

WITH A PREFACE BY FRANCIS CARNEY

MAINLINING MARX

JOHN L. STANLEY

Mainlining Marx

Pamela Odih

Mainlining Marx:

Mainlining Marx John Stanley, 2002-01 In recent years a host of Western Marxists have tried to emancipate Marx from responsibility for various unsavory doctrines Political theorists have argued that Marx can avoid the weight of Stalinism and also the various theories such as positivism naturalism Darwinism technological determinism and the dialectics of nature that support Marxism In the course of building up their defense of Marx these modern critics have developed an elaborate but often confusing rationale whose premise consists of attributing many of the nefarious tendencies of Marxism to Engels particularly the latter's philosophy of nature In Mainlining Marx John L Stanley sets Marx's view of nature back in its proper perspective Stanley challenges the new orthodoxy of prominent Marxist scholars who see a fundamental dichotomy between Marx and Engels with the latter believing in cosmic superlaws and the former adhering to historically grounded ones Stanley argues both Marx and Engels used historical and transhistorical laws at various times He is highly critical of those who abstract theoretical principles out of texts Marx wrote with specific and historical political goals in mind He takes issue as well with critics who posit a Marxian belief in communism as against natural needs and further challenges the new orthodoxy in his analysis of Marx's dissertation showing that from the beginning Marx's thought was grounded in materialist determinism Supplementing the chapters on Marx and his critics the volume concludes with an essay on Georges Sorel's approach to textual analysis and interpretation showing how Sorel far in advance of his time realized the impossibility of completely objective analysis and the inevitable distortion of the subject under study Throughout this volume Stanley's critical approach utilizes Sorel's illuminating insights to point out the distortions in modern Marxian analysis Challenging and original Mainlining Marx is a major contribution to the study of Marxism It will be read by economists political scientists and intellectual historians John L Stanley 1937-1998 was professor of political science at the University of California at Riverside He was the author of *The Sociology of Virtue* *The Political and Social Theories of Georges Sorel* and the translator and editor of *The Illusions of Progress* by Georges Sorel and *From Georges Sorel Essays in Socialism and Philosophy*

Mainlining Marx John L. Stanley, 2018-01-16 In recent years a host of Western Marxists have tried to emancipate Marx from responsibility for various unsavory doctrines Political theorists have argued that Marx can avoid the weight of Stalinism and also the various theories such as positivism naturalism Darwinism technological determinism and the dialectics of nature that support Marxism In the course of building up their defense of Marx these modern critics have developed an elaborate but often confusing rationale whose premise consists of attributing many of the nefarious tendencies of Marxism to Engels particularly the latter's philosophy of nature In Mainlining Marx John L Stanley sets Marx's view of nature back in its proper perspective Stanley challenges the new orthodoxy of prominent Marxist scholars who see a fundamental dichotomy between Marx and Engels with the latter believing in cosmic superlaws and the former adhering to historically grounded ones Stanley argues both Marx and Engels used historical and transhistorical laws at various times He is highly critical of those who

abstract theoretical principles out of texts Marx wrote with specific and historical political goals in mind He takes issue as well with critics who posit a Marxian belief in communism as against natural needs and further challenges the new orthodoxy in his analysis of Marx's dissertation showing that from the beginning Marx's thought was grounded in materialist determinism Supplementing the chapters on Marx and his critics the volume concludes with an essay on Georges Sorel's approach to textual analysis and interpretation showing how Sorel far in advance of his time realized the impossibility of completely objective analysis and the inevitable distortion of the subject under study Throughout this volume Stanley's critical approach utilizes Sorel's illuminating insights to point out the distortions in modern Marxian analysis Challenging and original Mainlining Marx is a major contribution to the study of Marxism It will be read by economists political scientists and intellectual historians

The Return of Nature John Bellamy Foster, 2020-06-16 Winner 2020 Isaac and Tamara Deutscher Memorial Prize A fascinating reinterpretation of the radical and socialist origins of ecology Twenty years ago John Bellamy Foster's *Marx's Ecology Materialism and Nature* introduced a new understanding of Karl Marx's revolutionary ecological materialism More than simply a study of Marx it commenced an intellectual and social history encompassing thinkers from Epicurus to Darwin who developed materialist and ecological ideas Now with *The Return of Nature Socialism and Ecology* Foster continues this narrative In so doing he uncovers a long history of the efforts to unite questions of social justice and environmental sustainability and helps us comprehend and counter today's unprecedented planetary emergencies *The Return of Nature* begins with the deaths of Darwin 1882 and Marx 1883 and moves on until the rise of the ecological age in the 1960s and 1970s Foster explores how socialist analysts and materialist scientists of various stamps first in Britain then the United States from William Morris and Frederick Engels to Joseph Needham Rachel Carson and Stephen J Gould sought to develop a dialectical naturalism rooted in a critique of capitalism In the process he delivers a far reaching and fascinating reinterpretation of the radical and socialist origins of ecology Ultimately what this book asks for is nothing short of revolution a long ecological revolution aimed at making peace with the planet while meeting collective human needs

Marx in the Anthropocene Kohei Saito, 2023-05-11 The book reveals unknown aspects of Marx's vision of post capitalism that is adequate to the Anthropocene

Marx's Capital after 150 Years Marcello Musto, 2019-09-23 Faced with a new crisis of capitalism many scholars are now looking back to the author whose ideas were too hastily dismissed after the fall of the Berlin Wall During the last decade Marx's *Capital* has received renewed academic and popular attention It has been reprinted in new editions throughout the world and the contemporary relevance of its pages is being discussed again Today Marx's analyses are arguably resonating even more strongly than they did in his own time and *Capital* continues to provide an effective framework to understand the nature of capitalism and its transformations This volume includes the proceedings of the biggest international conference held in the world to celebrate the 150th anniversary of *Capital's* publication The book is divided into three parts I Capitalism Past and Present II Extending the Critique of Capital III The Politics of Capital It

contains the contributions of globally renowned scholars from 13 countries and multiple academic disciplines who offer diverse perspectives and critical insights into the principal contradictions of contemporary capitalism while pointing to alternative economic and social models Together they reconsider the most influential historical debates on Capital and provide new interpretations of Marx s magnum opus in light of themes rarely associated with Capital such as gender ecology and non European societies The book is an indispensable source for academic communities who are increasingly interested in rediscovering Marx beyond 20th century Marxism Moreover it will be of great appeal to students as well as established scholars interested in critique of capitalism and socialist theory **Marx and We** Sun Zhengyu,2024-08-01 Marxist ideology

is the only fully scientific ideology the only one able to guide mankind toward the settlement of fundamental social problems and to point out the royal road for the proletariat to take in its march toward socialism and communism Without Marxism modern people cannot establish true social ideals nor can they engage in the rational pursuit of values Without Marxism modern people cannot choose the correct path of development nor can they build up new forms of civilizations Without Marxism modern people would never base their commitments to schedule the consensus building effort and support the consensus building process on any irrefutably and sufficiently sound theoretical foundations Marx and the Earth John Bellamy Foster,Paul Burkett,2016-01-12 A decade and a half ago John Bellamy Foster and Paul Burkett introduced a new revolutionary understanding of the ecological foundations of Marx s thought demonstrating that Marx s concepts of the universal metabolism of nature social metabolism and metabolic rift prefigured much of modern systems ecology Ecological relations were shown to be central to Marx s critique of capitalism including his value analysis Now in Marx and the Earth Foster and Burkett expand on this analysis in the process of responding to recent ecosocialist criticisms of Marx The result is a full fledged anti critique pointing to the crucial roles that dialectics open system thermodynamics intrinsic value and aesthetic understandings played in the original Marxian critique holding out the possibility of a new red green synthesis

A Redder Shade of Green Ian Angus,2017-06-22 A socialist response to the looming ecological crisis As the Anthropocene advances people across the red green political spectrum seek to understand and halt our deepening ecological crisis Environmentalists scientists and eco socialists share concerns about the misuse and overuse of natural resources but often differ on explanations and solutions Some blame environmental disasters on overpopulation Others wonder if Darwin s evolutionary theories disprove Marx s revolutionary views or if capitalist history contradicts Anthropocene science Some ask if all this worry about climate change and the ecosystem might lead to a catastrophism that weakens efforts to heal the planet Ian Angus responds to these concerns in A Redder Shade of Green with a fresh insightful clarity bringing socialist values to science and scientific rigor to socialism He challenges not only mainstream green thought but also radicals who misuse or misrepresent environmental science Angus s argument that confronting environmental destruction requires both cutting edge scientific research and a Marxist understanding of capitalism makes this book an essential resource in the fight

to prevent environmental destruction in the 21st century *Watersheds in Marxist Ecofeminism* Pamela Odih,2014-10-21

The neoliberal environmental governance of river conservation coupled with the organizational modernization imposed and sustained by the European Union's water directives engenders Other Spaces of feminist ecological alignment The riparian landscapes of urban cities are manifestations of political and ideological rationalities operating under the constraints of capitalist markets and are saturated by the contradictions of neoliberal environmental science Neoliberal rationalities configur

Capitalism in the Anthropocene John Bellamy Foster,2022-08-23 Over the last 11 700 years during which human civilization developed the earth has existed within what geologists refer to as the Holocene Epoch Now science is telling us that the Holocene Epoch in the geological time scale ended replaced by the onset of a new more dangerous Anthropocene Epoch which began around 1950 The Anthropocene Epoch is characterized by an anthropogenic rift in the biological cycles of the Earth System marking a changed reality in which human activities are now the main geological force impacting the earth as a whole generating at the same time an existential crisis for the world's population What caused this massive shift in the history of the earth In this comprehensive study John Bellamy Foster tells us that a globalized system of capital accumulation has induced humanity to foul its own nest The result is a planetary emergency that threatens all present and future generations throwing into question the continuation of civilization and ultimately the very survival of humanity itself Only by addressing the social aspects of the current planetary emergency exploring the theoretical historical and practical dimensions of the capitalism's alteration of the planetary environment is it possible to develop the ecological and social resources for a new journey of hope

Sweet Science Amanda Jo Goldstein,2017-07-10 Introduction sweet science Blake's mundane egg epigenesis and milieu Equivocal life Goethe's journals on morphology Tender semiosis reading Goethe with Lucretius and Paul de Man Growing old together Lucretian materialism in Shelley's The triumph of life A natural history of violence allegory and atomism in Shelley's The mask of anarchy Coda old materialism or romantic Marx

Reexamining Engels's Legacy in the 21st Century Kohei Saito,2021-02-02 While the deepening structural crisis of capitalism in the 21st century has led to a revival of interest in Marx all over the world Marx's life long comrade Frederick Engels has largely remained marginalized To commemorate the bicentenary of Engels birth this edited collection aims to rectify this gap in academic scholarship by gathering a diverse group of scholars to consider the legacy of Engels's thought and work and critically examine his theoretical relevance in today's world The contributors of this volume provide new stimulating reading of Engels's works to revive some of Engels's key ideas The Legacy of Engels in the 21st Century integrates the most recent discoveries and achievements of Marxian scholarship employing the historical critical method developed in the Marx Engels Gesamtausgabe to shed light on the forgotten aspects of Engel's critique of capitalism and vision of postcapitalism

Friedrich Engels and the Dialectics of Nature Kaan Kangal,2020-01-27 Reading different or controversial intentions into Marx and Engels works has been a common but somewhat unquestioned practice in the history of Marxist scholarship

Engels Dialectics of Nature a torso for some and a great book for others is a case in point The entire Engels debate separates into two opposite views Engels the contaminator of Marx s new materialism vs Engels the self educated genius of dialectical materialism What Engels unlike Marx has not enjoyed so far is a critical reading that considers the relationship between different layers of this standard text authorial textual editorial and interpretational Informed by a historical hermeneutic this book questions the elements that structure the debate on the Dialectics of Nature It analyzes different political and philosophical functions attached to Engels text and relocates the meaning of the term dialectics into a more precise context Arguing that Engels dialectics is less complete than we usually think it is but that he achieved more than most scholars would like to admit this book fully documents and critically analyzes Engels intentions and concerns in the Dialectics of Nature the process of writing and its reception and edition history in order to reconstruct the solved and unsolved philosophical problems in this unfinished work

The Dialectics of Ecology John Bellamy Foster,2024-04 Today the fate of the earth as a home for humanity is in question and yet contends John Bellamy Foster the reunification of humanity and the earth remains possible if we are prepared to make revolutionary changes As with his prior books The Dialectics of Ecology is grounded in the contention that we are now faced with a concrete choice between ecological socialism and capitalist exterminism and rooted in insights drawn from the classical historical materialist tradition In this latest work Foster explores the complex theoretical debates that have arisen historically with respect to the dialectics of nature and society He then goes on to examine the current contradictions associated with the confrontation between capitalist extractivism and the financialization of nature on the one hand and the radical challenges to these represented by emergent visions of ecological civilization and planned degrowth on the other

International Bibliography of Political Science British Library of Political and Economic Science,2003-10-23 IBSS is the essential tool for librarians university departments research institutions and any public or private institution whose work requires access to up to date and comprehensive knowledge of the social sciences

IBSS: Political Science: 2002 Vol.51 Compiled by the British Library of Political and Economic Science,2004-03-01 First published in 1952 the International Bibliography of the Social Sciences anthropology economics political science and sociology is well established as a major bibliographic reference for students researchers and librarians in the social sciences worldwide Key features Authority rigorous standards are applied to make the IBSS the most authoritative selective bibliography ever produced Articles and books are selected on merit by some of the world s most expert librarians and academics Breadth today the IBSS covers over 2000 journals more than any other comparable resource The latest monograph publications are also included International Coverage the IBSS reviews scholarship published in over 30 languages including publications from Eastern Europe and the developing world User friendly organization all non English titles are word sections Extensive author subject and place name indexes are provided in both English and French Place your standing order now for the 2002 volumes of the the IBSS Anthropology 2002 Vol 48 December 2002 234x156 0 415 32634 6

u195 00 Economics 2002 Vol 51 December 2002 234x156 0 415 32635 4 u195 0 0 Political Science 2002 Vol 51 December 2002 234x156 0 415 32636 2 u195 00 Sociology 2002 Vol 52 December 2002 234x156 0 415 32637 0 u195 00 *Tributes* Irving Horowitz, 2017-10-19 In one of his final works Stephen Jay Gould spoke of the human race as a wildly improbable evolutionary event well within the realm of contingency Drawing on his personal knowledge of fifty figures from the world of twentieth century social science Irving Louis Horowitz offers commentaries drawn from a variety of public occasions to explain one segment of this improbable event In the process he reveals how the past century was defined in substantial measure by the rise of social research Commenting on *Tributes* Daniel Mahoney observes some pieces are completely authoritative and detailed others more conversational and informal That diversity of approaches tied to the special character of these people increases the readability and interest in the book as a whole In addition to illuminating the life and thought of these major figures these essays and addresses reveal the impressive catholicity of Horowitz's concerns and his ability to remain open to the widest range of theoretical and practical approaches In a certain sense this book is also an intellectual autobiography in the form of an expression of Horowitz's debt to intellectual interlocutors and influences over the years As a consequence *Tributes* will be of the greatest interest to anyone who wishes to come to terms with the intellectual formation of the people who gave substance to new ways of experiencing as well as explaining society The book is thus a thoughtful guide to the intellectual life of our times From Arendt and Aron to Veblen and Wildavsky these essays take shape as a systematic mosaic of the past century Written by a central participant in social theory *Tributes* is both an informal guide and a formal text for readers coming upon social science innovators for the first time The book breaks the boundaries of conventional discourse and in so doing gives voice to the outstanding figures that helped make the twentieth century the century of social research **Antonio Gramsci and the Question of Religion** Bruce Grelle, 2016-09-19 Antonio Gramsci and the Question of Religion provides a new introduction to the thought of Gramsci through the prisms of religious studies and comparative ethics Bruce Grelle shows that Gramsci's key ideas on hegemony ideology moral reformation traditional and organic intellectuals were formulated with simultaneous considerations of religion and politics Identifying Gramsci's particular brand of Marxism Grelle offers an overview of Gramsci's approach to religion and applies it to contemporary debates over the role of religion and morality in social order and social change This book is ideal for students and scholars interested in Gramsci religion and comparative ethics *Visual Media and Culture of 'Occupy'* Pamela Odih, 2014-10-17 On 15th October 2011 hundreds of anti capitalist protestors assembled into a spectacular carnivalesque procession towards Paternoster Square the heartland of London's banking district Beginning with Althusser's concept of interpellation this book examines Occupy LSX St Paul's Cathedral in relation to media spectacle Initially focusing on arrival narratives it asks the question were the 15th October 2011 anti capitalist protestors hailed into becoming the subjects of Occupy LSX St Paul's Cathedral Based on extensive ethnographic interviews and photographic data this book demonstrates the complex ways in

which Occupy LSX St Paul s Cathedral interpolated Ashcroft 2001 and subverted media spectacle Kairos exemplifies the longue dur e of the art and ethics of Occupy The bifarious dimensions of kairos emphasise an ethics of care and devotion alongside the indeterminate possibilities of the aleatory encounter Formulated within Marxist aleatory materialism this book explores the momentous reality of Occupy LSX St Paul s Cathedral Instantiated within an extraordinary conjuncture of conflict between capital and labour Occupy LSX St Paul s Cathedral manifested formidable expressions of resistance to the disembodied space of flows timeless times and the real virtualities of transnational capitalist accumulation Empirical case studies are used to engage with the extraordinary strategies that Occupy LSX St Paul s Cathedral politically cultivated to address i the future of print news media The Occupied Times of London ii disjunctures and disruptions within the locality of the space of place amidst the harsh reality of neoliberal austerity measures iii the harnessing of multi modal information communication technologies as part of an imperative to unite the space of place with an international environmental citizenship iv critically mobilising market analogues and promotional media integral to the neoliberal market reform of public sector healthcare provision and in so doing occupying a radical riposte to the entrepreneurial self and marketized morals of neoliberalism s homo economicus consumer citizen In these and many other examples this book argues that Occupy LSX St Paul s Cathedral exemplifies the possibilities of kairos as a condition and consequence of the politics visual media and culture of new social movements

Violence, Narrative and Myth in Joyce and Yeats T. Balinisteanu, 2012-11-14 How can we use art to reconstruct ourselves and the material world Is every individual an art object Is the material world an art text This book answers these questions by examining modernist literature especially James Joyce and W B Yeats in the context of anarchist intellectual thought and Georges Sorel s theory of social myth

Whispering the Strategies of Language: An Psychological Quest through **Mainlining Marx**

In a digitally-driven world wherever screens reign supreme and quick communication drowns out the subtleties of language, the profound strategies and emotional nuances concealed within phrases frequently move unheard. However, nestled within the pages of **Mainlining Marx** a charming fictional treasure blinking with fresh feelings, lies an exceptional quest waiting to be undertaken. Mainlining Marx Introduction

In the digital age, access to information has become easier than ever before. The ability to download Mainlining Marx has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Mainlining Marx has opened up a world of possibilities. Downloading Mainlining Marx provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Mainlining Marx has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Mainlining Marx. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Mainlining Marx. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Mainlining Marx, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software

installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Mainlining Marx has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Mainlining Marx Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Mainlining Marx is one of the best book in our library for free trial. We provide copy of Mainlining Marx in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Mainlining Marx. Where to download Mainlining Marx online for free? Are you looking for Mainlining Marx PDF? This is definitely going to save you time and cash in something you should think about.
