*Magnus Powermouse* Dick King-Smith, 1984      **Children's Fiction Sourcebook** Margaret Hobson, Jennifer Madden, Ray Prytherch, 2018-12-17 First published in 1992 this Sourcebook is a basic working tool for all those concerned with children's reading. It will help librarians and teachers to select a comprehensive stock of children's fiction for their institutions. The authors in the sourcebook have been selected on the grounds of importance, popularity and current availability. Author entries are arranged in alphabetical order and indexes provided by title, series, age range and genre. Each entry consists of some background information and evaluative comment on style of the book, a list of the author's books with publisher, date and price and literary agent where applicable. There is a suggestion of similar authors, sequels, related series and reader age range.

**Reading Raps** Rita Soltan, 2005-12-30 Book clubs are sprouting up all over and so are book club guides but not all book club guides are equal. Many focus on a specific type of book club or they take a generic approach of one size fits all and most do not take into account the special needs of librarians and educators working with young readers. This guide has it all and it will help you ensure that your book club meetings are both fun and educational. Focusing on children in grades 3-8 and their families, the book offers 100 ready made book club instructions for popular children's and YA titles from newer releases such as Theresa Nelson's *Ruby Electric* and Blue Balliett's *Chasing Vermeer* to perennial favorites and award winning classics such as Johanna Hurwitz's *Much Ado about Aldo* and Gary Soto's *Baseball in April* and *Other Stories*. Along with thought provoking discussion questions, you'll find all the background information you need to conduct lively book discussions with a variety of readers, plot summary, themes and characters description, genre, reading level, author and award information, related reads and more. The guide describes four types of family oriented book clubs: family, mother daughter, father son and readers rap, as well as a book club for kids only. The author provides practical instructions for making each type of book club successful. For each title she provides a plot summary, characterization sketches, questions to use for provocative discussion and follow up bibliographies on similar reads. Notes on genres, themes and reading levels are also provided. The selected titles reflect some of the best, most current and most popular children's literature. In addition, a broad scope of genres and multicultural titles are included. Perfect for public library programs and after school book clubs, this is a one stop resource with practical, ready made plans that can easily be adapted to multiple environments.
