Lost Journey:

The Longest Journey Peter Browne, 2006 Over the past five years more than 25 000 Africans have arrived in Australia under the federal government's humanitarian resettlement program Some have spent a decade or more in refugee camps in remote regions of East Africa years of inadequate food enforced inactivity and the threat of violence Hundreds of thousands are still stranded in the camps Australia is one of only a dozen western countries that resettle refugees but how fair is the resettlement process Does it always help the neediest of all refugees *The Longest Journey* E. M. Forster, 2022-10-28 E M Forster once described *The Longest Journey* as the book I am most glad to have written An introspective novel of manners at once comic and tragic it tells of a sensitive and intelligent young man with an intense imagination and a certain amount of literary talent He sets out full of hope to become a writer but gives up his aspirations for those of the conventional world gradually sinking into a life of petty conformity and bitter disappointments *The Longest Journey* Adam Cox, 2016-11-29 Four voyagers go on a daring mission to go faster than the speed of light but when they reach home somethings not right They traveled back in time How will they survive in the late cretaceous period with monsters on the loose **Through Space to Mars; Or, the Longest Journey on Record** Roy Rockwood, 2023-11-16 Roy Rockwood's *Through Space to Mars Or the Longest Journey on Record* is a science fiction novel that takes readers on a thrilling adventure across the cosmos Written in a vivid and imaginative style the book explores themes of space travel alien encounters and the limits of human exploration Set against the backdrop of the early 20th century this novel provides a fascinating glimpse into the speculative fiction of the time offering a unique blend of scientific accuracy and fantastical storytelling Roy Rockwood a pseudonym used by various authors was known for his contributions to the popular Stratemeyer Syndicate series of juvenile adventure novels His background in science and technology likely influenced his writing of *Through Space to Mars* as he expertly weaves together scientific theory with exciting narrative twists Rockwood's ability to engage young readers with his adventurous tales has cemented his legacy as a beloved author of early science fiction I highly recommend *Through Space to Mars Or the Longest Journey on Record* to readers interested in classic science fiction and the origins of the genre With its captivating storyline and imaginative world building this novel is sure to captivate both young and adult audiences alike **The Lost Girls** Andrew Radford, 2007 *The Lost Girls* analyses a number of British writers between 1850 and 1930 for whom the myth of Demeter's loss and eventual recovery of her cherished daughter Kore Persephone swept off in violent and catastrophic captivity by Dis God of the Dead had both huge personal and aesthetic significance This book in addition to scrutinising canonical and less well known texts by male authors such as Thomas Hardy E M Forster and D H Lawrence also focuses on unjustly neglected women writers Mary Webb and Mary Butts who utilised occult tropes to relocate themselves culturally and especially in Butts's case to recover and restore a forgotten legacy the myth of matriarchal origins These novelists are placed in relation not only to one another but also to Victorian archaeologists and especially to Jane Ellen Harrison 1850

1928 one of the first women to distinguish herself in the history of British Classical scholarship and whose anthropological approach to the study of early Greek art and religion both influenced and became transformed by the literature Rather than offering a teleological argument that moves lock step through the decades *The Lost Girls* proposes chapters that detail specific engagements with Demeter Persephone through which to register distinct literary cultural shifts in uses of the myth and new insights into the work of particular writers

House of the Lost Sarah Rayne, 2010-04-01 When novelist Theo Kendal inherits the remote Norfolk house in which his cousin Charmery was murdered he believes it will bring him closer to the truth about her death It will also be the ideal place to finish his new book But the bleak Fenn House is a lonely and sometimes uncomfortable place to spend the winter And the strangest thing is that Theo's new novel seems to be writing itself and heading in an unplanned direction Theo finds himself describing a young boy called Matthew who lives in constant fear of a visit from the cold eyed men And then Theo discovers that Matthew and his family really existed part of a dark and violent segment of recent history that threatens to reach across the years to tear his life apart And somehow it all connects to the death of his cousin Charmery Rayne handles a complicated story with many skeins very cleverly A top psychological thriller Good Reading magazine

The Lost Boys of Mr Dickens Steve Harris, 2019-08-01 As

engrossing as a novel this story of the death of childhood in the cradle of the world's mightiest empire and the atmospheric tale of crime and punishment leading to a sensational murder trial is from another time but implicitly raises questions which remain with us today Steve Harris book humanises a most bizarre social experiment and brings out its grotesqueness in dramatic form The tale is so comprehensively and authentically written that it is a service to Australian and British readers

M. Forster's Material Humanism Nour Dakkak,2023-12-22 Through attending to the nonhuman E M Forster's Material Humanism Queer Matters places Forster's fiction in conversation with contemporary debates concerned

with the intersection of neomaterialism environmental humanities and queer ecology The book revisits Forster's liberal humanism from a materialist perspective by focusing on humans embodied activities in artificial and natural environments By examining the everyday embodied experiences of characters the book thus brings to the fore insignificant and sometimes overlooked aspects in Forster's fiction It also places importance on the texts' treatment of queer intimacy as an embodied experience that can transcend sexual desire The book acknowledges nonhuman agency as central to our understanding of queerness in Forster's texts and studies the representation of formless matters such as dust as a way through which Forster's ecological concerns arise by linking the fate of oppressed humans with oppressed nonhuman others **Travel,**

Modernism and Modernity Robert Burden, 2016-03-09 Focusing on the significance of travel in Joseph Conrad E M Forster D H Lawrence Henry James and Edith Wharton Robert Burden shows how travel enabled a new consciousness of mobility and borders during the modernist period For these authors Burden suggests travel becomes a narrative paradigm and dominant trope by which they explore questions of identity and otherness related to deep seated concerns with the crisis of national cultural identity He pays particular attention to the important distinction between travel and tourism at the same time that he attends to the slippage between seeing and sightseeing between the local character and the stereotype between art and kitsch and between older and newer ways of storytelling in the representational crisis of modernism Burden argues that the greater awareness of cultural difference that characterizes both the travel writing and fiction of these expatriate writers became a defining feature of literary modernism resulting in a consciousness of cultural difference that challenged the ethnographic project of empire *The Journey is Everything* Helen Bevington, 1983 What does one learn by taking a
