any effective attention to them If Dreyfus had been convicted in England it is probable that no voice would 229 ever have been raised in his favour it is absolutely certain that there would never have been a second trial A keen sense of abstract justice is only to be found in conjunction with a rich fount of imaginative sympathy The English are too self absorbed to take much interest in their neighbours affairs too busy to care for abstract questions of right or wrong Before the trial of Oscar Wilde I still believed that in a criminal case rough justice would be done in England The bias of an English judge I said to myself is always in favour of the accused It is an honourable tradition of English procedure that even the Treasury barristers
