Magomet Gadzhiev:

Jihadism in the Russian-Speaking World Danis Garaev, 2022-08-29 This book contends that the discourses of jihadism in Russia's North Caucasus and their offshoots in other parts of the Russian Federation are not just reflections of jihadi ideologies that came from abroad rather that post Soviet jihadism is a phenomenon best understood when placed in the broader cultural environment in which it emerged an environment which comprises the North Caucasus the whole of Russia and beyond It examines how post Soviet jihadism is also part of global processes in this case global jihadism explores how post Soviet jihadism bears the imprint of the preceding Soviet context especially in terms of symbols discursive tools interpretational frameworks and dissemination strategies and discusses how ironically Russian speaking jihadism is an expansionist idea for uniting all Russian regions on a supra ethnic principle but an idea that was not born in Moscow or St Petersburg Overall the book demonstrates that Russian speaking jihadism is a completely new ideology which nevertheless has its origins in the intellectual and cultural heritage of the Soviet era and in the broader trends of post Soviet society and culture

The Soviet Union and the June 1967 Six Day War Yaacov Ro'i, Boris Morozov, 2008 Why did the Soviet Union spark war in 1967 between Israel and the Arab states by falsely informing Syria and Egypt that Israel was massing troops on the Syrian border Based on newly available archival sources *The Soviet Union and the June 1967 Six Day War* answers this controversial question more fully than ever before Directly opposing the thesis of the recently published *Foxbats over Dimona* by Isabella Ginor and Gideon Remez the contributors to this volume argue that Moscow had absolutely no intention of starting a war The Soviet Union's reason for involvement in the region had more to do with enhancing its own status as a Cold War power than any desire for particular outcomes for Syria and Egypt In addition to assessing Soviet involvement in the June 1967 Arab Israeli Six Day War this book covers the USSR's relations with Syria and Egypt Soviet aims U S and Israeli perceptions of Soviet involvement Soviet intervention in the Egyptian Israeli War of Attrition 1969 70 and the impact of the conflicts on Soviet Jewish attitudes This book as a whole demonstrates how the Soviet Union's actions gave little consideration to the long or mid term consequences of their policy and how firing the first shot compelled them to react to events

Dagestan Robert Ware, Enver Kisriev, 2014-12-18 Like other majority Muslim regions of the former Soviet Union the republic of Dagestan on Russia's southern frontier has become contested territory in a hegemonic competition between Moscow and resurgent Islam In this authoritative book the leading experts on Dagestan provide a path breaking study of this volatile state far from the world's gaze The largest and most populous of the North Caucasian republics bordered on the west by Chechnya and on the east by the Caspian Sea Dagestan is almost completely mountainous With no majority nationality the republic developed a distinctive system of calibrated power relations among ethnic groups and with Moscow a system that has been undermined by the spillover of the wars in Chechnya Wahhabi and Islamist recruiting efforts targeting youth and Moscow's reassertion of the power vertical Underdevelopment high birthrates transiting pipelines and the rising incidence of

terrorist violence and assassinations add to the explosive potential of the region Authors Ware and Kisriev combine analysis of the dynamics of domination and resistance and the distinctive forms of social organization characteristic of mountain societies that may be applicable to other areas such as Afghanistan They draw on decades of field research interviews and data to offer unique perspective on the civilizational collision course under way in the Caucasus today

The Making of Bronze Age Eurasia Philip L. Kohl,2007-01-22 This book provides an overview of Bronze Age societies of Western Eurasia through an investigation of the archaeological record The Making of Bronze Age Eurasia outlines the long term processes and patterns of interaction that link these groups together in a shared historical trajectory of development Interactions took the form of the exchange of raw materials and finished goods the spread and sharing of technologies and the movements of peoples from one region to another Kohl reconstructs economic activities from subsistence practices to the production and exchange of metals and other materials Kohl also argues forcefully that the main task of the archaeologist should be to write culture history on a spatially and temporally grand scale in an effort to detect large macrohistorical processes of interaction and shared development

Foxbats Over Dimona Isabella Ginor,Gideon Remez,2008-10-01 Isabella Ginor and Gideon Remez s groundbreaking history of the Six Day War in 1967 radically changes our understanding of that conflict casting it as a crucial arena of Cold War intrigue that has shaped the Middle East to this day The authors award winning Israeli journalists and historians have investigated newly available documents and testimonies from the former Soviet Union cross checked them against Israeli and Western sources and arrived at fresh and startling conclusions Contrary to previous interpretations Ginor and Remez s book shows that the Six Day War was the result of a joint Soviet Arab gambit to provoke Israel into a preemptive attack The authors reveal how the Soviets received a secret Israeli message indicating that Israel despite its official ambiguity was about to acquire nuclear weapons Determined to destroy Israel s nuclear program before it could produce an atomic bomb the Soviets then began preparing for war well before Moscow accused Israel of offensive intent the overt trigger of the crisis Ginor and Remez s startling account details how the Soviet Arab onslaught was to be unleashed once Israel had been drawn into action and was branded as the aggressor The Soviets had submarine based nuclear missiles poised for use against Israel in case it already possessed and tried to use an atomic device and the USSR prepared and actually began a marine landing on Israel s shores backed by strategic bombers and fighter squadrons They sent their most advanced still secret aircraft the MiG 25 Foxbat on provocative sorties over Israel s Dimona nuclear complex to prepare the planned attack on it and to scare Israel into making the first strike It was only the unpredicted devastation of Israel s response that narrowly thwarted the Soviet design
