Other Gods:

OCD and Other Gods Christian R. Komor, 2000-12 No Other Gods Ana Levy-Lyons, 2018-03-06 Ana Levy Lyons a public theologian who is equally at home in secular and religious worlds offers a deeply perceptive reinterpretation of the Ten Commandments for our modern lives The Ten Commandments are a spiritual resource for social justice A politically and spiritually brazen prescription for living the Ten Commandments would turn our world upside down if we actually followed them Far from being only ethical norms on which everyone already agrees or a remnant of a bygone oppressive era the Commandments are actually countercultural practices Today the Ten Commandments are a divisive part of American culture Religious conservatives champion them even if they don't always practice them Religious liberals and the nonreligious may bristle at what they perceive as antiquated moral restrictions But this ancient code still has vital contemporary relevance Rev Levy Lyons explores ways the Commandments bring us meaning illuminate our values and help us navigate through the turbulent waters of social injustice environmental crises and societal inequity No Other Gods looks at each Commandment in new ways moving beyond interpersonal morality to the global economy and our hyper connected age From the first You Shall Have No Other Gods Besides Me Dethrone the Modern Deities of Political Social and Corporate Power to the tenth Do Not Covet Practice Your Liberation You Have Enough You Are Enough and all those in between she underscores how the Commandments can produce a bold spiritual consciousness Whether you are deeply religious or spiritual but not religious learn how the Ten Commandments can guide you to resist injustice heal our earth and find personal dignity amid the free for all of modern life We don't have to invent a bunch of new practices for a meaningful way to live out our spirituality and social justice politics says Levy Lyons There is a perfectly good set of ten of them all ready to go with as much progressive firepower as any of us can handle that has existed for some three thousand years **Names of God and Other Bible**

Studies Rose Publishing, 2008 Names of God and Other Bible Studies contains favorite Bible studies to use in small groups church groups and for individual study This full color book contains studies on the Names of God Names of Jesus Names of the Holy Spirit Trinity Ten Commandments Lord's Prayer Beatitudes Fruit of the Spirit and Armor of God 112 pages Includes color charts illustrations and photos throughout *Of God and Man* Zygmunt Bauman, Stanislaw Obirek, 2015-07-21 In this engaging dialogue Zygmunt Bauman sociologist and philosopher and Stanislaw Obirek theologian and cultural historian explore the place of spirituality and religion in the world today and in the everyday lives of individuals Their conversation ranges from the plight of monotheistic religions cast onto a polytheistic world stage to the nature of religious experience and its impact on human worldviews and life strategies from Messianic and Promethean ideas of redemption and salvation to the possibility and prospects of inter religious dialogue and the factors standing in its way While starting from different places Bauman and Obirek are driven by the same concern to reconcile the multiplicity of religions with the oneness of humanity and to do so in a way that avoids the trap of adhering to a single truth bearing witness instead to the multiplicity of human

truths and the diversity of cultures and faiths For everything creative in human existence has its roots in human diversity it is not human diversity that turns brother against brother but the refusal of it The fundamental condition of peace solidarity and benevolent cooperation among human beings is a willingness to accept that there is a multiplicity of ways of being human and a willingness to accept the model of coexistence that this multiplicity requires *The Oxford Handbook of Deuteronomy* Don C. Benjamin,2024-12-03 The Oxford Handbook of Deuteronomy is a gateway to what legal traditions teach about the cultural identity and social world of the people of YHWH how they thought about themselves and about their world and how they faced and resolved the challenges of daily life More than a record of values of a by gone era Deuteronomy continues to inspire audiences to take on the challenges of living their values with confidence The Oxford Handbook of Deuteronomy introduces readers to significant topics in the thriving conversation and the rich diversity in the academic community studying Deuteronomy An international collection of scholars the contributors are specialists in a variety of critical methods for understanding and appreciating legal traditions Considering the literary development motifs social world intertextuality and reception history of Deuteronomy this Handbook offers a ready reference to anyone wishing to learn more about one of the most formative books of the Hebrew Bible God's Guide to Freedom Carl Barrett,2023-04-13 In a society where so many people feel helpless and hopeless they need to grasp onto someone who will release them from the bondage preventing them from attaining the beautiful things God has in store So often we don t know how to fight our spiritual battles leading to a weakened and defeated spirit This state of delusion and confusion is only the work of a dark force that s keeping people shackled in chains and suppressing their glorious life of liberty in Jesus Christ We all long for a life full of peace purpose and a plan that will lead to a glorious journey with the presence of our Lord every step of the way The reality of believing in Jesus obeying his word and knowing the truth brings spiritual freedom And such a privilege includes freedom from the bondage of falsehood For his truth sets us free This forty day devotional guide through Exodus will show us times of being in bondage to a stage of deliverance to wandering in the wilderness and how to rely on the strength and guidance of an Almighty God And that s where spiritual freedom comes to the surface in our intentional lives **The New Topical Text Book** R.A. Torrey,1897 Oh, My God! Javier J. Farias,2016-02-17 This book is a follow up to the author s previous one which revealed the underlying but veiled symbolism in the Wizard of Oz His suggestion regarding the connection between Emerald City and the Catholic Church was not well received Even more objectionable to many was his assertion that the powerless phony wizard that Whiz of a wiz is a direct analogy to the God of the Old Testament These chapters will serve as a guided tour of the spiritual nooks and crannies of Holy Scripture These nooks have been carefully ignored and side stepped by theologians for a very long time Those willing to start from a spiritual blank slate and step forward with an open mind will be shocked to their core by what they discover in the many never discussed nooks While many have claimed to reveal the secrets of the Mother Church you will find here that her biggest secrets have been hidden in plain sight all along Reassessing our most

fundamental assumptions about our deepest and longest cherished core beliefs requires real courage and even a willingness to endure ridicule When Dorothy pulled back the green curtain she was changed forever for the better It is the author s sincere belief that everyone who walks the Yellow Brick Road i e the Spiritual Path must eventually summon the courage to look behind the mysterious veil that separates us from our real world wizard Most of what follows is not pleasant or easy reading but all of it comes right out of the pages of Holy Scripture itself Themelios, Volume 46, Issue 1 D. Gods in the Desert Glenn S. Holland,2009-07-16 Gods in the Desert explores the fascinating religious cultures of the ancient Near East From the mysterious pyramids tombs and temples of Egypt to the powerful heroes gods and legends of Mesopotamia Glenn Holland guides readers through the early religions that are the root of many of today s major faiths Holland compares the religions of ancient Egypt Mesopotamia and Syria Palestine including Israel and Judah from the Neolithic era through the conquest of Alexander the Great He provides a historical survey of each region then discusses the gods the rulers the afterlife and the worship rituals This accessible overview makes clear how these religions converged and diverged and are intimately connected to many of the religions we recognize today sometimes in surprising ways

Divine Simplicity Steven J. Duby,2015-12-17 Steven J Duby examines the doctrine of divine simplicity This discussion is centered around the three distinguishing features grounding in biblical exegesis use of Thomas Aquinas and the Reformed Orthodox and the writings of modern systematic and philosophical theologians Duby outlines the general history of the Christian doctrine of divine simplicity and discusses the methodological traits and essential contents of the dogmatic account He substantiates the claims of the doctrine of divine simplicity by demonstrating that they are implied and required by the scriptural account of God Duby considers how simplicity is inferred from God s singularity and aseity as well as how it is inferred from God s immutability and infinity and the Christian doctrine of creation The discussion ends with the response to major objections to simplicity namely that the doctrine does not pay heed to the plurality of the divine attributes that it eradicates God s freedom in creating the world and acting toward us and that it does not cohere with the personal distinctions to be made in the doctrine of the Trinity

God at War Gregory A. Boyd,2014-06-18 Modern Christians are often baffled by the problem of evil frequently attributing pain and suffering to some mysterious good purposes of God Gregory Boyd instead declares that biblical writers did not try to intellectually understand evil but rather grappled to overcome it

The God of

Jesus Christ Walter Kasper,2012-03-01 Kasper's book on God the Trinity is a bold exploration of knotty theological problems

Finding Herem? Hyung Dae Park,2007-05-03 The concept of Herem is found throughout the Old Testament and presented a problem to the Second Temple Jewish authors In introducing the concept to their audiences and in applying it to themselves and other nations they avoided it by reducing or expanding omitting or changing the concept of Herem Much evidence in Luke Acts however indicates that Luke deliberately uses the concept of Herem in order to present the life and teaching of Jesus and his disciples Jesus death on the cross resurrection and ascension can be seen as Herem that redeems God's people The disciples thoughts and actions in Acts as well as all the Christ event are based on Jesus teaching such as Luke 9 24 and 20 25 Ultimately this study suggests that readers of Luke Acts should consider the whole Old Testament so as to understand Lukan use of the Old Testament and its attitude to the Mosaic law Moreover this study shows that the ethics of Luke Acts are not limited to sharing possessions but related to offering or giving what belongs to oneself even life without expecting any reciprocal advantage Furthermore the concept of Herem detected in Luke Acts makes it possible to argue that there is an atonement theology in Lukan writings

Reason and Religion Herman Philipse,2022-04-28 Religion is relevant to all of us whether we are believers or not This book concerns two interrelated topics First how probable is God's existence Should we not conclude that all divinities are human inventions Second what are the mental and social functions of endorsing religious beliefs The answers to these questions are interdependent If a religious belief were true the fact that humans hold it might be explained by describing how its truth was discovered If all religious beliefs are false a different explanation is required In this provocative book Herman Philipse combines philosophical investigations concerning the truth of religious convictions with empirical research on the origins and functions of religious beliefs Numerous topics are discussed such as the historical genesis of monotheisms out of polytheisms how to explain Saul's conversion to Jesus and whether any apologetic strategy of Christian philosophers is convincing Universal atheism is the final conclusion

Keys to a Godly Life Brian A Curtis,2019-03-28 There is a great gulf between the laws given by God to Moses and those in force in society today So how does a believer live in the twenty first century What rules do they apply Christians may claim that many of God's laws were fulfilled with the death and resurrection of Jesus Christ But if a believer truly wants to know who God is what makes him tick and how we are supposed to live then what better way than to study God's rules At their heart God's laws were about two things how to have a healthy relationship with him and how to build up a healthy thriving community As a consequence any search for keys to a godly life would be deficient if it did not include an examination of the rules that God gave Moses together with the insights of Solomon
