The Literary Gazette ,1827 [The Bounce in the Captain's Boots](#) Jayne Fresina,2017-09-13

When Emma Chance met her best friend's elder brother she knew instantly that he needed somebody to put the bounce back in his boots But it couldn't be her of course She wouldn't know where to start Against the odds Emma Chance survived a childhood of cruelty and neglect She's never had time for fairytales or Prince Charming and as a young woman with a logical mind her preference is for tidy facts over messy feelings But with one glance from his dark eyes Captain Guy Hathaway causes poor Emma a bundle of the latter and turns her cautious world on its head To him she is nothing more than his little sister's shy awkward friend and she wouldn't know what to do with herself in any case if he ever looked at her as anything more than that But there's something about Captain Hathaway The charismatic captain has a reputation for trouble Brawls duels and dangerous women litter his past With a mischievous sense of humor a hot temper and

a reckless impulse to leap in with both feet he has always sailed along at a steady clip determined never to be anchored too long in one place and never risking his heart But lately he s felt a strange emptiness a yearning for something he cannot identify It began a few years ago about the time he escorted his younger sister and two of her friends to a ball Did he lose something there or did he find it Until he gets to the bottom of this mystery he knows he won t be whole again In the meantime while he seeks out the source of this discontent he can make himself useful initiate some changes in his life and do a few good deeds for once Why not For instance timid plain little Miss Chance his sister s droopy best friend could surely benefit from a helping hand The first time he met her she was a mess of nerves covered in a red rash and itching as if riddled with fleas But he can t help feeling there is more to the strange creature than meets the eye Yes indeed there is something about Emma Chance

Forever 17 Ulrike Bialas,2023-12-26 Heartbreaking images of children in distress have propelled some of the most urgent calls for action on immigration crises While we might feel a personal impulse to help the vulnerable this often extends to state asylum policies In *Forever 17* sociologist Ulrike Bialas follows young African and Central Asian migrants in Germany as they navigate an immigration system engineered to protect minors Without official paperwork or even knowledge of their exact age migrants must decide how to present their complicated life stories to government officials Age in particular often has an outsized effect on their cases A migrant under 18 can t be deported for instance but might be placed in a youth home with strict curfew laws that are especially infantilizing as peers at home begin to start families An 18 year old adult will have permission to work but not opportunities to go to school And a 15 year old mother will be separated from her child No matter their age or choice of age migrants face psychological burdens as well as practical barriers But the psychological and practical burdens don t exclusively affect migrants Bialas also spends time with the social workers and doctors charged with determining a migrant s age and national origins Though Germany s infamous bureaucracy is constructed to issue clear statements about refugees the truth is often more complicated Social workers and doctors grapple with the difficult implications of their decisions Ultimately Bialas shows policies surrounding asylum seekers and other immigrants fall dramatically short of their humanitarian ideals Even those policies designed to help the most vulnerable can lead to outcomes that drastically limit the possibilities for migrants in real need of asylum and impede them from leading fulfilling lives
