries and its impact on the world as an existential threat to the humanity in view of worldwide terrorist attacks with its aggression barbarity burning alive of human beings kidnapping and savagery while imperiling the democracy secularism plurality freedom and security of the

civilized world In the last seventy years radical Islamists have won in many places and many times because of the two world wars and the Cold War But the recent years have shown new levels of gruesome and ghastly activity Most Muslims of the world numbering 1.6 billion people total condemn these atrocious deaths and are peaceful They feel their religion is hijacked by a few radicals After September 11 2001 the former president George Bush declared the face of terror is not the true faith of Islam That is not what Islam is all about Islam is peace These terrorists don't represent peace They represent evil and war The leading Muslim country Egypt is fighting terrorism unrelentingly with full force However the rise of Islamic terrorism in the UK Belgium France Somalia the Philippines Afghanistan and other places in Asia the Middle East and Africa is a great threat to the mankind The radical Islamists consider the American invasion of Afghanistan in 2001 and Iraq in 2003 to be a war against Islam These events helped to create a resurgence of radical Islam from Indonesia to Iran to secular Turkey Jihad in the Muslims holy book the Koran refers to inner strife but for centuries radicals have misconstrued it to mean a violent brutal war against nonbelievers The Taliban Al Qaeda ISIS terrorists claim they are true Islamic jihadists *Commentary on Romans* Ernst Kasemann, 1994 Emphasizing theological rather than historical questions Kasemann divides Romans into sections according to what he sees as the key theological concept of the letter the righteousness of God Detailed bibliographies are provided for each section of the text
