Maharishi's Absolute Theory Of Defence: Sovereignty In Invincibility Maharishi Mahesh Yogi, 1996 Maharishi S Programme To Create A Prevention Wing In Every Military Offers Victory Before War The Big Fish Anna J. Bonshek, Corrina Bonshek, Lee C. Fergusson, 2007 While debate continues in the fields of the sciences and humanities as to the nature of consciousness and the location of consciousness in the brain or as a field phenomenon in the Vedic tradition consciousness has been understood and continues to be articulated as an infinite field of intelligence at the basis of all forms of existence This infinite field of intelligence is accessible to human awareness being the very nature of the mind and the structuring dynamics of the physiology from the DNA to the cell tissues organs and to the whole body and its sophisticated functioning This two part volume The Big Fish Consciousness as Structure Body and Space considers in Part One the Vedic approach to consciousness specifically referencing Maharishi Vedic Science and discusses themes pertinent to the arts including perception and cognition memory as awareness history and culture artistic performance and social responsibility observatory instruments as spaces and structures to enhance consciousness and beyond metaphor architectural sites as multi layered enclosures of the brain detailed in the Shrimad Devi Bhagavatam and as cosmic habitat or Vastu aligned to the celestial bodies Presenting some more general consciousness based readings Part Two includes essays by various authors on Agnes Martin and her views on art perfection and the Classic unified field based education and freedom of expression versus censorship in art prints from the Renaissance to the contemporary era as allegories of consciousness the work of Australian artist Michael Kane Taylor as beyond a modern postmodern dichotomy the photographic series The Ocean of Beauty by Mark Paul Petrick referencing the Vedic text the Saundarya Lahari a Deleuzian analysis of the dual screen multi arts work Reverie I and an account of the making of Reverie II a single screen video projection inspired by the idea of dynamics of awareness This book therefore presents a broad range of interests and reading while offering a unique yet profoundly transformative perspective on consciousness The Post-Colonial Security Dilemma Rebecca Strating, 2018-11-20 This book examines the development of Timor Leste's foreign policy since achieving political independence in 2002 It considers the influence of Timor Leste's historical experiences with foreign intervention on how the small new state has pursued security The book argues that efforts to secure the Timorese state have been motivated by a desire to reduce foreign intervention and dependence upon other actors within the international community Timor Leste's desire for real independence characterized by the absence of foreign interference permeates all spheres of its international political cultural and economic relations and foreign policy discourse Securing the state entails projecting a legitimate identity in the international community to protect and guarantee political recognition of sovereign status an imperative that gives rise to Timor Leste's aspirational foreign policy The book examines Timor Leste's key bilateral and multilateral diplomatic relations its engagement with the global normative order and its place within the changing Asia Pacific region *An Antidote to Violence* Barry Spivack, Patricia

Anne Saunders,2020-06-26 It s widely accepted that Transcendental Meditation TM can create peace for the individual but can it create peace in society as a whole And if it can what could possibly be the mechanism In An Antidote to Violence Barry Spivack and Patricia Anne Saunders examine the peer reviewed research and suggest that TM can influence the collective consciousness of a society which leads to a decrease in negative social trends such as a decline in war fatalities and to an increase in cooperation between nations Weaving together psychology sociology philosophy statistics politics physics and meditation An Antidote to Violence provides evidence that we have the knowledge to reduce all kinds of violence in society
