Christian Masculinity Yvonne Maria Werner, 2011 In the mid nineteenth century when the idea of religion as a private matter connected to the home and the female sphere won acceptance among the bourgeois elite Christian religious practices began to be associated with femininity and soft values Contemporary critics claimed that religion was incompatible with true manhood and today's scholars talk about a feminization of religion But was this really the case What expression did male religious faith take at a time when Christianity was losing its status as the foundation of society This is the starting point for the research presented in Christian Masculinity Here we meet Catholic and Protestant men struggling with and for their Christian faith as priests missionaries and laymen as well as ideas and reflections on Christian masculinity in media fiction and correspondence of various kinds Some men engaged in social and missionary work or strove to harness the masculine combative spirit to Christian ends while others were eager to show the male character of Christian virtues This book not only illustrates the importance of religion for the understanding of gender construction but also the need to take into consideration confessional and institutional aspects of religious identity

culture and politics Axel Munthe Bengt Jangfeldt, 2008-03-30 Axel Munthe The Road to San Michele tells for the first time the riveting life story of an extraordinary individual who came to define the times he lived in The precociously bright son of a Swedish pharmacist Axel Munthe worked under Jean Martin Charcot and in 1880 became the youngest doctor in French history By the 1890s he was world famous for his healing powers believed by some to be supernatural He moved in the most colourful and exalted circles of fin de siecle Europe counting amongst his friends Henry James Howard Carter Rainer Maria Rilke Lady Ottoline Morrell and Count Zeppelin Though physician to the Swedish court where he became the lover of the Crown Princess Victoria Munthe was more at home with nature than with people He travelled through remotest Lapland as well as across Europe and his great love was animals whom he went to great lengths to protect In 1929 he published The Story of San Michele an account of his life shot through with his love for Italy and Capri where he built a bird sanctuary and the house of his dreams the Villa San Michele The book became an international best seller translated into 40 languages and has become one of the classics of the last century Bengt Jangfeldt is the first person to have gone through Munthe's diaries letters and notebooks to produce this definitive account of one of 20th Century Europe's most vibrant figures Written with the verve and exuberance of its subject Axel Munthe The Road to San Michele evokes a lost time a life of passions and a man who believed in every sense in the power of dreams Nordic Literature Steven P. Sondrup, Mark B. Sandberg, Thomas A. DuBois, Dan Ringgaard, 2017-12-15 Nordic Literature A comparative history is a multi volume comparative analysis of the literature of the Nordic region Bringing together the literature of Finland continental Scandinavia Sweden Norway Denmark and S pmí and the insular region Iceland Greenland and the Faroe Islands each volume of this three volume project adopts a new frame through which one can recognize and analyze significant clusters of literary practice This first volume Spatial nodes devotes its attention to the changing literary figurations of space by Nordic writers from medieval to contemporary times Organized around the depiction of various scapes and spatial practices at home and abroad this approach to Nordic literature stretches existing notions of temporally linear nationally centered literary history and allows questions of internal regional similarities and differences to emerge more strongly The productive historical contingency of the North as a literary space becomes clear in this close analysis of its literary texts and practices *Scandinavism: Overlapping and Competing Identities in the Nordic World, 1770-1919* Tim van Gerven, 2022-01-21 Winner of the 2022 Nordic History Book Award Despite its failure as a political mobilizer Scandinavism as a cultural movement would have a great impact on national consciousness raising in Denmark Norway and Sweden by stressing common ethnolinguistic mythological and historical roots This cultural vision is traced in the Long 19th Century specifically in its interactions and overlaps with the various nationally specific manifestations of cultural nationalism Through an in depth analysis of an extensive corpus of cultural products ranging from novels and poetry to public commemorations painting and street name signs this book demonstrates that cultural Scandinavism was successful in forging a common pan Scandinavian identity that supplemented and strengthened
