From Consensus to Chaos: An Historical Analysis of Evangelical Interpretation of 1 Timothy 2:8-15 from 1945-2001 Stephen P. Dray, 2006-11-22 Evangelical interpretation of 1 Timothy 2:8-15 certainly at the level of detail has in the period from 1945 to 2001 changed from one of received consensus to confused plurality This thesis provides an explanation of this phenomenon by identifying and analysing the influences within evangelical interpretation that contributed to and shaped it The first part of the thesis Section A is foundational It establishes the validity of using the term Evangelical as an heuristic concept and provides by means of a wide ranging and unique analysis of published discussions of 1 Timothy 2:8-15 the necessary evidence to demonstrate the changes that took place The major part of the thesis Sections B and C provides for the first time a detailed investigation of these changes This is undertaken with a view to establishing i the factors that contributed to establishing the early consensus ii the circumstances which acted as catalysts to review and on going change and iii the developments which shaped the manner in which discussion subsequently took place and which contributed to the plethora of contemporary interpretations of 1 Timothy 2:8-15 In doing so it adopts a methodology which self consciously combines both diachronic and synthetic approaches and is thus able a to isolate more effectively major trends and their development and b to provide a framework for a more rigorous analysis The resulting study concludes Section D that evangelical interpretation of 1 Timothy 2:8-15 for the period from 1945 to 2001 was embedded in and shaped by contemporary social and ecclesiastical changes and by its own internal dynamics as it responded to these developments In particular differing responses to emerging theological

linguistic historical and cultural discussions and to contemporary hermeneutical debates have proved decisive While two broadly distinguishable and conflicting approaches developed they spawned a plethora of different exegetical options and variant interpretations

Everything Mary E. DeMuth, 2012 I don't write this book as a condemnation or as a sermon The last thing I want to do is provide a how to be the best Christian in ten easy steps guide I pen these words as a fellow struggler who is learning that what we think about God matters how we allow Him to reign in our hearts matters and how we obey Him in the moment matters It all matters Everything Author and speaker Mary DeMuth has been abused foreclosed abandoned and betrayed She has been pressed and drained till it was too much But it was just enough to bring her to a place of surrender piece by precious piece In that surrender she found the freedom of giving everything to God And through Scripture community and the work of the Holy Spirit she gives it all over again every day In this gentle and challenging book DeMuth describes the process and the nuances that shape us to be more like Christ Her words are clear vulnerable and thought provoking and every chapter is infused with Scripture Most of all DeMuth provides personal and practical evidence that there is no greater pursuit than Christ We must surrender everything but it does not compare to the Everything He is the Everything He gives

Building on a Common Foundation Brian R. Talbot, 2021-04-12 In the second half of the nineteenth century Scottish Baptists like other Evangelical Protestant denominations were focusing more on things they had in common such as a commitment to home evangelization and church planting providing a common fund to assist small and struggling congregations the provision of theological education for the training of prospective pastors together with the need to disseminate information between the churches concerning their progress in the work of the gospel From the start of this Baptist Union in 1869 the numbers of churches and members grew steadily until 1935 It was a remarkable story of dedicated Christian service Scottish Baptists came through two world wars the social revolution of the 1960s and the materialistic emphases of the 1980s with a significant degree of success in adapting their evangelistic activities to relate to their social context There is little doubt that from the late 1980s the growing secularization in this country ensured that mission strategies adopted by these Scottish Christians were less successful than in previous decades However a revitalization of its work in the early years of the twenty first century has given renewed grounds for hope for its work and witness in the coming years
