*Shared Characters in Jain, Buddhist and Hindu Narrative* Naomi Appleton, 2016-11-25 Taking a comparative approach which considers characters that are shared across the narrative traditions of early Indian religions Brahmanical Hinduism Jainism and Buddhism *Shared Characters in Jain Buddhist and Hindu Narrative* explores key religious and social ideals as well as points of contact dialogue and contention between different worldviews The book focuses on three types of character gods heroes and kings that are of particular importance to early South Asian narrative traditions because of their relevance to the concerns of the day such as the role of deities the qualities of a true hero or good ruler and the tension between worldly responsibilities and the pursuit of liberation Characters including character roles and lineages of characters that are shared between traditions reveal both a common narrative heritage and important differences in worldview and ideology that are developed in interaction with other worldviews and ideologies of the day As such this study sheds light on an important period of Indian religious history and will be essential reading for scholars and postgraduate students working on early South Asian religious or narrative traditions Jain Buddhist and Hindu as well as being of interest more widely in the fields of Religious Studies Classical Indology Asian Studies and Literary Studies

**Roaming Free Like a Deer** Daniel Capper, 2022-03-15 By exploring lived ecological experiences across seven Buddhist worlds from ancient India to the contemporary West *Roaming Free Like a Deer* provides a comprehensive critical and innovative examination of the theories practices and real world results of Buddhist environmental ethics Daniel Capper clarifies crucial contours of Buddhist vegetarianism or meat eating nature mysticism and cultural speculations about spirituality in nonhuman animals Buddhist environmental ethics often are touted as useful weapons in the fight against climate change However two formidable but often overlooked problems with this perspective exist First much of the literature on Buddhist environmental ethics uncritically embraces Buddhist ideals without examining the real world impacts of those ideals thereby sometimes ignoring difficulties in terms of practical applications Moreover for some understandable but still troublesome reasons Buddhists from different schools follow their own environmental ideals without conversing with other Buddhists thereby minimizing the abilities of Buddhists to act in concert on issues such as climate change that demand coordinated large scale human responses With its accessible style and personhood ethics orientation *Roaming Free Like a Deer* should appeal to anyone who is concerned with how human beings interact with the nonhuman environment

*Garland of the Buddha's Past Lives (Volume 1)* Aryashura,2017-04-01 The Garland of Past Lives is a collection of thirty four stories depicting the miraculous deeds performed by the Buddha in his previous rebirths Composed in the fourth century C E by the Buddhist monk Aryashura the text s accomplished artistry led Indian aesthetic theorists to praise its elegant mixture of verse and prose The twenty stories in this first volume deal primarily with the virtues of giving and morality Ascetics sacrifice their lives for hungry tigers kings open their veins for demons to drink their blood helmsmen steer their crew through perilous seas and quail chicks quench forest fires by proclaiming words of truth The experience is intended to arouse astonishment in the audience inspiring devotion through the future Buddha s transcendence of conventional norms in his quest to acquire enlightenment and save the world from suffering The importance of such stories of past lives in traditional Buddhist culture throughout Asia and up to today cannot be overestimated      The Maha-vastu ,1949      *Evolving*
