Maitreya, the Future Buddha Alan Sponberg, Helen Hardacre, 1988-04-29 This 1988 book is a multidisciplinary and cross cultural study of the legend that has evolved around the figure of Maitreya *Parabola*, 1984 **Dunhuang Manuscript Culture** Imre Galambos, 2020-12-07 Dunhuang Manuscript Culture explores the world of Chinese manuscripts from ninth to tenth century Dunhuang an oasis city along the network of pre modern routes known today collectively as the Silk Roads The manuscripts have been discovered in 1900 in a sealed off side chamber of a Buddhist cave temple where they had lain undisturbed for for almost nine hundred years The discovery comprised tens of thousands of texts written in over twenty different languages and scripts including Chinese Tibetan Old Uighur Khotanese Sogdian and Sanskrit This study centres around four groups of manuscripts from the mid ninth to the late tenth centuries a period when the region was an independent kingdom ruled by local families The central argument is that the manuscripts attest to the unique cultural diversity of the region during this period exhibiting alongside obvious Chinese elements the heavy influence of Central Asian cultures As a result it was much less Chinese than commonly portrayed in modern scholarship The book makes a contribution to the study of cultural and linguistic interaction along the Silk Roads **Catalog of Copyright Entries** Library of Congress. deceased faithful navigate the complex underworld bureaucracy avert the punitive terrors of hell and arrive at the happy realm of rebirth The author is concerned with the formative period of this important Buddhist deity before his underworldly aspect eclipses his connections to other religious expressions and at a time when the art mythology practices and texts of his cult were still replete with possibilities She begins by problematizing the reigning model of Dizang one that proposes an evolution of gradual sinicization and increasing vulgarization of a relatively unknown Indian bodhisattva Ksitigarbha into a Chinese deity of the underworld Such a model the author argues obscures the many faceted personality and iconography of Dizang Rejecting it she deploys a broad array of materials art epigraphy ritual texts scripture and narrative literature to recomplexify Dizang and restore as much as possible from the fragmented historical sources what this figure meant to Chinese Buddhists from the sixth to tenth centuries Rather than privilege any one genre of evidence the author treats both material artifacts and literary works canonical and noncanonical sources Adopting an archaeological approach she excavates motifs from and finds resonances across disparate genres to paint a vibrant detailed picture of the medieval Dizang cult Through her analysis the cult far from being an isolated phenomenon is revealed as integrally woven into the entire fabric of Chinese Buddhism functioning as a kaleidoscopic lens encompassing a multivalent religio cultural assimilation that resists the usual bifurcation of doctrine and practice or elite and popular religion The Making of a Savior Bodhisattva presents a fascinating wealth of material on the personality iconography and lore associated with the medieval Dizang It elucidates the complex cultural religious and social forces shaping the florescence of this savior cult in Tang China while simultaneously addressing several broader theoretical issues that have preoccupied the field Zhiru not only questions the use of sinicization as a lens through which to view Chinese Buddhist history she also brings both canonical and noncanonical literature into dialogue with a body of archaeological remains that has been ignored in the study of East Asian Buddhism The Journal of the Hyderabad Archæological Society ,1918 *Critical Commentary on the Banning of Unregulated Deposit Schemes Act, 2019 and Allied Laws* Chaudhary Suraj Surjit,2021-03-15 About the book With the passage of time the existing State Depositor Protection Laws have proven inadequate in protecting the general public from unscrupulous deposit taking firms Parliament has thought it fit to remedy the situation by bringing out Banning of Unregulated Deposit Schemes Act 2019 While there is no end to the kingdom of knowledge in this fast changing society there was dearth of suitable books on Depositor Protection Laws This book is a brief analytical section wise legal commentary on the recently enacted Banning Act which is an umbrella law covering all kinds of deposits Central and State It attempts to highlight and analyse the various issues problems short comings lapses and merits in the Banning Act and allied laws in the backdrop of the litigation surrounding the various State UT Acts that this new Central Act replaces This book will be of value to anyone concerned to understand the rights and remedies under this law It would be immensely useful for legal practitioners company secretaries chartered accountants law makers enforcement agencies judges and depositors Key features This book is an exhaustive treatise on the
