Magic Barrel:

The Magic Barrel Bernard Malamud, 1958 **The Magic Barrel** Bernard Malamud, 1980 *The Schlemiel as Metaphor* Sanford Pinsker, 1991 The certainty that deep down we are all schlemiels is perhaps what makes America love an inept ball team or a Woody Allen who unburdens his neurotic heart in public In this unique revised history of the schlemiel Sanford Pinsker uses psychological linguistic and anecdotal approaches as well as his considerable skills as a spritely storyteller to trace the schlemiel from his beginnings in the Old Testament through his appearance in the nineteenth century literature of Mendele Mocher Seforim and Sholom Aleichem to his final development as the beautiful loser in the works of Isaac Bashevis Singer Bernard Malamud Saul Bellow Philip Roth and Woody Allen Horatio Alger might have once been a good emblem of the American sensibility but today Woody Allen's anxious bespectacled puny face seems closer and truer to our national experience His urban end of the century anxieties mirror albeit in exaggeration our own This expanded study of the schlemiel is especially relevant now when scholarship of Yiddish and American Jewish literature is on the increase By sketching the family tree of that durable anti hero the schlemiel Pinsker proves that Jewish humor is built upon the very foundations of the Jewish experience Pinsker shows the evolution of the schlemiel from the comic butt of Yiddish jokes to a literary figure that speaks to the heart of our modern problems and he demonstrates the way that Yiddish humor provides a sorely needed correction a way of pulling down the vanities we all live by *Lena Finkle's Magic Barrel* Anya Ulinich, 2014-07-29 A New York Times Notable Book Funny painful outrageous Anya Ulinich is the David Sedaris of Russian American cartoonists Gary Shteyngart Anya Ulinich turns her sharp eye toward the strange often unmooring world of grown up dating in this darkly comic graphic novel After her fifteen year marriage ends Lena Finkle gets an eye opening education in love sex and loss when she embarks on a string of online dates all while raising her two teenage daughters The Vampire of Bensonhurst the Orphan Disaster Man and the Diamond Psychiatrist are just a few of the unforgettable characters she meets along the way Evoking Louis C K's humor and Amy Winehouse's longing and anguish and paying homage to Malamud and Chekhov Lena Finkle's Magic Barrel is a funny and moving story beautifully told **Material Culture and Jewish Thought in America** Ken Koltun-Fromm, 2010-04-21 How Jews think about and work with objects is the subject of this fascinating study of the interplay between material culture and Jewish thought Ken Koltun-Fromm draws from philosophy cultural studies literature psychology film and photography to portray the vibrancy and richness of Jewish practice in America His analyses of Mordecai Kaplan's obsession with journal writing Joseph Soloveitchik's urban religion Abraham Joshua Heschel's fascination with objects in *The Sabbath* and material identity in the works of Anzia Yezierska Cynthia Ozick Bernard Malamud and Philip Roth as well as Jewish images on the covers of *Lilith* magazine and in the *Jazz Singer* films offer a groundbreaking approach to an understanding of modern Jewish thought and its relation to American culture

Interpretation and Genre Thomas Kent, 1986 Kent proposes a general theory of genre classification and applies this

genetic model to American fiction written during the last half of the nineteenth century Combining theory and application Kent attempts to demonstrate that what we say about texts is related directly to our generic perception of them Ethnic Identities in Bernard Malamud's Fiction Martín Urdiales Shaw,2000 The present study has been divided into five general chapters each of which is centred around a basic issue related to ethnic identities This central issue may be more or less specific largely depending on its nature and on the corpus it comprises for example chapter two which bears the general title the old country and the New World is naturally the most extensive because of the great scope of this theme and the number of works it involves two novels and a considerable number of stories including the very long Man in the Drawer By contrast the last chapter entitled Beyond Race into Myth Seeking the Liberation of the Self is logically the shortest because its focus is restricted to a particular function of ethnic identities metaphorically speaking in Malamud s fantastic works the novel God s Grace and one short story Similar proportions between length complexity of theme and corpus treated are maintained in the three central chapters which focus on ethnic aspects which are neither as general as chapter two nor as specific as chapter six *5 Minute Magical Stories* Om Books Editorial Team,2012 5 minute doses of magic and wonder Engaging and enthralling Illustrations Entertaining tales which also educate A perfect adding to a child s bookshelf **Conversations with Bernard Malamud** Bernard Malamud,1991 During his teaching career Bernard Malamud taught both creative writing and literature courses and indicated that he almost never taught his own works since an author cannot dictate the total meaning of his work to a classroom He was consistently reluctant in interviews as well to explain his fiction He valued imaginative interpretations whether I agree with them or not He rejected the notion that there was a correct interpretation of his work The Magic Barrel & Other Stories Bernard Malamud,1970 **Beyond the Gray Flannel Suit** David Castronovo,2004-09-01 Discusses the major literary works of the 1950s which introduced new forms and dealt with such controversial topics as racial discrimination religious differences and social class *The Pan-African Nation* Andrew Apter,2008-10-01 When Nigeria hosted the Second World Black and African Festival of Arts and Culture FESTAC in 1977 it celebrated a global vision of black nationhood and citizenship animated by the exuberance of its recent oil boom Andrew Apter s *The Pan African Nation* tells the full story of this cultural extravaganza from Nigeria s spectacular rebirth as a rapidly developing petro state to its dramatic demise when the boom went bust According to Apter FESTAC expanded the horizons of blackness in Nigeria to mirror the global circuits of its economy By showcasing masks dances images and souvenirs from its many diverse ethnic groups Nigeria forged a new national culture In the grandeur of this oil fed confidence the nation subsumed all black and African cultures within its empire of cultural signs and erased its colonial legacies from collective memory As the oil economy collapsed however cultural signs became unstable contributing to rampant violence and dissimulation *The Pan African Nation* unpacks FESTAC as a historically situated mirror of production in Nigeria More broadly it points towards a critique of the political economy of the sign in postcolonial Africa **Lionel Trilling** Daniel T.

O'Hara, 1988 Daniel T O Hara reads the career of Trilling as a single completely comprehensive work of self fashioning The intention of such work says O Hara from the beginning and throughout Trilling s intellectual life was to create a self that when confronted with the great achievement of another mind was capable of imaginative sympathy and not solely resentful critique In order to reach that goal however Trilling had to adopt one of the conventional masks available to the intellectual in modern culture and adapt it to his needs and to those of his liberal time Philosophy and Literature in Times of Crisis

Michael Mack, 2014-02-27 Highlighting literature and philosophy s potential impact on economics health care bioethics public policy and theology this book analyses the heuristic value of fiction It alerts us to how we risk succumbing to the deceptions of fiction in our everyday lives because fictional representations constantly feign to be of the real and claim a reality of their own Philosophy and literature disclose how the substantive sphere of social economic and medical practice is sometimes driven and shaped by the affect ridden and subjective Analysing a wide range of literature from Augustine Shakespeare Spinoza and Deleuze to Kafka Sylvia Plath Philip Roth W G Sebald and Jonathan Littell Michael Mack rethinks ethical attitudes towards the long or eternal life In so doing he shows how philosophy and literature turn representation against itself to expose the hollowness of theologically grand concepts that govern our secular approach towards ethics economics and medicine Philosophy and literature help us resist our current infatuation with numbers and the numerical and contribute towards a future politics that is at once singular and diverse **Prodigal Sons** Alexander Bloom, 1986-04-17 A herd of independent minds Harold Roseberg once labelled his fellow intellectuals They were and are as this book shows a special and fascinating group including literary critics like Lionel Trilling Alfred Kazin Irving Howe Leslie Fiedler Philip Rahv and William Phillips social scientists like Nathan Glazer art critics and historians Clement Greenberg Harold Rosenberg and Meyer Schapiro novelist Saul Bellow and political journalists Irving Kristol and Norman Podhoretz Their story winds through nearly all of the crucial intellectual and political events of the last decades as well as through the major academic institutions of the nation and the editorial boards of such important journals as Partisan Review Commentary Dissent The Public Interest and The New York Review of Books So deeply entrenched in our intellectual establishment are these people that it s easy to forget that most grew up on the edge of American society poor Jewish the children of immigrants Prodigal Sons retraces their common past from their New York City ghetto upbringing and education at Columbia and City College through their radicalization in the 30s to their preeminence in the postwar literary and academic world The book examines their youthful efforts to ignore their Jewish heritage and their later rediscovery of this heritage in the wake of the Holocaust It shows how they moved toward the liberal center during the Cold War and how the group fragmented in the 1960s when some turned toward the right becoming key figures in the Neo Conservative movement of the 1970s and 80s As Bloom points out there is no single typical New York intellectual nor did they share all their ideas This book is concerned with how the community came to be formed and what it thought important how and why it moved and changed and why it ultimately came undone We

learn some of the ways in which intellectuals function and justify their own places and a great deal about the political and cultural landscape over which New York intellectuals passed A fascinating portrait of New York intellectual life over the past half century Based on interviews with many of the leading figures and 10 years of extensive research Takes us behind the scenes at Commentary Partisan Review The Public Interest and other influential publications **Twentieth-Century and Contemporary American Literature in Context** Linda De Roche,2021-06-04 This four volume reference work surveys American literature from the early 20th century to the present day featuring a diverse range of American works and authors and an expansive selection of primary source materials Bringing useful and engaging material into the classroom this four volume set covers more than a century of American literary history from 1900 to the present Twentieth Century and Contemporary American Literature in Context profiles authors and their works and provides overviews of literary movements and genres through which readers will understand the historical cultural and political contexts that have shaped American writing Twentieth Century and Contemporary American Literature in Context provides wide coverage of authors works genres and movements that are emblematic of the diversity of modern America Not only are major literary movements represented such as the Beats but this work also highlights the emergence and development of modern Native American literature African American literature and other representative groups that showcase the diversity of American letters A rich selection of primary documents and background material provides indispensable information for student research **Short Story Index: 1955-1958** ,1960 **Witness Through the Imagination** S. Lillian Kremer,1989 Criticism of Holocaust literature is an emerging field of inquiry and as might be expected the most innovative work has been concentrated on the vanguard of European and Israeli Holocaust literature Now that American fiction has amassed an impressive and provocative Holocaust canon the time is propitious for its evaluation Witness through the Imagination presents a critical reading of themes and stylistic strategies of major American Holocaust fiction to determine its capacity to render the prelude progress and aftermath of the Holocaust The unifying critical approach is the textual explication of themes and literary method occasional comparative references to international Holocaust literature and a discussion of extra literary Holocaust sources that have influenced the creative writers treatment of the Holocaust universe **The Magic Worlds of Bernard Malamud** Evelyn Avery,2012-02-01 In the best literary tradition Bernard Malamud uses the particular experiences of his subjects Eastern European Jews immigrant Americans and urban African Americans to express the universal This book offers an exploration of this beloved American writer s fiction which has won two National Book Awards and a Pulitzer Prize In addition to the literary studies personal recollections by son Paul Malamud memoirs and portraits by good friends colleagues and fellow writers such as Cynthia Ozick Daniel Stern and Nicolas Delbanco illuminate Malamud s life and work The contributors reveal that in an age that deconstructs Malamud s voice does not Instead it speaks clearly and imaginatively with the weight of ancient traditions and the understanding of modern conditions The Bible in the American Short Story

Lesleigh Cushing Stahlberg, Peter S. Hawkins, 2017-11-02 *The Bible in the American Short Story* examines Biblical influences in the post World War II American short story. In a series of accessible chapters, Lesleigh Cushing Stahlberg and Peter S. Hawkins offer close readings of short stories by leading contemporary writers such as Flannery O'Connor, Allegra Goodman, Tobias Wolff, and Kirstin Valdez Quade that highlight the biblical passages that they reference. Exploring episodes from the Hebrew Bible and the New Testament and both Jewish and Christian heritages, this book is an important contribution to understanding the influence of the Bible in contemporary literature.
