The Other Freud James DiCenno, 2005-06-23 First published in 1998 Routledge is an imprint of Taylor Francis an information company

Freud as a Social and Cultural Theorist Howard L. Kaye, 2018-11-14 This book offers a new account of Freud's work by reading him as the social theorist and philosopher he always aspired to be and not as the medical scientist he publicly claimed to be In doing so the author demonstrates that Freud's social moral and cultural thought constitutes the core of his life's work as a theorist and is the thread that binds his voluminous writings together from his earliest essays on the neuroses to his foundational writings on dreams and sexuality and to his far ranging reflections on art religion and the dynamics of culture Returning to the fundamental questions and concerns that animate Freud's work the nature of evil the origins of religion morality and tradition and the looming threat of resurgent barbarism *Freud as a Social and Cultural Theorist* provides the first systematic re-examination of Freud's social and cultural thought in more than a generation As such it will be of interest to social and cultural theorists social philosophers intellectual and cultural historians and those with interests in psychoanalysis and its origins

*Early Psychoanalytic Religious Writings* H. Newton Malony, Edward P. Shafranske, 2021-03-22 *Early Psychoanalytic Religious Writings* presents in one edited volume many of the foundational writings in the psychoanalytic study of religion These translated works by Abraham Fromm Pfister and others complement Freud's seminal contributions and provide a unique window into the origins of psychoanalytic thinking The volume includes the Freud Pfister correspondence with a brief introduction which reveals the rich back story of friendship mutual respect and intellectual debate These essays are anchored in Freud's early theory building and prefigure and are linked to later developments in psychoanalytic thought The issues raised in these essays are of relevance still today how is religion's thinking shaped by unconscious processes reflecting primary relationships and drives

*Freud's Converts* Vicki Clifford, 2020-06-16 This work is an exploration of the relationship which psychotherapy has with religion Sigmund Freud and Carl Rogers were chosen for this exposition because they were each seduced by the high status given to science Freud and Rogers both founders of psychotherapies left a legacy which is not that of scientists whom they claimed they were Freud and Rogers each had a problematic relationship with religion This has had a lasting effect on the work and attitudes of their respective followers In order to explore effectively this relationship the work begins with a critical examination of the historical context in which both Freud and Rogers worked and how in their determination to be scientists both missed the importance of the religious The work continues with an exploration of the effects of this legacy on the work of contemporary psychotherapists The context in which their followers work relies on a relationship with the founder which goes beyond that of science and in addition each practitioner is influenced by socio-economic circumstances which are peculiar to them The resistance from psychotherapists to embrace religion has been complex although as it will be illustrated today there are some who are acknowledging the importance of the spiritual That psychotherapy functions as a religious movement has been

excluded by practitioners in their determination to reflect the wishes of their founder which was that their work should be regarded as science Psychotherapists have traditionally been considered the custodians of the real and that their clients are the ones suffering from delusions With respect to their attitudes to religion not least the spiritual the positions seem to be reversed

**Theory for Religious Studies** William E. Deal, Timothy K. Beal, 2004-11 Theory for Religious Studies presents the key theoretical influences on religious studies since the 1960s an essential guide to the figures and ideas animating religious studies today Drawing on their complementary knowledge of Eastern and Western religious traditions William Deal and Timothy Beal begin with four foundational figures Marx Nietzsche Saussure and Freud and go on to provide guided introductions to Althusser Bakhtin Barthes Bataille Baudrillard Benjamin Bourdieu Butler Cixous Deleuze and Guattari Derrida Foucault Gadamer Irigaray Kristeva Lacan Lefebvre

**A Cultural Citizen of the World** S. S. Prawer, 2017-10-23 This book is based on the German editions of Sigmund Freud's works and letters It presents various examples from English and American literatures that suggest several questions Freud asked of literary works in general

**Teaching Freud** Diane Elizabeth Jonte-Pace, 2003 Freud can be considered one of the grandparents of the field of religious studies yet students often assume that Freud is sexist dangerous passe and irrelevant to the study of religion The contributors to this volume describe how they address Freud's contested legacy

**Post-modernism for Psychotherapists** Del Loewenthal, Robert Snell, 2003 This volume is a primer which takes the reader through the ideas of the most important post modern thinkers giving a clear summary of the essential points of their ideas and how they relate to current and future psychotherapy theory and practice

**Religious Experience and New Materialism** Joerg Rieger, Edward Waggoner, 2016-04-29 In this groundbreaking volume theologians and scholars of religion criticize and refine new materialist views to advance debate about the role of religious experience in social and political change

**The Predicament of Postmodern Theology** Gavin Hyman, 2001-01-01 Gavin Hyman explores in depth two antithetical schools of postmodern theology the radical orthodoxy of John Milbank and the nihilist textualism of Don Cupitt Hyman critiques Milbank's influential project from a postmodern perspective and then points out the major difficulties with Cupitt's approach Finally he explores the work of Mark C Taylor and Michael de Certeau to articulate a third way that leads beyond the responses of both Cupitt and Milbank

**A Transatlantic Political Theology of Psychedelic Aesthetics** Roger K. Green, 2019-04-02 Arguing that we ought to look to psychedelic aesthetics of the 1960s in relation to current crises in liberal democracy this book emphasizes the intersection of European thought and the psychedelic The first half of the book focuses on philosophical influences of Herbert Marcuse and Antonin Artaud while the second half shifts toward literary and theoretical influences of Aldous Huxley on psychedelic aesthetics Framed within an emergent discourse of political theology it suggests that taking a postsecular approach to psychedelic aesthetics helps us understand deeper connections between aesthetics and politics

*Islamic Images and Ideas* John Andrew Morrow, 2013-11-25 These 24 studies on specific symbols images and icons from the Muslim tradition are

authored by scholars from around the world Divided into four sections the Divine the Spiritual the Physical and the Societal they examine theological issues such as divine unity creation wrath and justice as well as spiritual subjects such as the straight path servitude perfection the jinn intoxication and the status of Fatimah the daughter of the Prophet Muhammad Essays also explore the symbolism of physical elements such as water trees seas ships food the male sexual organ eyebrows and camels and the significance of more socially centered subjects such as the center ijihad governance otherness Ashura and Arabic Drawing from the Qur an and Sunnah the essays address these topics with tact and respect from a position that appreciates exegetical diversity while remaining within the realm of unity

**Teaching Freud** Diane Jonte-Pace Professor of Religious Studies and Associate Vice Provost for Faculty Development Santa Clara University, 2003-03-04 As one of the first theorists to explore the unconscious fantasies fears and desires underlying religious ideas and practices Freud can be considered one of the grandparents of the field of Religious Studies Yet his legacy is deeply contested How can Freud be taught in a climate of critique and controversy The fourteen contributors to this volume all recognized scholars of religion and psychoanalysis describe how they address Freud's contested legacy they teach the debates They go on to describe their courses on Freud and religion their innovative pedagogical practices and the creative ways they work with resistance

*Foucault, Christianity and Interfaith Dialogue* Henrique Pinto, 2020-11-25 Foucault Christianity and Interfaith Dialogue develops a new model for interfaith dialogue using the work of the French historian of ideas Michel Foucault The author argues that it is the injustice done to the Other by Roman Catholic Protestant and other centred and unitary models of religious pluralism that allows the introduction of Foucault's de-centring of transcendence and human reason as an alternative model for understanding religious diversity and the role it ought to play in the constitution of the self and the making of society This Foucaultian approach provides a new direction for interfaith dialogue in the modern world and leads to an ethical rather than a nihilistic position while fostering a non unitary theology of religious pluralism and an open textured process of self transformation The author's original and imaginative application and expansion of Foucault's concept of the More from *The Archaeology of Knowledge* 1969 makes important and original contributions to academic work on Foucault and contemporary theology

**Between the Canon and the Messiah** Colby Dickinson, 2013-03-14 Dickinson traces the development of two concepts the messianic and the canonical as they circulate interweave and contest each other in the work of three prominent continental philosophers Walter Benjamin Jacques Derrida and Giorgio Agamben though a strong supporting cast of Jan Assmann Gershom Scholem Jacob Taubes and Paul Ricoeur among others also play their respective roles throughout this study He isolates how their various interactions with their chosen terms reflects a good deal of what is said within the various discourses that constitute what we have conveniently labelled often in mistakenly monolithic terms as Theology By narrowing the scope of this study to the dynamics generated historically by these contrasting terms he also seeks to determine what exactly lies at the heart of theology's seemingly most treasured object the

presentation beyond any representation the supposed true nucleus of all revelation and what lies behind any search for a theology of immanence today

**Doom, Desire and the Polis in Eugene O'Neill's Drama** Adel Bahroun, 2023-01-24 This book shows that Eugene O'Neill's modern American drama is a survey on the politics of desire the power of doom and the variable configurations of the polis It highlights that the modern American city or polis is the stage on which the antithetic categories of doom and desire are re-enacted in different undertones The text notes that desire doom schizophrenia and the archeology of the polis are reconceived by the playwright while legacy sexuality lucre and the volatility of the free flow of capital entrap the American subject in a maze of qualms and queries Subjection and resistance give birth to schizorevolutionary subjects seeking lines of flight Indeed as noted here O'Neill's plays portray their protagonists as desiring machines trying to evade the modern closed circles of power and various modes of becoming to use Gilles Deleuze's concept O'Neill encounters Deleuze at the level of thoughts and sensations anticipating postmodern plateaus for the human subject to grow into a rhizome

**Post-Christian Feminisms** Lisa Isherwood, 2016-04-08 This book explores the impact and contribution of post-theories in the field of Christian feminist theology Post theory is an important and cutting edge discursive field which has revolutionized the production of knowledge in both feminism and theology This book fills a gap by providing a text that can make authoritative statements on the use and status of post theory in feminist theology and secondly it makes an on-going contribution to the discourse of Christian feminist theology and its liberation agenda Distinguished and established scholars contribute conclusive essays on the most recent and exciting developments in post theory feminism and theology

**The Atheist's Creed** Michael Palmer, 2010-10-29 In *The Atheist's Creed* a prominent and widely read contemporary philosopher Dr Michael Palmer presents the most comprehensive anthology of the major philosophical arguments for atheism now before the public While the so-called new atheism of Richard Dawkins and others has attracted considerable publicity it is these philosophical arguments that have down the ages provided the principal landmarks in the unfolding and increasingly widespread belief that no God exists Using a combination of extracts detailed introductions biographies and extensive bibliographies the author guides the reader through the history of atheism from the time of the early Greeks down to the present day In this analysis particular attention is given to the writings of Hume Nietzsche Marx and Freud *The Atheist's Creed* requires no specialist knowledge of philosophy Each chapter is structured around a single theme and the various authors coordinated to allow the full force of the particular atheistic argument to emerge The result is a compelling and powerful assessment of the case for atheism which will be essential and fascinating reading for student and non-student alike and for all those concerned with the fundamental question whether or not there is a God

*Faiths, Public Policy and Civil Society* A. Dinham, 2009-03-12 This book uses empirical data and theory to explore the role of faiths as public actors their contribution to welfare services how they help build community cohesion and break it down and what it means for them and for others to be involved in new modes of governance

Secular Theology Clayton

Crockett, 2021-12-24 *Secular Theology* brings together new writings by some of America's most influential theological and religious thinkers on the viability of secular theology. Critically assessing Radical Orthodoxy and putting American radical theology in context, it provides new resources for philosophical theology. Themes covered include postmodern theology, ethics, psychoanalysis, the death of God, and medieval theology.
