**Magic and Magicians** Mohammad Amin Sheikho, 2014-12-16 How terrible are the words that issued from the mouths of those deceivers from amongst the jews who used false statements to insert intrigue into the books of Islam Their words about the possible use of magic to bewitch the most honorable one of all creation Mohammad cpth are nothing more than mere lies The same is true of another of their sayings fie on them may God make them as ugly as their deeds wherein they say that the accursed Satan controlled the Prophet cpth as well as other of our great masters including Solomon Job and our father Adam Their statements are easily refutable and just as our of every pot pours that which it contains woe to them because of what pours from their spirits As a result of such intrigues the belief in magic along with other spiritual diseases is spread amongst the Muslims by disbelieving magicians and their followers to the extent that one can hardly find a house in which there does not live at least one of their followers These people believe the devil's call because they have listened to false scholars instead of God and have turned their back on the Qur'an as if they knew better Now however it is time for the voice of truth to be heard by those people whose forefathers were not warned and who therefore remain heedless The Great Scholar Mohammad Amin Sheikho will bring them out of the darkness and into the light with the use of God's Luminous Book for the good of all those who believe in Al lah and the Last Day God says And repent to Al lah all of you oh believers so that you may be successful The Holy Qur'an Fortress 24 An Nour Light verse 31 Encyclopedia of Wicca & Witchcraft Raven

**Patronage and Poetry in the Islamic World** Jocelyn Sharlet, 2011-06-13 Panegyric poetry in both Arabic and Persian was one of the most important genres of literature in the medieval Middle East and Central Asia. Jocelyn Sharlet argues that panegyric poetry is important not only because it provides a commentary on society and culture in the medieval Middle East but also because panegyric writing was one of the key means for individuals to gain social mobility and standing during this period. This is particularly so within the context of patronage, a central feature of social order during these times. Sharlet places the medieval Arabic and Persian panegyric firmly within its cultural context and identifies it as a crucial way of gaining entry to and movement within this patronage network. This is an important contribution to the fields of pre-modern Middle Eastern and Central Asian literature and culture.
