**Judaism in Christian Eyes** Yaacov Deutsch, 2012-06-28 This book examines Christian ethnographic writing about the Jews in early modern Europe offering a systematic historical analysis of this literary genre and arguing its importance for better understanding both the period in general and Jewish Christian relations in particular The book focuses on nearly 80 texts from Western Europe mostly Germany that describe the customs and ceremonies of the contemporary Jews containing both descriptions and illustrations of their subjects Deutsch is one of the first scholars to study these unique writings in extensive detail He examines books in which Christian authors describe Jewish life and provides new interpretations of Christian perceptions of Jews Christian Hebraism and the attention paid by the Hebraist to contemporary Jews and Judaism

Since many of the authors were converts studying their books offers new insights into conversion during the period Their work presents new perspectives the study of religion developments in the field of anthropology and ethnography and internal Christian debates that arose from the portrayal of Jewish life Despite the lack of attention by modern scholars some of these books were extremely popular in their time and represent one of the important ways by which Jews were perceived during the period The key claim of the study is that although almost all of the descriptions of Jewish customs are accurate the authors chose to concentrate mainly on details that show the Jewish ceremonies as anti Christian superstitious and ridiculous these details also reveal the deviation of Judaism from the Biblical law Deutsch suggests that these ethnographic descriptions are better defined as polemical ethnographies and argues that the texts despite their polemical tendency represent a shift from writing about Judaism as a religion to writing about Jews and from a mode of writing based on stereotypes to one based on direct contact and observation

*Indian Orphanages* Marilyn Irvin Holt,2001-09-13 With their deep tradition of tribal and kinship ties Native Americans had lived for centuries with little use for the concept of an unwanted child But besieged by reservation life and boarding school acculturation many tribes with the encouragement of whites came to accept the need for orphanages The first book to focus exclusively on this subject Marilyn Holt s study interweaves Indian history educational history family history and child welfare policy to tell the story of Indian orphanages within the larger context of the orphan asylum in America She relates the history of these orphanages and the cultural factors that produced and sustained them shows how orphans became a part of native experience after Euro American contact and explores the manner in which Indian societies have addressed the issue of child dependency Holt examines in depth a number of orphanages from the 1850s to1940s particularly among the Five Civilized Tribes in Oklahoma as well as among the Seneca in New York and the Ojibway and Sioux in South Dakota She shows how such factors as disease federal policies during the Civil War and economic depression contributed to their establishment and tells how white social workers and educational reformers helped undermine native culture by supporting such institutions She also explains how orphanages differed from boarding schools by being either tribally supported or funded by religious groups and how they fit into social welfare programs established by federal and state policies The Indian Child Welfare Act of 1978 overturned years of acculturation policy by allowing Native Americans to finally reclaim their children and Holt helps readers to better understand the importance of that legislation in the wake of one of the more unfortunate episodes in the clash of white and Indian cultures

**Classifying Christians** Todd S. Berzon,2021-05-25 Classifying Christians investigates late antique Christian heresiologies as ethnographies that catalogued and detailed the origins rituals doctrines and customs of the heretics in explicitly polemical and theological terms Oscillating between ancient ethnographic evidence and contemporary ethnographic writing Todd S Berzon argues that late antique
