Other Revolution:

Historicizing the French Revolution Antonino De Francesco, 2022-03-24 This book provides a critical examination of over 300 historical works about the French Revolution published in Europe in particular in France Great Britain Germany Italy and Russia as well as in the United States between 1789 and 1989 It also goes on to examine recent trends in French Revolution historiography and consider where histories of this landmark event may go in the future By emphasizing the elements which have been valued or hidden exalted or silenced Historicizing the French Revolution shows how reflections on 1789 are always fundamentally tied to the times in which they are formulated Antonino De Francesco looks at the ways in which these historical accounts can be seen to support and at times contrast with the formation of political modernity both in national and international contexts as it has taken shape in the hundreds of years that have followed this key moment in world history

The Third Revolution Murray Bookchin, 2004-06-15 Comprehensive account of the great revolutions that swept over Europe and America

Philosophy and Revolution Stathis Kouvelakis, 2018-12-04

Throughout the nineteenth century German philosophy was haunted by the specter of the French Revolution Kant Hegel and their followers spent their lives wrestling with its heritage trying to imagine a specifically German path to modernity a revolution without revolution Trapped in a politically ossified society German intellectuals were driven to brood over the nature of the revolutionary experience In this ambitious and original study Stathis Kouvelakis paints a rich panorama of the key intellectual and political figures in the effervescence of German thought before the 1848 revolutions He shows how the attempt to chart a moderate reformist path entered into crisis generating two antagonistic perspectives within the progressive currents of German society On the one side were those socialists among them Moses Hess and the young Friedrich Engels who sought to discover a principle of harmony in social relations bypassing the question of revolutionary politics On the other side the poet Heinrich Heine and the young Karl Marx developed a new perspective articulating revolutionary rupture proletarian hegemony and struggle for democracy thereby redefining the very notion of politics itself

O'Kane, 2000 All of the major work on the subject of revolutions is collected in this useful set Including work from seminal figures such as Hatto and Gottschalk in the 1940s as well as the most important literature all the way through 1998 the articles reprinted here consider the concept theory and causes of revolution revolutionary state

Revolution in China and Russia Luyang Zhou,2025-06-17 Most scholars believe that China's nationality policy like that of other socialist states imitated the Soviet nationality model a system which has been termed an affirmative action empire This book offers two contributions to the literature which run counter to this convention First it argues that the People's Republic of China PRC and the Soviet Union USSR were different while the PRC was aimed to build an ideal typical nation state the USSR was an open union of nation states that was only temporarily confined to a physical territory Second while scholars who have noted this difference attribute it to contextual factors such as ethnic structure geopolitical status and Russia's intervention into the Chinese Revolution this book contends that context shaped the Sino Soviet difference yet it did not determine it Rather there was significant leeway between the implications of the contextual factors and what the policy designers ultimately established This book probes who held agency and how these individuals bridged this gap **The Nature of Revolution** United States. Congress. Senate. Committee on Foreign Relations,1968 Analyzes stages of various national and social revolutions from the 17th through the 20th centuries The Parliamentary Register; Or, History of the Proceedings and Debates of the [House of Lords and House of Commons] ,1800 **The Promise of History** Athanasios Moulakis,2019-07-08 No detailed description available for The Promise of History PPI Detailed Report ,1999
