## **Other Peoples Myths The Cave Of Echoes:**

Other Peoples' Myths Wendy Doniger, 1995-11 *Other Peoples' Myths* celebrates the universal art of storytelling and the rich diversity of stories that people live by Drawing on Biblical parables Greek myths Hindu epics and the modern mythologies of Woody Allen and soap operas Wendy Doniger O Flaherty encourages us to feel anew the force of myth and tradition in our lives and in the lives of other cultures She shows how the stories of mythology whether of Greek gods Chinese sages or Polish rabbis enable all cultures to define themselves She raises critical questions about the way we interpret mythical stories especially the way different cultures make use of central texts and traditions And she offers a sophisticated way of looking at the roles myths play in all cultures *Other Peoples' Myths* Wendy Doniger, 1988 Other Peoples' Myths Wendy Doniger, 1988 A widely acclaimed work celebrating the art of storytelling Using examples from Biblical parables to Woody Allen Wendy Doniger O Flaherty enchants her readers into rediscovering the forces of myths and traditions in their own lives reopening the American mind to a new understanding of itself and its world **Thinking the Greeks** Bruce M. King, Lillian Doherty, 2018-07-27 This volume from an international and interdisciplinary cohort of scholars offers independent minded essays about central Greek texts and about the relation of social theory and comparative method to the study of archaic and classical Greek literature It is in honour of James M Redfield whose innovative and theoretically informed work has been a touchstone for the contributors it includes an Introduction that discusses Redfield's work as well as a complete Bibliography of Redfield's scholarship The volume is divided into three parts on Homer Plato in conversation with epic tragedy and comedy and finally reception and transmission An exploration of the dialectical relationship between literary genre and social form animates many of the essays Drawing on work in anthropology linguistics sociology art history and philosophy this volume offers ground breaking perspectives on the study of Greek literature It will be an invaluable resource to students and researchers alike **Winged Stallions and Wicked Mares** Wendy Doniger, 2021-04-27 Horses are not indigenous to India They had to be imported making them expensive and elite animals How then did Indian villagers who could not afford horses and often had never even seen a horse create such wonderful horse stories and brilliant visual images of horses In *Winged Stallions and Wicked Mares* Wendy Doniger called the greatest living mythologist examines the horse's significance throughout Indian history from the arrival of the Indo Europeans followed by the people who became the Mughals who imported Arabian horses and the British who imported thoroughbreds and Walers Along the way we encounter the tensions between Hindu stallion and Arab mare traditions the imposition of European standards on Indian breeds the reasons why men ride mares to weddings the motivations for murdering Dalits who ride horses and the enduring myth of foreign horses who emerge from the ocean to fertilize native mares **Mutopia** Istvan Csicsery-Ronay Jr, 2022-06-15 The Enlightenment's project of establishing scientific proof for the unity of the universe led instead to the fragmentation of knowledge The culture of certainty mutated into a culture of conjecture and speculative supplements as the image of a

unified cosmos mutated into a patchwork totality In the process the pursuit of knowledge developed a symbiotic association with science fiction While sf has often provided concrete ideas adopted by the knowledge faculties equally important is the way science fictional counterfactual world building science fiction's fantastic knowledge has intersected with rational speculation in all fields of knowledge As a result the dream of a completed rationally engineered utopia has evolved into the image of mutopia in which the objects of knowledge the process of knowing and the science fictional imagination itself are expected to undergo constant transformation The essays in Mutopia address the science fictional imagination's relevance for scientific modeling critical theory the deconstruction of the future the future of religion the future of nations the imagination of empire the construction of aliens the future of science fiction itself and the transformation of utopia into mutopia Written over many years by a leading scholar of science fiction the essays are revised and expanded for republication in this collection alongside new commentary that places them in an updated context     Prophets, Gods and Kings in Sīrat Sayf ibn Dhī Yazan Helen Blatherwick, 2016-05-09 This book is a literary intertextual study of an Egyptian popular epic In this innovative study Helen Blatherwick investigates how various sources including Islamic qī al anbiy tales of the prophets Pharaonic Graeco Roman and Coptic Egyptian myths and narratives and recensions of the Alexander Romance function as intertexts within S rat Sayf Blatherwick argues that these intertexts are deployed as narrative devices which are readily recognisable to the story's audience and that they are significant carriers of meaning and theme Crucially these intertexts also interact within S rat Sayf to bring a conceptual continuity to its discussion of kingship and society that stretches from this late medieval epic back to ancient Egyptian narratives     *A Narrative Compass* Betsy Gould Hearne, Roberta Seelinger Trites, 2009 Exploring the narratives that orient the lives of women scholars     A Critical Reading of the Development of Raimon Panikkar's Thought on the Trinity Camilia Gangasingh MacPherson, 1996 This book traces the Trinitarian thought of Raimon Panikkar in his attempt to bridge the gap between Christianity and the world religions The viewpoints of the early and later Panikkar show continuity and shifts in his Trinitarian theology The early Panikkar provides a Trinitarian theology and reaches the heart of the world religions especially the Advaita Vedanta experience in Hinduism and the Nirvana experience of Buddhism The later Panikkar still using many of the probing concepts of his earlier thought departs significantly from traditional Christian theology His thoughts still continue the attempt at bridge building between Christianity on the one hand and the world religions and even the secular world on the other Although several dimensions of Panikkar's Trinitarian theology are open to severe criticism nevertheless it serves as an effective tool for furthering awareness of and dialogue between the world religions     Theological Ethics and Global Dynamics William Schweiker, 2008-04-15 The nature of ethics has been the subject of much controversy and argument in recent decades Theological Ethics and Global Dynamics tackles these various debates offering a wide ranging comprehensive and provocative statement of the nature of theological ethics in global times Offers an accessible lively and provocative statement

of the nature of moral philosophy and theological ethics in contemporary times Tackles various perspectives on debates about distinctly Christian ethics Argues that we need to reframe the arena in which moral questions are asked Engages a range of positions exploring distinctively modern issues such as moral and cultural relativism globalization problems of consumption and violence and religious pluralism Addresses the complexity of certain ethical decisions which are difficult and far from clear cut and yet presents an ethical understanding which is both humane and deeply religious *The Lives of Animals* J. M. Coetzee, 2016-10-04 The idea of human cruelty to animals so consumes novelist Elizabeth Costello in her later years that she can no longer look another person in the eye humans especially meat eating ones seem to her to be conspirators in a crime of stupefying magnitude taking place on farms and in slaughterhouses factories and laboratories across the world Costello's son a physics professor admires her literary achievements but dreads his mother's lecturing on animal rights at the college where he teaches His colleagues resist her argument that human reason is overrated and that the inability to reason does not diminish the value of life his wife denounces his mother's vegetarianism as a form of moral superiority At the dinner that follows her first lecture the guests confront Costello with a range of sympathetic and skeptical reactions to issues of animal rights touching on broad philosophical anthropological and religious perspectives Painfully for her son Elizabeth Costello seems offensive and flaky but dare he admit it strangely on target In this landmark book Nobel Prize winning writer J M Coetzee uses fiction to present a powerfully moving discussion of animal rights in all their complexity He draws us into Elizabeth Costello's own sense of mortality her compassion for animals and her alienation from humans even from her own family In his fable presented as a Tanner Lecture sponsored by the University Center for Human Values at Princeton University Coetzee immerses us in a drama reflecting the real life situation at hand a writer delivering a lecture on an emotionally charged issue at a prestigious university Literature philosophy performance and deep human conviction Coetzee brings all these elements into play As in the story of Elizabeth Costello the Tanner Lecture is followed by responses treating the reader to a variety of perspectives delivered by leading thinkers in different fields Coetzee's text is accompanied by an introduction by political philosopher Amy Gutmann and responsive essays by religion scholar Wendy Doniger primatologist Barbara Smuts literary theorist Marjorie Garber and moral philosopher Peter Singer author of *Animal Liberation* Together the lecture fable and the essays explore the palpable social consequences of uncompromising moral conflict and confrontation *William Robertson Smith* Aleksandar Bošković, 2021-08-13 The life and career of one of anthropology's most important ancestors William Robertson Smith in the context of the history of anthropology William Robertson Smith's influence on anthropology ranged from his relationship with John Ferguson McLennan to advising James George Frazer to write about Totem and Taboo for the Encyclopaedia Britannica that he edited This biography places a special emphasis on the notes and observations from his travels to Arabia as well as on his influence on the representatives of the Myth and Ritual School With his discussion of myth and ritual Smith influenced generations of scholars and his insistence

on the connection between the people their God and the land they inhabited inspired many of the concepts later developed by mile Durkheim This is a clear well informed and interesting account of Robertson Smith s central ideas The theories are set in the context of debates of the day and their influence on anthropology and bible studies is discussed An original and fascinating section reviews Robertson Smith s field work in the Middle East which was much more extensive and intensive than is I think generally appreciated Adam Kuper London School of Economics From the introduction Although respected and studied especially since the 1990s Smith has a somewhat paradoxical position in the history of social and cultural anthropology Anthropologists educated in the twentieth century admire him but many contemporary scholars are not quite sure what to make of him *The Implied Spider* Wendy Doniger,2011 Wendy Doniger s foundational study is both modern in its engagement with a diverse range of religions and refreshingly classic in its transhistorical cross cultural approach By responsibly analyzing patterns and themes across context Doniger reinvigorates the comparative reading of religion tapping into a wealth of narrative traditions from the instructive tales of Judaism and Christianity to the moral lessons of the Bhagavad Gita She extracts political meaning from a variety of texts while respecting the original ideas of each A new preface confronts the difficulty of contextualizing the comparison of religions as well as controversies over choosing subjects and positioning arguments and the text itself is expanded and updated throughout [A Handbook to the Reception of Classical Mythology](#) Vanda Zajko,Helena Hoyle,2017-03-16 A Handbook to the Reception of Classical Mythology presents a collection of essays that explore a wide variety of aspects of Greek and Roman myths and their critical reception from antiquity to the present day Reveals the importance of mythography to the survival dissemination and popularization of classical myth from the ancient world to the present day Features chronologically organized essays that address different sets of myths that were important in each historical era along with their thematic relevance Features chronologically organized essays that address different sets of myths that were important in each historical era along with their thematic relevance Offers a series of carefully selected in depth readings including both popular and less well known examples

*Concepts of the Other in Near Eastern Religions* Ilai Alon,Ithamar Gruenwald,Itamar Singer,1994 This text examines the philosophical concept of other in the Near Eastern religions It contains essays that are divided into three sections the Ancient Near East Judaism and Christianity and Islam and India **The Donigers of Great Neck** Wendy Doniger,2019 This is the story of the contrasting Judaisms that Wendy Doniger s two parents brought from their very different homes in Europe during World War I of their paths to a shared but sharply bifurcated life in America during World War II her father a publisher her mother a political activist and of the ways in which their attitudes to religion in general and Judaism in particular influenced the author s development as a Jewish woman and a scholar of religion **Heinrich Zimmer** Margaret Case,2014-07-14 Heinrich Zimmer 1890 1943 is best known in the English speaking world for the four posthumous books edited by Joseph Campbell and published in the Bollingen Series Myths and Symbols in Indian Art and Civilization

Philosophies of India The Art of Indian Asia and The King and the Corpse These works have inspired several generations of students of Indian religion and culture All the papers in this volume testify to Zimmer s originality and to his rightful place in that small group of great scholars who were part of the first generation to confront the end of European empires in India and the rest of Asia In her introduction Margaret Case contrasts Zimmer s approach to India with that of Jung There follow two recollections of Zimmer one by his daughter Maya Rauch the other by a close friend and supporter in Germany Herbert Nette Then William McGuire describes Zimmer s connections with Mary and Paul Mellon and with the Jungian circles in Switzerland and New York A brief talk by Zimmer previously unpublished describes his admiration for Jung Wendy Doniger picks up the question of Zimmer s intellectual legacy especially in the light of Campbell s editorial work on his English publications Gerald Chapple raises another question about how his influence was felt the division between what is known of his work in the German and the English speaking worlds Kenneth Zysk then summarizes and analyzes his contribution to Western knowledge of Hindu medicine Matthew Kapstein evaluates his place in the West s appreciation of Indian philosophy and Mary Linda discusses his contributions to the study of Indian art in the light of A K Coomaraswamy s work and more recent research Originally published in 1994 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

The God Susanoo and Korea in Japan's Cultural Memory David Weiss, 2022-01-13 This book discusses how ancient Japanese mythology was utilized during the colonial period to justify the annexation of Korea to Japan with special focus on the god Susanoo Described as an ambivalent figure and wanderer between the worlds Susanoo served as a foil to set off the sun goddess who played an important role in the modern construction of a Japanese national identity Susanoo inhabited a sinister otherworld which came to be associated with colonial Korea Imperialist ideologues were able to build on these interpretations of the Susanoo myth to depict Korea as a dreary realm at the margin of the Japanese empire that made the imperial metropole shine all the more brightly At the same time Susanoo was identified as the ancestor of the Korean people Thus the colonial subjects were ideologically incorporated into the homogeneous Japanese family state The book situates Susanoo in Japan s cultural memory and shows how the deity while being repeatedly transformed in order to meet the religious and ideological needs of the day continued to symbolize the margin of Japan

Divinizing in South Asian Traditions Diana Dimitrova, Tatiana Oranskaia, 2018-06-14 The issue of divinizing in South Asian traditions has not been examined before as a process involving various methods to affect the socio cultural cognition of the community It is therefore essential to consider the context of divinizing and to analyse what groups institutions or individuals define the discourse what are the ideological positions that

they represent and who or what is being divinized This book deals with the issue of divinizing in South Asian traditions It aims at studying cultural questions related to the representations and the mythologizing of the divine It also explores the human relations to the divine other It studies the interpretations of the divine in religious texts and the embodiment of the divine other in ritual practices The focus is on studying the phenomenon of divinizing in its religious cultural and ideological implications The book comprises eight chapters that explore the question of divinizing from the 2nd century CE up to present day in North and South India The chapters discuss the issue both from insider and outsider perspectives within the framework of textual study as well as ideological and anthropological analysis All articles explore various aspects of the cultural phenomenon of being in relation to the divine other of the process of interpreting and embodying the divine and of the representation of the divinizing process as revealed in the literatures and cultures of South Asia Applying theoretical models of religious and cultural studies to discuss texts written in South Asian languages and engage in critical dialogue with current scholarship this book is an indispensable study of literary religious and cultural production in South Asia It will be of interest to academics in the fields of South Asian studies Asian Studies religious and cultural studies as well as comparative religion

**Splitting the Difference** Wendy Doniger, 1999-04-15 Hindu and Greek mythologies teem with stories of women and men who are doubled This text recounts and compares a range of these The comparisons show that differences in gender are more significant than differences in culture
