Stories in Letters - Letters in Stories Rebekka Schuh, 2021-10-04 This book deals with letters in Anglophone Canadian short stories of the late twentieth and the early twenty first century in the context of liminality It argues that in the course of the epistolary renaissance the letter which has often been deemed to be obsolete in literature has not only enjoyed an upsurge in novels but also migrated to the short story thus constituting the genre of the epistolary short story

**Addressing the Letter** Laura Anne Salsini, 2010-01-01 Women writers of nineteenth and twentieth century Italy reinvigorated the modern epistolary novel through their re fashioning of the genre as a tool for examining women's roles and experiences Addressing the Letter argues that many epistolary novels purposely tie narrative structure to thematic content creating in the process powerful texts that reflect and challenge literary and socio cultural norms Through the lens of the genre Laura A Salsini considers how the works of authors including the Marchesa Colombi Sibilla Aleramo Gianna Manzini Natalia Ginzburg and Oriana Fallaci highlight such issues as love the loss of ideals lack of communication and connection and feminist ideology She also analyses what may be the first woman authored Italian example of epistolary fiction Orintia Romagnuoli Sacrat's Lettere di Giulia Willet 1818 In their reworking of the epistolary narrative form Italian women writers challenged dominant assumptions about female behaviours roles relationships and sexuality in modern Italy **The**

**Epistolary Renaissance** Maria Löschnigg, Rebekka Schuh, 2018-09-10 Since the late twentieth century letters in literature have seen a remarkable renaissance The prominence of letters in recent fiction is due in part to the rediscovery by contemporary writers of letters as an effective tool for rendering aspects of historicity liminality marginalization and the expression of subjectivity vis vis an other it is also due however to the artistically challenging inclusion of the new electronic media of communication into fiction While studies of epistolary fiction have so far concentrated on the eighteenth century and on thematic concerns this volume charts the epistolary renaissance in recent literature entering new territory by also focusing on the aesthetic implications of the epistolary mode In particular the essays in this volume illuminate the potential of the epistolary including digital forms for rendering contemporary sensitivities The volume thus offers a comprehensive assessment of letter narratives in contemporary literature Through its focus on the aesthetic and structural aspects of new epistolary fiction the inclusion of various narrative forms and the consideration of both conventional letters and their new digital kindred The Epistolary Renaissance offers novel insight into a multi faceted re new ed genre Kind Regards Liz Williams, 2012-09-06 Despite the ever growing influence of technology handwritten letters are regaining their value meaning and popularity I Remember Chesterfield Micki Savin, 2004-11-03 I Remember Chesterfield is a vividly recalled memoir
