Oswego Its People And Events:

Oswego Anthony M. Slosek, 1985 **Our County and Its People** Gates Curtis, 1894 **Oswego Township**
Oswegoland Heritage Association, 2008-05-05 In 1832 John Walter and Daniel Pearce and their brother in law William Smith Wilson walked west from their homes in Ohio prospecting for land When they reached the Fox River in the vicinity of modern Oswego they agreed they had found the place they wanted to settle The next year 1833 after selling their Ohio farms they traveled west by wagon with their families and became the first settlers in Oswego Township Just two years later Lewis B Judson and Levi F Arnold laid out a new village on land first claimed by Wilson creating the foundation of today's bustling village of Oswego A stagecoach route crossroads the seat of Kendall County for nearly 20 years and a market town for the surrounding agricultural area Oswego grew steadily until the Civil War After the war growth slowed until the second half of the 20th century when the area began to boom both in population and economically This book offers many of the area's newest residents a chance to look back at Oswego Township's rich heritage "*Our County and Its People*" Alfred Minott Copeland, 1902 Our County and Its People Edgar C. Emerson, 1898 **The Encyclopedia of New York State** Peter Eisenstadt, 2005-05-19 The Encyclopedia of New York State is one of the most complete works on the Empire State to be published in a half century In nearly 2 000 pages and 4 000 signed entries this single volume captures the impressive complexity of New York State as a historic crossroads of people and ideas as a cradle of abolitionism and feminism and as an apex of modern urban suburban and rural life The Encyclopedia is packed with fascinating details from fields ranging from sociology and geography to history Did you know that Manhattan's Lower East Side was once the most populated neighborhood in the world but Hamilton County in the Adirondacks is the least densely populated county east of the Mississippi New York is the only state to border both the Great Lakes and the Atlantic Ocean the Erie Canal opened New York City to rich farmland upstate and to the west Entries by experts chronicle New York's varied areas politics and persuasions with a cornucopia of subjects from environmentalism to higher education to railroads weaving the state's diverse regions and peoples into one idea of New York State Lavishly illustrated with 500 photographs and figures 120 maps and 140 tables the Encyclopedia is key to understanding the state's past present and future It is a crucial reference for students teachers historians and business people for New Yorkers of all persuasions and for anyone interested in finding out more about New York State **Gazetteer of the State of New York** John Homer French, 1860 Gazetteer of the State of New York John Homer French, 1995 French's unsurpassed Gazetteer of the State of New York is a complete history description of every county city town village locality in New York But more than that it is a record of the founders early settlers of practically every locality in the state an astonishing achievement the reason that the book has remained among the top genealogical reference works for New York State Of course no single person could have generated all this information on his own so under the supervision of J H French surveyors agents were instructed to visit every city town village to search records

examine documents consult the best living printed manuscript authorities to make returns to the general office of all the reliable matter information obtained Thus was created an accurate comprehensive gazetteer with descriptions of each county city town village arranged according to a uniform plan of more value today to the genealogist than ever before Information provided for each locality includes founding founders early settlements settlers historical sketch to the time of writing loading institutions schools churches prominent representative citizens stories of general local interest statistics from state censuses names of every natural man made topographical feature Preceding this core part of the Gazetteer is a full 150 page survey of the government topography institutions of the state of New York Outstanding as the Gazetteer is its usefulness as a research tool is severely limited by the lack of an index to the thousands of names that appear in the text footnotes But this reprint edition puts an end to this unfortunate situation as it incorporates Frank Place's Index of Names a 16000 name index first published in 1962 by the Cortland County Historical Society In 1969 the Society issued a second printing of the Index incorporating a Supplement of additions corrections a third printing in 1983 included a Supplementary Index to Place Names With the Society's permission we have incorporated the final index edition of 1983 with our reprint of the Gazetteer making it the most complete the most useful edition ever published *New York Supplement*, 1922 Includes decisions of the Supreme Court and various intermediate and lower courts of record May Aug 1888 Sept Dec 1895 Superior Court of New York City Mar Apr 1926 Dec 1937 Jan 1938 Court of Appeals *Memoirs of Benjamin Franklin* Benjamin Franklin, 1837
