Milnes, K. Sinanan, 2010-08-11 The categories of authenticity and sincerity treated sceptically since the early twentieth century remain indispensable for the study of Romantic literature and culture This book focusing on authors including Wordsworth Macpherson and Austen highlights their complexities showing how they can become meaningful to current critical debates **Herder's Naturalist Aesthetics** Rachel Zuckert, 2019-04-25 Provides an overview of Johann Gottfried Herder's aesthetics interpreted as a naturalist theory with transformative historical significance for European philosophy **Oscar Wilde's Chatterton** Joseph Bristow, Rebecca Nicole Mitchell, 2015-01-01 In Oscar Wilde's Chatterton Joseph Bristow and Rebecca N Mitchell explore Wilde's fascination with the eighteenth century forger Thomas Chatterton who tragically took his life at the age of seventeen This innovative study combines a scholarly monograph with a textual edition of the extensive notes that Wilde took on the brilliant forger who inspired not only Coleridge Wordsworth and Keats but also Victorian artists and authors Bristow and Mitchell argue that Wilde's substantial Chatterton notebook which previous scholars have deemed a work of plagiarism is central to his development as a gifted writer of criticism drama fiction and poetry This volume which covers the whole span of Wilde's career reveals that his research on Chatterton informs his deepest engagements with Romanticism plagiarism and forgery especially in later works such as The Portrait of Mr W H The Picture of Dorian Gray and The Importance of Being Earnest Grounded in painstaking archival research that draws on previously undiscovered sources Oscar Wilde's Chatterton explains why in Wilde's personal canon of great writers which included such figures as Charles Baudelaire Gustave Flaubert Thophile Gautier and Dante Gabriel Rossetti Chatterton stood as an equal in this most distinguished company **Visions of Britain, 1730-1830** Sebastian Mitchell, 2013-05-14 This is a revisionist study of the literary and visual representation of the nation in the century following the formation of the British state It argues that the most engaging accounts of Great Britain subject their imagery to sustained artistic pressure threatening to dismantle the national vision at the moment of its construction **Richard Polwhele and Romantic Culture** Dafydd Moore, 2020-12-27 Richard Polwhele was a writer of rare energies Today known only for The Unsex'd Females and its attack on radical women writers Polwhele was a historian translator memoirist and poet As an indigent

Cornish gentleman clergyman and JP his extensive written output encompassed sermons open letters and even headstone verse This book recovers the lost Polwhele locating him within an archipelagic understanding of the vitality and complexity inherent in the loyalist tradition with British Romantic culture via a range of previously unexamined texts and manuscript sources Torn between a desire for sociability and an appetite and capacity for a good argument Polwhele's outspoken contributions across a range of disciplines testify to the variety and dynamism of what has previously been considered provincial and reactionary This book locates Polwhele's work within key preoccupations of the age the social economic and political valences of literary sociability in the age of print the meaning of loyalism in an age of revolution the meaning of place and belonging enthusiasm religious or otherwise and the self-fashioning of the provincial man of letters In doing so it argues for a broader definition of Romanticism than the one that has typed Polwhele as an unpalatable embarrassment and the anachronistic voice of provincial High Tory reaction This volume will be of interest to those working in the field of late eighteenth and early nineteenth century British Literature with a particular focus on politics and on the nature of literary production and identity across the non metropolitan areas of the British Isles *Varieties of Female Gothic Vol 4* Gary Kelly, 2020-04-13 This text offers scholarly and critical editions of significant novels of Gothic fiction from the Romantic period It illustrates the various forms of female Gothic literature as a vehicle for representing the modern forms of subjectivity or complex and authentic inward experience and identity *Warrior dreams* David Hesse, 2014-11-01 Why does a Parisian banker re-enact the medieval wars of Wallace and Bruce in his spare time Why do more than 20 000 people attend the Schotse Weekend bagpipe competition in Bilzen Flanders Why does an entire village in the Italian Alps celebrate a lost Scottish regiment And why is there a Highland Games circuit of at least 30 kilted strength competitions in Austria with dedicated athletes tossing hay balls and pulling tractors This is the first study of the self-professed Scots of Europe It follows the many thousands of Europeans who are determined to discover their inner Scotsman and argues that by imitating the Scots of popular imagination the self-styled European Highlanders hope to reconnect with their own ancestors their lost songs traditions and tribes They approach Scotland as a site of European memory This book explores issues of performance and celebration memory and nostalgia heritage and identity and will be of interest to specialists on Scottish emigration and diaspora Scottish history and myth and to the Scots of Europe themselves Medieval Literature and Social Politics Stephen Knight, 2021-03-01 Medieval Literature and Social Politics brings together seventeen articles by literary historian Stephen Knight The book primarily focuses on the social and political meaning of medieval literature in the past and the present It provides an account of how early heroic texts relate to the issues surrounding leadership and conflict in Wales France and England and how the myth of the Grail and the French reworking of Celtic stories relate to contemporary society and its concerns Further chapters examine Chaucer's readings of his social world the medieval reworkings of the Arthur and Merlin myths and the popular social statements in ballads and other literary forms The concluding chapters examine the

Anglo nationalist Arctic Arthur and the ways in which Arthur Merlin and Robin Hood can be treated in terms of modern studies of the history of emotions and the environment This book will be of interest to scholars and students of medieval Europe as well as those interested in social and political history medieval literature and modern medievalism CS 1099
