Magna Carta Fountainhead Of Freedom:

Magna carta: fountainhead of freedom, with a foreword by E.M.Dirksen Raymond Barnes Stringham, Magna Carta Raymond Barnes Stringham,1966 Historical background and influence of the document signed at Runnymede England in 1215 interpreted for the general reader also giving its full text in modern English *The Divine Right of Capital* Marjorie Kelly,2003-01-09 Why wealth bias is a holdover from a pre democratic past and how to restore a healthier balance of power Thought provoking well documented and readable Library Journal Wealth inequality corporate welfare and industrial pollution are symptoms the fevers and chills of the economy The underlying illness says Business Ethics magazine founder Marjorie Kelly is shareholder primacy the corporate drive to make profits for shareholders no matter who pays the cost In *The Divine Right of Capital* Kelly argues that focusing on the interests of stockholders to the exclusion of everyone else s interests is a form of discrimination based on property or wealth She shows how this bias is held by our institutional structures much as they once held biases against African Americans and women *The Divine Right of Capital* exposes six aristocratic principles that corporations are built on principles that we would never accept in our modern democratic society but which we accept unquestioningly in our economy Wealth bias is a holdover from our pre democratic past It has enabled shareholders to become a kind of economic aristocracy Kelly shows how to design more equitable alternatives new property rights new forms of corporate governance new ways of looking at corporate performance that build on both free market and democratic principles We think of shareholder primacy as the natural law of the free market much as our forebears thought of monarchy as the most natural form of government But in *The Divine Right of Capital* Kelly brilliantly demonstrates that it is no more natural than any other human creation People designed this system and people can change it We need a change of mind as profound as that of the American Revolution and this book provides practical guidance to help employees and communities change corporate governance and unfetter the genius of the free market Fountainhead of Freedom ,1942

Official Reports of the Supreme Court United States. Supreme Court,1989 **Human Rights and Social Policy in the 21st Century** Joseph Wronka,1998 Previous edition 1st published in 1992 The Magna Carta of Humanity Os Guinness,2021-05-11 What kind of revolution brings true freedom to both society and the human soul Cultural observer Os Guinness contrasts the secular French Revolution with the faith led revolution of ancient Israel Arguing that the story of Exodus is the richest vision for freedom in human history his exploration charts the path to the future for America

Memory, Heritage, and Preservation in 20th-Century England David Strittmatter,2023-03-09 This book explores commemoration practices and preservation efforts in modern Britain focusing on the years from the end of the First World War until the mid 1960s The changes wrought by war led Britain to reconsider major historical episodes that made up its national narrative Part of this process was a reassessment of heritage sites because such places carry socio political meaning as do the memorials that mark them This book engages the four way intersection of commemoration preservation tourism

and urban planning at some of the most notable historic locations in England The various actors in this process from the national government and regional councils to private organizations and interested individuals did nothing less than engineer British national memory The author presents case studies of six famous British places namely battlefields Hastings and Bosworth political sites Runnymede and Peterloo and world s fairgrounds the Crystal Palace and Great White City In all three genres of heritage sites one location developed through commemorations and tourism while the other anti sites simultaneously faltered as they were neither memorialized nor visited by the masses Ultimately the book concludes that the modern social and political environment resulted in the revival creation or erasure of heritage sites in the service of promoting British national identity A valuable read for British historians as well as scholars of memory public history and cultural studies the book argues that heritage emerged as a discursive arena in which British identity was renegotiated through times of transitions both into a democratic age and an era of geopolitical decline

Double Jeopardy David Rudstein,2004-12-30 This volume traces the history of the Double Jeopardy Clause of the Fifth Amendment of the United States Constitution It shows that the constitutional guarantee against double jeopardy has its roots in ancient Jewish and early Greek and Roman law After recapping the history of the clause the Supreme Court s current interpretation of the clause is explained This book describes the circumstances in which the premature termination of an individual s trial bars a subsequent trial for the same offense It also examines when the Clause prohibits the government from imposing multiple punishments for the same offense The final chapter includes a discussion of bibliographical sources

Crimes against Humanity M. Cherif Bassiouni,2011-04-25 This book traces the evolution of crimes against humanity CAH and their application from the end of World War I to the present day in terms of both historic legal analysis and subject matter content The first part of the book addresses general issues pertaining to the categorization of CAH in normative jurisprudential and doctrinal terms This is followed by an analysis of the specific contents of CAH describing its historic phases going through international criminal tribunals mixed model tribunals and the International Criminal Court The book examines the general parts and defenses of the crime along with the history and jurisprudence of both international and national prosecutions For the first time a list of all countries that have enacted national legislation specifically directed at CAH is collected along with all of the national prosecutions that have occurred under national legislation up to 2010
