**Thomas Sankara** Brian J. Peterson, 2021-03-02 Thomas Sankara A Revolutionary in Cold War Africa offers the first complete biography in English of the dynamic revolutionary leader from Burkina Faso Thomas Sankara Coming to power in 1983 Sankara set his sights on combating social injustice poverty and corruption in his country fighting for women's rights direct forms of democracy economic sovereignty and environmental justice Drawing on government archival sources and over a hundred interviews with Sankara's family members friends and closest revolutionary colleagues Brian J Peterson details Sankara's political career and rise to power as well as his assassination at age 37 in 1987 in a plot led by his close friend Blaise Compaoré Thomas Sankara A Revolutionary in Cold War Africa offers a unique critical appraisal of Sankara and explores why he generated such enthusiasm and hope in Burkina Faso and beyond why he was such a polarizing figure how his rivals seized power from him and why T-shirts sporting his image still appear on the streets today **Burkina Faso**

Ernest Harsch, 2017-10-15 In October 2014 huge protests across Burkina Faso succeeded in overthrowing the long entrenched regime of their authoritarian ruler Blaise Compaoré Defying all expectations this popular movement went on to defeat an attempted coup by the old regime making it possible for a transitional government to organize free and fair elections the following year In doing so the people of this previously obscure West African nation surprised the world and their struggle stands as one of the few instances of a popular democratic uprising succeeding in postcolonial sub-Saharan Africa For over three decades Ernest Harsch has researched and reported from Burkina Faso interviewing subjects ranging from local democratic activists to revolutionary icon Thomas Sankara the man once dubbed Africa's Che Guevara In this book Harsch provides a compelling history of this little understood country from the French colonial period to the Compaoré regime and the movement that finally deposed him A Certain Amount of Madness Amber Murrey, 2018-03-20 Thomas Sankara

was one of Africa's most important anti-imperialist leaders of the late 20th Century His declaration that fundamental socio-political change would require a certain amount of madness drove the Burkinabe Revolution and resurfaced in the country's popular uprising in 2014 This book looks at Sankara's political philosophies and legacies and their relevance today Analyses of his synthesis of Pan-Africanism and humanist Marxist politics as well as his approach to gender development ecology and decolonisation offer new insights to Sankarist political philosophies Critical evaluations of the limitations of the revolution examine his relationship with labour unions and other aspects of his leadership style His legacy is revealed by looking at contemporary activists artists and politicians who draw inspiration from Sankarist thought in social movement struggles today from South Africa to Burkina Faso In the 30th anniversary of his assassination this book illustrates how Sankara's political praxis continues to provide lessons and hope for decolonisation struggles today **African Political Thought** Guy Martin, 2012-12-05 For most of its history the African continent has witnessed momentous political change remarkable philosophical innovation and the complex cross-fertilization of ideologies and belief systems This definitive study surveys the

concepts values and historical upheavals that have shaped African political systems from the ancient period to the postcolonial era and beyond Beginning with the emergence of indigenous political institutions it traces the most important developments in African history including the Africanization of Islam liberal democratic movements socialism Pan Africanism and Africanist Populist resistance to the neoliberal world order The result is an invaluable resource on a region too often ignored in the history of political thought

From African Peer Review Mechanisms to African Queer Review Mechanisms?  
 Nhemaehena, Artwell, Warikandwa, Tapiwa Victor, 2019-04-22 Tracing recent bouts of globalised Mugabephobia to Robert Mugabe's refusal to be neoimperially penetrated this book juxtaposes economic liberalisation with the mounting liberalisation of African orifices Reading land repossession and economic structural adjustment programmes together with what they call neoimperial structural adjustment of African orifices the authors argue that there has been liberalisation of African orifices in a context where Africans are ironically prevented from repossessing their material resources Juxtaposing recent bouts of Mugabephobia with discourses on homophobia the book asks why empire prefers liberalising African orifices rather than attending to African demands for restitution restoration and reparations Noting that empire opposes African sovereignty autonomy and centralisation of power while paradoxically promoting transnational corporations centralisation of power over African economies the book challenges contemporary discourses about shared sovereignty distributed governance heterarchy heteronomy and ontology Arguing that colonialists similarly denied Africans of their human essence the tome problematises queer sexualities homosexuality ecosexuality cybersexuality and humanoid robotic sexuality all of which complicate supposedly fundamental distinctions between human beings and animals and machines Provocatively questioning queer sexuality and liberalised orifices that serve to divert African attention from the more serious unfinished business of repossessing material resources the book insightfully compares Robert Gabriel Mugabe Thomas Sankara and Julius Kambarage Nyerere who emphasised the imperatives of African autonomy ownership control and sovereignty over natural resources Observing Africans interest in repossessing ownership and control over their resources the book wonders why so much queer international attention is focused on foisting queer sexuality while downplaying more burning issues of resource repossession human dignity equality and equity craved by Africans for whom life is not confined to sexuality With insights for scholars in sociology development studies law politics African studies anthropology transformation decolonisation and decoloniality the book argues that liberal democracy is a fa ade in a world that is actually ruled through criminocracy

**Historical Dictionary of Burkina Faso** Lawrence Rupley, Lamissa Bangali, Boureima Diamitani, 2013-02-07 Burkina Faso known as Upper Volta until its independence from France in 1960 and locally called the land of the upright people is a medium sized land locked country with no less than six neighbors some of which periodically get into trouble which makes it reasonably strategic in some ways While it has not done as poorly as some other African states its economic has certainly not prospered and many Burkinabe go abroad to earn a living As for politics it is another case of stability without democracy

even if there are periodic elections Still this is better than not even having stability This third edition of Historical Dictionary of Burkina Faso covers its history through a chronology an introductory essay maps appendixes and an extensive bibliography The dictionary section has over 1000 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent access point for students researchers and anyone wanting to know more about Burkina Faso

*Revolution 3.0* Ute Fendler, Katharina Fink, Nadine Siegert, Ulf Vierke, 2019-08-29 From the visual politics of the FRELIMO liberation script in Mozambique via the brooms and spoons of Le Balai Citoyen in Burkina Faso to the updating of images from past revolutions on Twitter and Facebook often in the diaspora images play a key role in the envisioning of futures and social utopia And more than that Revolutions understood as moments of radical social and cultural change are driven by images as empirical investigations on and offline show But what actually constitutes the seismographic power of images and the sustainability of icons from past ruptures in terms of radicalism such as the portraits of Burkina Faso's and Mozambique's first presidents Thomas Sankara and Samora Machel What possibilities do images offer and what is cut and edited in the process of creating a new image How do the visual tactics of analogue and digital protesters alike constitute alter and create visual and multi media archives This book brings together a wide range of papers by international researchers and artists focusing on the relationship of images and revolution mostly in the African context Images in various artistic media such as photography art in public space performance fashion are discussed but also the relation of visual culture and politics in Mozambique Angola and Burkina Faso among others With contributions from Stefanie Alisch Petrus Amuthenu Ana Balona de Oliveira Ute Fendler Katharina Fink Ra Gandra Goldendean Jelsen Lee Innocent Onejoon Che Lu's Carlos Patraquim Marco Russo Nadine Siegert Serubiri Moses Johan Thom Drew Thompson Fabio Vanin Ulf Vierke

**African Studies in Geography from Below** Michel Ben Arrous, Lazare Ki-Zerbo, 2009 The doctrine of international relations inter state indeed territorial ideologies the logic of autochthony and its ramifications ethnic cleansing are all hinged at different levels upon the same pseudo fact to every society a closed and exclusive territory demarcated by fixed and linear borders This way of thinking totally foreign to African societies for a long time has generated today more contradictions than it can ever solve The authors of this book make a clear distinction between territory formation from the top as being a deliberate political project and its formation from below as being a more diffused historical process which is determined by the scheme of antagonisms and compromises between social forces In lieu of a stark opposition between the top and below the authors unveil the interdependence and mutual influence which form the basis of a dual system within which legal formation by the colonial authorities first then by the postcolonial one is confronted with a host of subaltern spatial dynamics neglecting thereby the legitimacy which only they can provide As an essential read for anyone who is interested in the relationship between knowledge and power this book offers stimulating perspectives on the issue of African unity and its epistemological and political challenges It renews profoundly our approaches to human security citizenship

borders and mobility      **Burkina Faso. Cent ans d'histoire, 1895-1995 (2 tomes)** MADIEGA Yénouyaba Georges, NAO Oumarou, 2003-12-01 Cet ouvrage propose un bilan des recherches sur l'histoire contemporaine du Burkina Faso. La centaine d'articles d'auteurs de disciplines diverses traite de questions variées : méthodologie, conquête et colonisation françaises, transformations politiques, économiques, sociales, culturelles et artistiques des sociétés burkinabes.      **Maquisards, rebelles, insurgés... politiques. Le devenir des chefs de guerre africains** Sergiu Miscoiu, 2023-06-22 Ce volume structuré en douze chapitres s'occupe des leaders des mouvements rebelles devenus politiques, un sujet qui est passionnant pour plusieurs raisons. D'abord, puisque malgré l'existence d'une littérature relativement développée portant sur les chefs de guerre, il y a assez peu de contributions qui traitent du devenir des anciens leaders rebelles après avoir pris leur distance avec le métier de maquisard. Puis, car il y a de plus en plus de militaires et d'anciens rebelles ayant récemment accédé au pouvoir dans des pays comme la Côte d'Ivoire, le Tchad ou la Mauritanie, et encore plus récemment la Guinée et le Mali ou le Burkina Faso. Enfin, puisque les constats sur la complexité et l'irrégularité du processus de transformation des anciens rebelles en leaders politiques se sont multipliés en mettant en exergue de nombreuses variables qui le conditionnent, comme par exemple le degré d'enracinement des organisations rebelles, la constance et la consistance de la conversion du maquis à la politique, les rapports ultérieurs des rebelles avec les anciennes factions, le rôle des acteurs externes et des processus de DDR dans la normalisation politique, la différenciation genre des parcours post-révolution.      *Le Burkina entre révolution et démocratie, 1983-1993* René Otayek, F. Michel Sawadogo, Jean-Pierre Guingané, 1996-01-01 De Thomas Sankara à Blaise Compaoré, de la révolution démocratique populaire à la Quatrième République en passant par le Front populaire, le Burkina Faso a été un véritable laboratoire du changement social en Afrique noire ces dernières années. Ce livre rend un colloque organisé à Bordeaux par le Centre d'étude d'Afrique noire et l'Université de Ouagadougou en propose une lecture autour d'une vingtaine d'enseignants-chercheurs burkinabes et français. Il se veut contribution à un débat qui, par-delà le Burkina, est susceptible d'intéresser l'ensemble des États subsahariens tous ou presque confrontés au délicat passage de l'autoritarisme à la démocratie.      **Burkina Faso** Samuel Decalo, 1994      *Pensées narratives* Masaaki KATO, 2024-11-15 Ce que les gens veulent être, ils peuvent le réaliser. L'avenir n'est pas prédéterminé, mais créer. Ayez le courage de créer l'avenir. Il y a eu un président qui y a cru et qui l'a mis en pratique. Il s'agit de Thomas Sankara, un jeune dirigeant du Burkina Faso, pays enclavé d'Afrique de l'Ouest qui est devenu président à l'âge de 33 ans. Sa conviction de libérer son pays des chaînes de l'héritage colonial, de protéger son peuple de l'exploitation et de créer une société libre a touché les cœurs et les esprits de son peuple. Sankara s'efforce de maintenir ses convictions même si il se heurte la résistance de ceux qui ont des intérêts dans l'ancien régime. Mais la main du diable s'abat sur lui. La protagoniste Naomi est une étudiante en troisième année d'université qui ne peut chapper la malédiction de sa mère et qui lutte contre un manque de confiance en sa propre existence. Sur un coup de tête, elle regarde un documentaire sur Sankara et découvre sa vie. Le mouvement Naomi se sent concerné par son mode de vie et décide de se rendre dans son pays d'origine, le Burkina Faso. Ce

qu'elle y voit l'auteur qui a travaillé à l'ambassade du Japon au Burkina Faso pendant trois ans et trois mois à partir de août 2020 est convaincu que l'esprit de Sankara a encore beaucoup à offrir même aujourd'hui alors que les gens ont de vagues craintes quant à l'avenir et a entrepris dans cet ouvrage ambitieux de transmettre ses réflexions sous la forme d'un roman
