**Cultural-historical Digital Methodology in Early Childhood Settings** Marilyn Flear, Glykeria Fragkiadaki, Elin Eriksen Ødegaard, Prabhat Rai, Alicja R. Sadownik, 2024-07-10 This open access book addresses methodological issues related to researching young children's learning and development teacher education and professional development It pays special attention to research conducted in digital contexts in response to the new societal demands of a global pandemic and crisis It illustrates and discusses new methods and tools new study designs new analysis techniques and new procedures developed in a time of crisis in two different parts of the world Australia and Norway The book suggests that during the global pandemic a theoretical crisis in researching children's development in different contexts has emerged which has not only created the need for new methods and methodologies but has opened the space for the development of theory itself Following a cultural historical perspective this book theorises these new approaches to create new theoretical concepts and new ways of researching better understanding and efficiently supporting childhoods in a continually changing world This book is a great resource for researchers and students in the fields of early childhood education and educational psychology

**Religious Osmosis** Stephen Monk, 2020-01-17 RELIGIOUS OSMOSIS is information for people that are religious spiritual and non religious This book shows how human unconscious behavioral patterns combine with different doctrines to affect our relationships with friends family partners and people of different faiths and how to improve those ties Learn how the human mind constructs different dreaming processes including non emotional and emotional visions and how these processes intertwine with historical doctrines See the psychological effects of the misunderstood human processes that arise when dreaming and falling asleep called hypnagogic experiences and as you are waking hypnopompic experiences Religious Osmosis details how humans form certain truths to construct a personal reality and how these inner truths can link together and strengthen other beliefs Learn how to look for these inner truths inside yourself and others and notice how you can alter these inner truths and their self defence mechanisms In Religious Osmosis you will learn how emotion affects REM processes as much as our thoughts do how we have unknowingly preprogram our dreams and how to intentionally preprogram your dreaming processes You'll be able to gain more control in the hypnagogic dream states and remove any fear of sleep paralysis seeing faces or hearing noises as you fall asleep The book also provides an advanced fatigue management system to assist in keeping motorists on the road and pilots in the skies Understand yourself and others by strengthening your inner and outer connections through religious osmosis
