The Magicians' Guild Trudi Canavan,2010-01-07 Each year the magicians of Imardin gather together to purge the city streets of vagrants urchins and miscreants Masters of the disciplines of magic they know that no one can oppose them But their protective shield is not as impenetrable as they believe Sonea angry frustrated and outraged by the treatment of her family and friends hurls a stone at the shield putting all her rage behind it To the amazement of all who bear witness the stone passes unhindered through the barrier and renders a magician unconscious The guild s worst fear has been realised There is an untrained magician loose on the streets She must be found before her uncontrolled powers unleash forces that will destroy both her and the city that is her home THE MAGICIANS GUILD is a blistering new fantasy adventure from a debut author skilled in both world building and storytelling The trilogy continues with THE NOVICE Aug 04 and THE HIGH LORD Feb 05 **The Secret History of Magic** Peter Lamont,Jim Steinmeyer,2018-07-17 Pull back the curtain on the real history of magic and discover why magic really matters If you read a standard history of magic you learn that it begins in ancient Egypt with the resurrection of a goose in front of the Pharaoh You discover how magicians were tortured and killed during the age of witchcraft You are told how conjuring tricks were used to quell rebellious colonial natives The history of magic is full of such stories which turn out not to be true Behind the smoke and mirrors however lies the real story of magic It is a history of people from humble roots who made and lost fortunes and who deceived kings and queens In order to survive they concealed many secrets yet they revealed some and they stole others They engaged in deception exposure and betrayal in a quest to make the impossible happen They managed to survive in a world in which a series of technological

wonders appeared which previous generations would have considered magical Even today when we now take the most sophisticated technology for granted we can still be astonished by tricks that were performed hundreds of years ago The Secret History of Magic reveals how this was done It is about why magic matters in a world that no longer seems to have a place for it but which desperately needs a sense of wonder **The Magic in this Other World is Too Far Behind!**
