Michael F. Marra

Nishi Amane And Modern Japanese Thought:

Nishi Amane and Modern Japanese Thought Thomas R.H. Havens, 2015-03-08 A nineteenth century aristocrat Nishi Amane 1829 1897 was one of the first Japanese to assert the supremacy of Western culture He was sent by his government to Leiden to study the European social sciences on his return to Japan shortly before the climactic Meiji Restoration of 1868 he introduced and adapted European utilitarianism and positivism to his country's intellectual world To modernize Nishi held Japan must cast off the bonds of the Confucian world view in order to adopt new principles of empirical scholarly investigation and new standards of self improvement Though a Confucian by upbringing Nishi became thoroughly committed to Western intellectual values in his programs for the new Japanese society In his roles of teacher writer and government administrator he was influential at one of the most critical times in Japan's history Originally published in 1970 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Modern Japanese Aesthetics Michael F. Marra, 2001-09-30 *Modern Japanese Aesthetics* is the first work in English on the history of the Japanese philosophy of art from its inception in the 1870s to the present In addition to the historical information and discussion of aesthetic issues that appear in the introductions to each of the chapters the book presents English translations of otherwise inaccessible major works on Japanese aesthetics beginning with a complete and annotated translation of the first work in the field Nishi Amane's *Bimyogaku Setsu The Theory of Aesthetics* In its four sections The Subject of Aesthetics Aesthetic Categories Poetic Expression Postmodernism and Aesthetics *Modern Japanese Aesthetics* discusses the momentous efforts made by Japanese thinkers to master assimilate and transform Western philosophical systems to discuss their own literary and artistic heritage Readers are introduced to debates between the unconditional supporters of Western ideas Onishi Hajime and more cautious approaches to the literary and artistic past Okakura Kakuzo Tsubouchi Shoyo The institutionalization of aesthetics as an academic subject is discussed and the work of some of Japan's most distinguished professional aestheticians Onishi Yoshimori Imamichi Tomonobu philosophers Kusanagi Masao Nishitani Keiji Sakabe Megumi and literary critics Karatani Kojin is included *Modern Japanese Aesthetics* is a sophisticated and energetic volume on the process that led to the construction of aesthetic categories used by Japanese and later Western scholars in discussing Japanese literature and arts This important work will be essential reading for anyone concerned with the formation of a critical vocabulary in Japan *Modern Japanese Aesthetics A Reader* is a companion volume to *A History of Modern Japanese Aesthetics* UH Press 2001

The Internationalists Oona A. Hathaway, Scott J. Shapiro, 2017-09-12 An original book about individuals who used ideas to change the world *The New Yorker* the fascinating

exploration into the creation and history of the Paris Peace Pact an often overlooked but transformative treaty that laid the foundation for the international system we live under today In 1928 the leaders of the world assembled in Paris to outlaw war Within the year the treaty signed that day known as the Peace Pact had been ratified by nearly every state in the world War for the first time in history had become illegal But within a decade of its signing each state that had gathered in Paris to renounce war was at war And in the century that followed the Peace Pact was dismissed as an act of folly and an unmistakable failure This book argues that the Peace Pact ushered in a sustained march toward peace that lasts to this day A thought provoking and comprehensively researched book The Wall Street Journal The Internationalists tells the story of the Peace Pact through a fascinating and diverse array of lawyers politicians and intellectuals It reveals the centuries long struggle of ideas over the role of war in a just world order It details the brutal world of conflict the Peace Pact helped extinguish and the subsequent era where tariffs and sanctions take the place of tanks and gunships The Internationalists is indispensable The Washington Post Accessible and gripping this book will change the way we view the history of the twentieth century and how we must work together to protect the global order the internationalists fought to make possible A fascinating and challenging book which raises gravely important issues for the present Given the state of the world The Internationalists has come along at the right moment The Financial Times

The British Stake In Japanese Modernity
Michael Gardiner, 2019-09-30 This book describes firstly a Japanese modernity which is readable not only as a modernising but also as a Britishing and secondly modernist attempts to overhaul this British universalism in some well known and some less known Japanese texts From the mid nineteenth century and particularly as hastened by the spectre of China in the First Opium War Japan's modernity was bound up with a convergence with British Newtonian cosmology something underscored by the British presence in Meiji Japan and the British education of key Meiji state makers Moreover the thinking behind Britain's own unification in the long eighteenth century particularly the Scottish Enlightenment is echoed strikingly faithfully in the 1860s 70s work of Fukuzawa Yukichi Nakamura Masanao and other writers in the Japanese Enlightenment However from around the end of the Meiji era we can see a concerted and pointed response to this British universalism its historiography its basis in the sovereign individual subject and its spatial mapping of the world Elements of this response can be read in texts including Natsume S seki's Kokoro Watsuji Tetsur's F do Climate and Culture Tanizaki Jun ichir's In ei Raisan In Praise of Shadows Kawabata Yasunari's Yukiguni Snow Country and various work of the mid period Kyoto School Rarely understood in terms of its British specificity this response should have something to say to modernist studies more generally since it aimed at a pluralism and de universalisation that was difficult for mainstream British modernism itself Indeed the strength of this de universalisation may be precisely why these native Japanese modernist tendencies have not much been accepted as modernism within the Anglophone academy despite this field's apparent widening of its ground in the twenty first century

Learning to Emulate the Wise John Makeham, 2012-07-02 Learning to Emulate the Wise is the

first book of a threevolume series that constructs a historically informed multidisciplinary framework to examine how traditional Chinese knowledge systems and grammars of knowledge construction interacted with Western paradigms in the formation and development of modern academic disciplines in China Within this volume John Makeham and several other noted sinologists and philosophers explore how the field of Chinese philosophy Zhongguo Zhexue was born and developed in the early decades of the twentieth century examining its growth and relationship with European American and Japanese scholarship and philosophy The work discusses an array of representative institutions and individuals including FengYoulan Fu Sinian Hu Shi Jin Yuelin Liang Shuming Nishi Amane Tang Yongtong Xiong Shili Zhang Taiyan and a range of Marxist philosophers The epilogue discusses the intellectualhistorical significance of these figures and throws into relief how Zhongguozhexue is understood today

The Idea of Democracy in the Modern Era Ralph Ketcham,2021-10-08 Although the last half of the twentieth century has been called the Age of Democracy the twenty first has already demonstrated the fragility of its apparent triumph as the dominant form of government throughout the world Reassessing the fate of democracy for our time distinguished political theorist Ralph Ketcham traces the evolution of this idea over the course of four hundred years He traces democracy s bumpy ride in a book that is both an exercise in the history of ideas and an explication of democratic theory Ketcham examines the rationales for democratic government identifies the fault lines that separate democracy from good government and suggests ways to strengthen it in order to meet future challenges Drawing on an encyclopedic command of history and politics he examines the rationales that have been offered for democratic government over the course of four manifestations of modernity that he identifies in the Western and East Asian world since 1600 Ketcham first considers the fundamental axioms established by theorists of the Enlightenment Bacon Locke Jefferson and reflected in America s founding then moves on to the mostly post Darwinian critiques by Bentham Veblen Dewey and others that produced theories of the liberal corporate state He explains late nineteenth century Asian responses to democracy as the third manifestation grounded in Confucian respect for communal and hierarchical norms followed by late twentieth century postmodernist thought that views democratic states as oppressive and seeks to empower marginalized groups Ketcham critiques the first second and fourth modernity rationales for democracy and suggests that the Asian approach may represent a reconciliation of ancient wisdom and modern science better suited to today s world He advocates a reorientation of democracy that de emphasizes group or identity politics and restores the wholeness of the civic community proposing a return to the Jeffersonian universalism that which informed the founding of the United States if democracy is to flourish in a fifth manifestation The Idea of Democracy in the Modern Era is an erudite interdisciplinary work of great breadth and complexity that looks to the past in order to reframe the future With its global overview and comparative insights it will stimulate discussion of how democracy can survive and thrive in the coming era

Globalizing Japanese Philosophy as an Academic Discipline Ching-yuen Cheung,Wing-keung Lam,2017-04-03 The book is divided into two parts namely Japanese

Philosophy Teaching and Research in the Global World and Japanese Philosophy as an Academic Discipline In the first part there are reports of the situation of teaching and research of Japanese philosophy The areas discussed are Japan Canada France Spain and English speaking regions In the second part there will be papers on various topics on Japanese philosophy such as papers on Nishida Kitaro Kuki Shuzo Tanabe Hajime to contemporary thinker such as Sakabe Megumi These papers not only show the topics on Japanese philosophical debates but also are the potential of Japanese philosophical thoughts

Principle, Praxis, and the Politics of Educational Reform in Meiji Japan Mark Lincicome, 1995-04-01 Scholars of modern Japan agree that education played a crucial role in that country's rapid modernization during the Meiji period 1868-1912 With few exceptions however Western approaches to the subject treat education as an instrument of change controlled by the Meiji political and intellectual elite Principle Praxis and the Politics of Educational Reform in Meiji Japan offers a corrective to this view By introducing primary source materials including teaching manuals educational periodicals and primary school textbooks missing from most English language works Mark Lincicome examines an early case of resistance to government control that developed within the community of professional educators He focuses on what began in 1872 as an attempt by the newly established Ministry of Education to train a corps of professional teachers that could civilize and enlighten the masses in compulsory primary schools Through the Tokyo Normal School and other new teacher training schools sponsored by the government the ministry began what it thought was a straightforward technology transfer of the latest teaching methods and materials from the United States and Europe Little did the ministry realize that it was planting the seeds of broader reform that would challenge not only its underlying doctrine of education but its very authority over education The reform movement centered around efforts to explicate and disseminate the doctrine of kaihatsushugi developmental education Hailed as a modern scientific approach to child education it rejected rote memorization and passive learning elements of the so called method of pouring in chunyu knowledge practiced during the preceding Tokugawa period and sought instead to cultivate the unique innate abilities of each child Orthodox ideas of education knowledge and the process by which children learn were challenged The position and responsibilities of the teacher were enhanced consequently providing educators with a claim to professional authority and autonomy at a time when the Meiji state was attempting to control every facet of the Japanese school system Principle Praxis and the Politics of Educational Reform in Meiji Japan analyzes a key element to understanding Meiji development and modern Japan as a whole

The Diffusion of Western Economic Ideas in East Asia Malcolm Warner, 2016-12-19 This book examines the diffusion of economic ideas in East Asia assessing the impact of external ideas on internal theory and practice It considers economists from Adam Smith onwards including Marx Keynes Hayek and contemporary economists and covers the subject both historically and also includes present day and likely future developments The book covers all the major countries of East Asia and pays particular attention to specific economists who have had a strong impact in specific countries and to important developments in economic theory

in East Asia exploring how far these have been driven by Western economic ideas This book will be welcomed by students and scholars of East Asia and South east Asia as well as those interested in economics economic history and management

Japan Encounters the Barbarian Emeritus Professor W G Beasley, William G. Beasley, 1995-01-01 For over a hundred years the Japanese have looked to the West for ideas institutions and technology that would help them achieve their goal of national wealth and strength In this book a distinguished historian of Japan discusses Japan s cultural borrowing from America and Europe W G Beasley focuses on the mid nineteenth century when Japan s rulers dispatched diplomatic missions to the West to discover what Japan needed to learn sent students abroad to assimilate information and invited foreign experts to Japan to help put the knowledge to practical use Beasley examines the origins of the decision to initiate direct study of the West at a time when western countries counted as barbarian by Confucian standards Drawing on many colourful letters diaries memoirs and reports he describes the missions sent overseas in 1860 and 1862 in 1865 1867 and in the years after 1868 in particular the prestigious embassy led by Iwakura in 1871 1873 The book also tells the story of the several hundred students who went overseas in this period It concludes by assessing the impact of the encounters on the subsequent development of Japan first by examining the later careers of the travellers and the influence they exercised they included no fewer than six prime ministers of the late nineteenth and early twentieth centuries and then by considering the nature of the ideas they brought home *Japan and Korea* Frank Joseph Shulman, 2013-10-23 First Published in 1971 This annotated bibliography of doctoral dissertations on Japan and Korea grew out of a decision to expand and bring up to date an earlier list entitled Unpublished Doctoral Dissertations Relating to Japan Accepted in the Universities of Australia Canada Great Britain and the United States 1946 1963 compiled by Peter Cornwall and issued by the Center for Japanese Studies in 1965

From Taoism to Einstein Olof G. Lidin, 2021-06-22 Ki emerged first and is the thread that runs through the millennia of Chinese philosophy Ri was added later in Sung times and together ki and ri became the mainstay and core of Chinese beliefs in Sun 960 1279 Ming 1279 1644 and Ch ing 1644 1911 times In this remarkable and inspirational study researched over many years the author takes the view that ki can profitably be compared with European philosophy In China the ki thread appears as an original primal ki genki which is the source of all things and affairs The search is for the whole In Greece and later in Europe the thinking goes in the opposite direction it searches for the exact truth in the independent units of the cosmos the atoms the truth being found in the part The study has three separate but interrelated parts Part I delineates the ki and ri philosophy as it developed in China Part II presents Confucian study and learning in Tokugawa Japan 1600 1868 Part III finishes with conclusions about things East and West and the situation in today s world From Taoism to Einstein will have wide appeal to students of Eastern religion and philosophy as well as students of East Asian history and political science and Chinese and Japanese studies in general **The Discovery of Chinese Logic** Joachim Kurtz, 2011-07-27 Until 1898 Chinese and foreign scholars agreed that China had never known needed or desired a field of study similar in scope and

purpose to European logic Less than a decade later Chinese literati claimed that the discipline had been part of the empire's learned heritage for more than two millennia This book analyzes the conceptual ideological and institutional transformations that made this drastic change of opinion possible and acceptable Reconstructing the discovery of Chinese logic as a paradigmatic case of the epistemic shifts that continue to shape interpretations of China's intellectual history it offers a fresh view of the formation of modern academic discourses in East Asia and adds a neglected chapter to the global histories of science and philosophy

Thoughts on Economic Development in China Ma Ying, Hans-Michael Trautwein, 2013-03-05 This book is about mutual influences of thinking about economic development in China and in the West from the 18th century until the present Its chapters are contributed by development economists and historians of thought from China and other parts of the world The book describes important stages in the evolution cross fertilization and contextual modification of ideas about economic order development and institutional change It illustrates how Western concepts and theories have been adopted and adapted to Chinese conditions in different waves of modernization from the late 19th century until the present and that this was and is no one way traffic The book examines to what extent pre classical thinking in the West in particular French Physiocracy in mid 18th century was influenced by China as an ideal and a source of ideas at a time when China was the largest and most advanced economy in the world It discusses to what extent different approaches of modern Western style economics in particular in the fields of development economics and institutional economics can be used to understand the rapid transitions and developments of the Chinese economy in recent decades and to what extent they need to be modified in the light of new experiences and insights Against this background several contributions to the volume provide assessments of the current state of economic science and teaching in China in particular with regard to Chinese views on Western economics The book should be of interest to those who are interested in the economic history of China

The Future Japan Iichirō Tokutomi, Hiroaki Matsuzawa, Nicholas Wickenden, 1989 Two decades after the collapse of the Tokugawa shogunate the optimism of the early Meiji years was dissipating In 1886 Tokutomi Soho's passionately eloquent *Shorai no Nihon* The Future Japan presented his panoramic view of the world trend of history and proclaimed that Japan must transform into an industrial and a democratic nation Translated for the first time into English The Future Japan offers valuable insights into the motives that led Japan to become one of the world's great powers

Japan at War Louis G. Perez, 2013-01-08 This compelling reference focuses on the events individuals organizations and ideas that shaped Japanese warfare from early times to the present day Japan's military prowess is legendary From the early samurai code of morals to the 20th century battles in the Pacific theater this island nation has a long history of duty honor and valor in warfare This fascinating reference explores the relationship between military values and Japanese society and traces the evolution of war in this country from 700 CE to modern times In *Japan at War* An Encyclopedia author Louis G Perez examines the people and ideas that led Japan into or out of war analyzes the outcomes of battles and presents theoretical alternatives to the strategic

choices made during the conflicts The book contains contributions from scholars in a wide range of disciplines including history political science anthropology sociology language literature poetry and psychology and the content features internal rebellions and revolutions as well as wars with other countries and kingdoms Entries are listed alphabetically and extensively cross referenced to help readers quickly locate topics of interest

Routledge Library Editions: Education in Asia

Various,2021-07-14 This set of reissued books examines education in Asia from a variety of different angles From the westernisation of early twentieth century Chinese education to the impact of the Communist revolution to education and society in Korea to Asian women s experiences of education this set collects some key texts by a range of original thinkers

Church Space and the Capital in Prewar Japan Garrett L. Washington,2022-01-31 Christians have never constituted one percent of Japan s population yet Christianity had a disproportionately large influence on Japan s social intellectual and political development This happened despite the Tokugawa shogunate s successful efforts to criminalize Christianity and even after the Meiji government took measures to limit its influence From journalism and literature to medicine education and politics the mark of Protestant Japanese is indelible Herein lies the conundrum that has interested scholars for decades How did Christianity overcome the ideological legacies of its past in Japan How did Protestantism distinguish itself from the other options in the religious landscape like Buddhism and New Religions And how did the religious movement s social relevance and activism persist despite the government s measures to weaken the relationship between private religion and secular social life in Japan In *Church Space and the Capital in Prewar Japan* Garrett L Washington responds to these questions with a spatially explicit study on the influence of the Protestant church in imperial Japan He examines the physical and social spaces that Tokyo s largest Japanese led congregations cultivated between 1879 and 1923 and their broader social ties These churches developed alongside and competed with the locational architectural and social spaces of Buddhism Shinto and New Religions Their success depended on their pastors decisions about location and relocation those men s conceptualizations of the new imperial capital and aspirations for Japan and the Western style buildings they commissioned Japanese pastors and laypersons grappled with Christianity s relationships to national identity political ideology women s rights Japanese imperialism and modernity church based group activities aimed to raise social awareness and improve society Further it was largely through attendees externalized ideals and networks developed at church but expressed in their public lives outside the church that Protestant Christianity exerted such a visible influence on modern Japanese society *Church Space* offers answers to longstanding questions about Protestant Christianity s reputation and influence by using a new space centered perspective to focus on Japanese agency in the religion s metamorphosis and social impact adding a fresh narrative of cultural imperialism

The Oxford Handbook of Japanese Philosophy Bret W. Davis,2020 This handbook is currently in development with individual articles publishing online in advance of print publication At this time we cannot add information about unpublished articles in this handbook however the table of contents will continue to grow

as additional articles pass through the review process and are added to the site Please note that the online publication date for this handbook is the date that the first article in the title was published online *Aesthetics and Politics of Space in Russia and Japan* Thorsten Botz-Bornstein,2009-01-01 Aesthetics and Politics of Space in Russia and Japan A Comparative Philosophical Study examines the parallels between Russian and Japanese philosophies and religions by revealing a common concept of space in Russian and Japanese aesthetics and political theories Thorsten Botz Bornstein shows points of convergence between the two traditions regarding the treatment of space within the realm of identity both individual and communal and in formulations of the relationship between regionalism localism and globalism

Unveiling the Energy of Verbal Art: An Psychological Sojourn through **Nishi Amane And Modern Japanese Thought**

In a world inundated with monitors and the cacophony of fast connection, the profound power and psychological resonance of verbal beauty usually fade in to obscurity, eclipsed by the constant onslaught of noise and distractions. Nishi Amane And Modern Japanese Thought Introduction

In the digital age, access to information has become easier than ever before. The ability to download Nishi Amane And Modern Japanese Thought has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Nishi Amane And Modern Japanese Thought has opened up a world of possibilities. Downloading Nishi Amane And Modern Japanese Thought provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Nishi Amane And Modern Japanese Thought has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Nishi Amane And Modern Japanese Thought. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Nishi Amane And Modern Japanese Thought. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Nishi Amane And Modern Japanese

Thought, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Nishi Amane And Modern Japanese Thought has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Nishi Amane And Modern Japanese Thought Books

1. Where can I buy Nishi Amane And Modern Japanese Thought books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
