never laughed unless it was at her expense She would nod in agreement whenever he insisted they didn't need anyone else but each other her eyes filled with starry wonder as she pushed aside her friendships Considering his self-perceived sophistication and his belief that he knew best she wholeheartedly agreed with him when he stated she looked more beautiful without makeup and advised her to wear the clothes he found appealing It was when Eric first struck Jade that she came to the harrowing realisation that the man she had held in such high regard would be the one to bring about her death Jade knew she needed to escape But with his eyes never leaving her with her movements constantly monitored she knew she would need a plan that he would never see coming Jade was in love But it was a dark love A disturbing love A love she would eventually need to fight to survive [www.emmalbealauthor.com](http://www.emmalbealauthor.com) Instagram [emmalbeal](https://www.instagram.com/emmalbeal) [www.elbbooks.co.uk](http://www.elbbooks.co.uk)      **Seerstone** Joe Fasbinder,2018-05-30 Seerstone is a thoroughly researched tension wrought tale of greed and how it dazzles and threatens sometimes using the most arcane and unearthly means to conquer a man and his family and to wring seemingly impossible changes potentially enormous changes in the life of Dayer Preston who with his wife has always striven to work toward the light as they understand it The story takes place at the dawn of the nineteenth century in Williker Township a cold and dying place in western New York State at a time when it seemed that there was no magic strong enough to make things right to bring forth abundance from an earth that withheld its bounty despite man's best efforts Despite the magic that stirred the spirits of heaven and earth It is a strange and unearthly time It was an era in which an average everyday person knew that if you put a few hairs in a glass of water they would turn into worms overnight and that to assure prosperity lamens scrawled with magic words would be placed behind the mantel The line between magic and reality was blurred and so the arrival of a ritual magician at your door on an early spring night wasn't much to be noticed not even when he began to bring a struggling farm family closer and closer to the line between objective reality and a world ruled over by magic words scrawled on a page It is a tale of mystery How much can the magician Walters bring forth How much of what he says are lies And how much of what he possesses can bring forth bounty and potential wealth from an unforgiving earth How much is simply evil And can it be controlled And why is Dayer Preston so necessary to the grandest of all the magic rituals that awaits them      *Hidden Dimension* N. Thing Enterprises Staff,2002-10      **Abracadabra Street** Mark Roland Langdale,2022-09-06 What do you do if the family business is magic and you're all fingers and thumbs If your family are magicians and builders of tricks and illusions for other magicians and you can't even pull a rabbit from a hat do you turn your back on magic and walk away as far away from Abracadabra St as you can or do you try and overcome the hand you're dealt      **Urban Magic Eye** Feng ZhenRen,2020-06-05 The impoverished graduate Li Hao occasionally obtained the broken treasure of the Immortal World and became a dragon from then on Stone gambling made a fortune He gained the reputation of being a doctor He became rich in casinos From then on his wealth surged he had endless luck and his most beautiful first date and so on entered his world With so many beauties present to Li Hao who was lacking in willpower this was a severe test      *Hidden in Plain Sight*

Colin Williamson, 2015-10-22 What does it mean to describe cinematic effects as movie magic to compare filmmakers to magicians or to say that the cinema is all a trick The heyday of stage illusionism was over a century ago so why do such performances still serve as a key reference point for understanding filmmaking especially now that so much of the cinema rests on the use of computers To answer these questions Colin Williamson situates film within a long tradition of magical practices that combine art and science involve deception and discovery and evoke two forms of wonder both awe at the illusion displayed and curiosity about how it was performed He thus considers how even as they mystify audiences cinematic illusions also inspire them to learn more about the technologies and techniques behind moving images Tracing the overlaps between the worlds of magic and filmmaking *Hidden in Plain Sight* examines how professional illusionists and their tricks have been represented onscreen while also considering stage magicians who have stepped behind the camera from Georges Méliès to Ricky Jay Williamson offers an insightful wide ranging investigation of how the cinema has functioned as a device of wonder for more than a century while also exploring how several key filmmakers from Orson Welles to Christopher Nolan and Martin Scorsese employ the rhetoric of magic Examining pre cinematic visual culture animation nonfiction film and the digital trickery of today's CGI spectacles *Hidden in Plain Sight* provides an eye opening look at the powerful ways that magic has shaped our modes of perception and our experiences of the cinema
