Internet Comedy Television Series, 1997-2015
Vincent Terrace,2016-02-12 Created around the world and available only on the web Internet television series are independently produced mostly low budget shows that often feature talented but unknown performers Typically financed through crowd funding they are filmed with borrowed equipment and volunteer casts and crews and viewers find them

through word of mouth or by chance The fourth in a series covering Internet TV this book takes a comprehensive look at 121 comedy series produced exclusively for online audiences Alphabetical entries provide websites dates casts credits episode lists and storylines *1001 Internet Jokes* D. M. Schwab, Greene, 2001-01-20 1001 Internet Jokes compiles internet jokes into a hilariously funny volume for many different types of people Sections devoted to parenthood men vs women gay and lesbian and Canada vs United States makes this diverse book both entertaining and readable for anyone *The Internet and the 2016 Presidential Campaign* Jody C Baumgartner, Terri L. Towner, 2017-08-22 Although many developments surrounding the Internet campaign are now considered to be standard fare there were a number of new developments in 2016 Drawing on original research conducted by leading experts The Internet and the 2016 Presidential Campaign attempts to cover these developments in a comprehensive fashion How are campaigns making use of the Internet to organize and mobilize their ground game To communicate their message The book also examines how citizens made use of online sources to become informed follow campaigns and participate Contributions also explore how the Internet affected developments in media reporting both traditional and non traditional about the campaign What other messages were available online and what effects did these messages have had on citizens attitudes and vote choice The book examines these questions in an attempt to summarize the 2016 online campaign *Internet Joke Book* Keith Evans, 2000-09-21 The Internet Joke Book is filled with short jokes witty humor and bizarre stories that were gathered from around the United States and abroad via the Internet and other sources as well from friends and family I should also point out before going any further that much of the credit for this book should go to my daughter If not for her giving me the idea and placing my other two books on hold a book of this make up may have never existed Beyond the books jacket you will run across page after humorous page of sidesplitting witticisms They are of old and new nevertheless the old still being very hilarious and the new even more uproarious after all we have until now not read them Various contents of the Internet Joke Book may not be suitable for younger readers This book was not tailor made for the juvenile reader however this book as any book of this nature should rest in the judgement of the parent I myself being a single parent would not recommend that the contents of this book be disclosed to any teenager under the age of seventeen or either the adult contents be block out by the parent or guardian Nevertheless there may be parents who chose to allow their children as young as fifteen and sixteen to take in the contents of this book again this is not recommended by the author I can only hope my readers enjoy and have as much fun with this book as we did gathering and putting it together Once my daughter had told our friends neighbors and relatives of what we were doing we had more help than we could handle We are now working on a second book The Internet Joke Book Volume Two which will consist of much more and newer witticisms I hope all will appreciate the first book and be patient enough to wait and read the second **The Ambivalent Internet** Whitney Phillips, Ryan M. Milner, 2018-03-15 This book explores the weird and mean and in between that characterize everyday expression online from absurdist photoshops to antagonistic

Twitter hashtags to deceptive identity play Whitney Phillips and Ryan M Milner focus especially on the ambivalence of this expression the fact that it is too unwieldy too variable across cases to be essentialized as old or new vernacular or institutional generative or destructive Online expression is instead all of the above This ambivalence the authors argue hinges on available digital tools That said there is nothing unexpected or surprising about even the strangest online behavior Ours is a brave new world and there is nothing new under the sun a point necessary to understanding not just that online spaces are rife with oddity mischief and antagonism but why these behaviors matter The Ambivalent Internet is essential reading for students and scholars of digital media and related fields across the humanities as well as anyone interested in mediated culture and expression

Independent Content Creators Online Ido Rosen,2025-07-06 This book analyses popular works by the first generation of Israeli independent content creators who gained their reputation by achieving viral success on social media Some of them paved their way from the web to mainstream culture yet so far their fascinating innovations have not been researched This pioneering book makes an important advancement in filling this gap by discussing cross over and transnationalism It addresses among others issues of temporality ideology ontology aesthetics industry and commerce humor and stardom

Que's Official Internet Yellow Pages Joe Kraynak,2005 Information online is not stored or organized in any logical fashion but this reference attempts to organize and catalog a small portion of the Web in a single resource of the best sites in each category

Extremism and Radicalization in the Manosphere Deniese Kennedy-Kollar,2024-06-03 This book presents an analysis of the male supremacist ideology of the internet based subculture known as the manosphere and examines the process of radicalization to violent extremism that occurs within the group The manosphere is the online subculture comprised of several distinct groups who share a basic gender ideology that is misogynistic and anti feminist in the extreme The manosphere celebrates a toxic hegemonic masculinity that encourages sexual violence and portrays violence as an understandable response to a feminized culture that denigrates manhood Evidence has shown that several recent cases of murder mass murder and rape involved offenders who participated in this subculture prior to engaging in their crimes Through the use of quotes gathered directly from the websites and message boards frequented by individuals within the subculture this book offers an in depth analysis of the ideology of the manosphere and the common attitudes values and beliefs promoted within the various groups that comprise the subculture It will also present a theoretical perspective that may shed light on what draws men to these groups and the processes by which they become radicalized to the far right and violent extremism This book will be of interest to scholars and students in criminology sociology and political science and others interested in examining the manifestation and effects of the manosphere on crime and criminal justice
