Domestic Negotiations

Marci R. McMahon, 2013-07-01 This interdisciplinary study explores how US Mexicana and Chicana authors and artists across different historical periods and regions use domestic space to actively claim their own histories Through negotiation a concept that accounts for artistic practices outside the duality of resistance accommodation and self fashioning Marci R McMahon demonstrates how the very sites of domesticity are used to engage the many political and recurring debates about race gender and immigration affecting Mexicanas and Chicanas from the early twentieth century to today Domestic Negotiations covers a range of archival sources and cultural productions including the self fashioning of the chili queens of San Antonio Texas Jovita Gonz lez s romance novel Caballero the home economics career and cookbooks of Fabiola Cabeza de Baca Sandra Cisneros s purple house controversy and her acclaimed text The House on Mango Street Patssi Valdez s self fashioning and performance of domestic space in Asco and as a solo artist Diane Rodr guez s performance of domesticity in Hollywood television and direction of domestic roles in theater and Alma L pez s digital prints of domestic labor in Los Angeles With intimate close readings McMahon shows how Mexicanas and Chicanas shape domestic space to construct identities outside of gendered racialized and xenophobic rhetoric

Stories, Tales and Legends

Lance Neumann, 2013-03-14 My name is Kyleneath Xavier Bartholomew Blackmor I am the historian of my world I am the one who tells the stories about the people of my world for all those that may hold some interest in our lives here on Lexxon I will tell you a little about our world and I will relate it in terms that are familiar to your world From my understanding you deal in seconds minutes hours days weeks months and years on your world On Lexxon we have much the same system with a few

differences Our day has twenty eight hour in it our weeks only have six days our months all have thirty days and our year is twelve months long and only 360 days We have two suns and nine moons which circle the globe on different paths and at different speeds but their orbits are so high that only two have a real effect on the climate and tides like on your world

City of the Beast Phil Baker, 2022-08-16 A work that combines biography and psychogeography to trace Aleister Crowley's life in London I dreamed I was paying a visit to London Aleister Crowley wrote in Italy continuing It was a vivid long coherent detailed affair of several days with so much incident that it would make a good sized volume Crowley had a love hate relationship with London but the city was where he spent much of his adult life and it was the capital of the culture that created him Crowley was a post decadent with deviant Victorian roots in the cultural ferment of the 1890s and the magical revival of the Golden Dawn Not a walking guide although many routes could be pieced together from its pages this is a biography by sites A fusion of life writing with psychogeography steeped in London's social history from Victoria to the Blitz it draws extensively on unpublished material and offers an exceptionally intimate picture of the Great Beast We follow Crowley as he searches for prostitutes in Hyde Park and Pimlico drinks absinthe and eats Chinese food in Soho and find himself down on his luck in Paddington Green and never quite losing sight of the illumination that drove him the abiding rapture he wrote in his diary which makes a bus in the street sound like an angel choir

Interface between Literature and Science Victoria Carpenter, 2015-05-13 The boundaries of science and literature are permeable they are continuously crossed and illuminated by a variety of narrative forms and their interpretations Changes in our perception of the world are informed in equal measure by scientific and humanistic disciplines This volume treats both literary and scientific texts as products of the human mind therefore abiding by all the rules it creates scientific and humanistic alike The volume does not propose to replace all literary or discourse analysis with a cross disciplinary science based approach but rather uses this theoretical stance when more conventional means fail to explain or even explore the intricacies of a text It argues that scientific discourse can also be analysed through the prism of literary theories since all texts are governed in varying measure by the unity of contexts that characterize their nature the process of their creation and their place in the cognitive realm of humanity This approach will allow the nature and limitations of scientific research to be questioned while opening up more venues to explore scientific creativity that crosses the subject boundaries of science and humanities Latin American literature offers many examples of the interconnection between literary and scientific discourse Notwithstanding the often explored relationship between Jorge Luis Borges's literary themes and contemporary scientific discoveries a more general question should be asked is the influence of scientific thought a privilege of the select few or is it indeed an all pervading experience in Latin American literary narrative from late modernism to present day This book explores the texts that overtly incorporate scientific content or are structured in such a way that immediately reminds the reader of a scientific phenomenon it will also examine the texts that are presented in such a way that a conventional literary analysis does not help

penetrate the many narrative layers that the text comprises The volume offers cross disciplinary readings of such authors as Jorge Luis Borges Gabriel Garc a M rquez Ernesto S bato and Gustavo Sainz to name but a few The Magician's Apprentice Les Penhaligan,2012-11-10 The Magician s Apprentice Geordie a young dragon is chosen by Merlin the Wizard to become his apprentice The story follows Geordie through his first few months of training in mixing healing potions for the villagers and developing his magic ability under the watchful eye of Merlin One morning Merlin tells Geordie that he has to go away to help a friend fight a Dark Wizard who is trying to take his kingdom Geordie is to be left in charge of the running of the castle and village while Merlin is away Geordie soon masters the ordinary day to day stuff and finds he has plenty of time to teach himself to fly and improve his magic skills The tale gets darker with the return of a defeated Merlin closely followed by the Dark Wizard his Demon and a mighty army who try and storm the castle Merlin is captured by the Dark Wizard and all Geordie s magic skills and courage are put to the test when he is forced to become Merlin s Champion and fight a duel to the death with the Demon <http://lespenhaligan.com> The Vein of Gold Julia Cameron,1997-09-22 In the Vein of Gold A Journey to Your Creative Heart Julia Cameron author of The Artist s Way draws from her remarkable teaching experience to help readers reach out into ever broadening creative horizons As in The Artist s Way she combines eloquent essays with playful and imaginative experiential exercises to make The Vein of Gold an extraordinary book of learning through doing Inspiring essays on the creative process and more than one hundred engaging and energizing tasks involve the reader in inner play leading to authentic growth renewal and healing Lacybourne Manor Kristen Ashley,2011-08-06 In 1522 the very night they were wed Royce Morgan and his new bride Beatrice Godwin were murdered on their way home to Lacybourne Manor After the cruel deed was done a local witch came across their bodies witnessing firsthand the tragedy of star crossed lovers Vowing that Royce and Beatrice would someday uncross those stars using magic mixed with murder as well as true love she linked their spirits together with hers because someone had to protect them forever or until their reincarnated souls find happily ever after Now arrogant forbidding Colin Morgan lives at Lacybourne knowing from lore as well as the portraits of Royce and Beatrice that hang in Lacybourne s hall and the small fact that he looks exactly like Royce Morgan that he is the reincarnated soul of his ancestor One stormy night flighty free spirited scarily kind hearted Sibyl Godwin comes to Lacybourne and it doesn t escape Colin s notice that Sibyl is the spitting image of Beatrice However murder magic a warrior s heart beating in a modern man s chest a woman bent on doing good deeds even if they get her into loads of trouble a good witch whose family has vowed throughout the centuries to protect true love distrust and revenge make a volatile cocktail This means the path to happily ever after is paved with tranquiliser darts pensioners on a rampage Sibyl s bad morning moods heartbreaking misunderstandings and all kinds of magic good and bad **Angels And Demons** | **Angels And Demons** STEPHANIE A.PRIESTER,2024-07-07 Mine he whispers in a husky voice as his canines softly brushed against my neck leaving me a whimpering mess No I whispered breathlessly and pull away from him A low growl escapes his

Frank Baum invented Unlike so many of Baum's followers who have through the years written imitations of the Oz books Schildkret invents anew the main characters and the landscape of Oz His conception of the Deadly Desert is especially different from that in other Oz books as are his conceptions of Dorothy Ozma Roquat and most of all Uncle Henry In addition his book tells an exciting tale of adventure and conflict including dangerous threats to the Land of Oz and even war Richard Tuerk Professor Emeritus of Literature and Languages Texas A M University Commerce Texas Author of Oz in Perspective Magic and Myth in the L. Frank Baum Books The New Adventures of Dorothy and the Wizard of Oz The Story The Author's View Emerald City is a modern sequel to the Wizard of Oz novel and film It is an original story

based on the characters of the novels of Frank Baum Emerald City is a story of the bond of loyalty and friendship in the Land of Oz Post 9 11 2001 we can all relate to a story of a utopian city where everyone loves each other and in which good triumphs over evil The World of Oz has been changed by the loss of the Love Magnet With its loss comes the immanent danger of the loss of the city destruction of its way of life and destruction of all of its magical creatures and inhabitants Other events seem to conspire to ensure the Kingdom will be lost to Roquat the evil Nome King It is the humanity and foibles of all of the characters even the evil ones which will stir you and tug on your emotions Humor and sadness love and hate good and evil loss and redemption are mixed in a potpourri of fantasy and reality Recurrent themes throughout are understanding our differences loving each other giving strangers the benefit of the doubt and standing together in the face of evil The story plays on four levels as a fairy tale for children as science fiction and social and political satire for teenagers and adults
