The Place of the Spirit Sarah Morice-Brubaker, 2014-08-28 Is there any way to talk theologically about the Trinity and place What might the placedness of creation have to do with God s triunity In *The Place of the Spirit* Sarah Morice Brubaker considers how anxieties about place have influenced Trinitarian theology both what it is asked to do and the language in which it is expressed When one is nervous about collapsing God into created horizons she suggests one is apt to come up with a model of Trinity that refuses place Distance becomes a primary way of situating the divine persons in relations to each other Conversely theologians who wish to avoid a too remote God likewise recruit Trinitarian language to suit that purpose They too use language that encourages the importance of place expressing triunity in terms of coinherence and mutual indwelling And yet suggests Morice Brubaker the question has received full on attention in other areas of ethics philosophy and systematic theology *The Place of the Spirit* calls for Trinitarian thought to avail itself of those insights and offers some ways in which it may do so

The Spirit of This Place Patrick Summers, 2018-11-22 Artists today are at a crossroads With funding for the arts and humanities endowments perpetually under attack and school districts all over the United States scrapping their art curricula altogether the place of the arts in our civic future is uncertain to say the least At the same time faced with the problems of the modern world from water shortages and grave health concerns to global climate change and the now constant threat of terrorism one might question the urgency of this waning support for the arts In the politically fraught world we live in is the felt experience even

something worth fighting for In this soul searching collection of vignettes Patrick Summers gives us an adamant impassioned affirmative Art he argues nurtures freedom of thought and is more necessary now than ever before As artistic director of the Houston Grand Opera Summers is well positioned to take stock of the limitations of the professional arts world a world where the conversation revolves almost entirely around financial questions and whose reputation tends toward elitism and to remind us of art s fundamental relationship to joy and meaning Offering a vehement defense of long form arts in a world with a short attention span Summers argues that art is spiritual and that music in particular has the ability to ask spiritual questions to inspire cathartic pathos and to express spiritual truths Summers guides us through his personal encounters with art and music in disparate places from Houston s Rothko Chapel to a music classroom in rural China and reflects on musical works he has conducted all over the world Assessing the growing canon of new operas performed in American opera houses today he calls for musical artists to be innovative and brave as opera continues to reinvent itself This book is a moving credo elucidating Summers s belief that the arts especially music help us to understand our own humanity as intellectual aesthetic and ultimately spiritual

The Spirit of Yellowstone Judith L. Meyer, 2003-06-23 Yellowstone National Park s famous geysers exotic landscape and beautiful wildlife partially explain its enormous popularity but there is something more to the Yellowstone experience a powerful spirit to the place that is more than the sum of its parts This fascinating history of America s favorite national park shows how that spirit has endured over Yellowstone s 127 year existence Meyer shows that Yellowstone has consistently evoked awe in different generations of Americans even as our attitudes toward nature have changed over the years That awe is also captured in photographer Vance Howard s evocative images which alongside historic photographs and other early artistic interpretations of the Park s wonders support Meyer s view that Yellowstone s unique sense of place makes it worth preserving not only for its ecological value but for its lasting importance in American culture
