reforming teacher education along with the difficulty of filling some teaching positions with persons certified in traditional ways have fueled a movement to create alternative routes to teacher certification in the vast majority of states This monograph seeks to inform the ongoing policy debate over when and for what purposes alternative certification of teachers should be employed and to develop lessons that might lead to increasing the effectiveness of both alternative certification and traditional programs of teacher preparation Following an introduction the publication consists of six articles 1 The Theory and Practice of Alternative Certification Implications for the Improvement of Teaching Willis D Hawley 2 Alternative Certification in Connecticut Reshaping the Profession Traci Bliss 3 Alternative Certification State Policies in the SREB Southern Regional Education Board States Lynn M Cornett 4 Los Angeles Unified School District Intern Program Recruiting and Preparing Teachers for an Urban Context Trish Stoddart 5 Teaching and Knowledge Policy Issues Posed by Alternate Certification for Teachers Linda Darling Hammond and 6 The Place of Alternative Certification in the Education of Teachers Gary D Fenstermacher Selected references for each chapter are included LL Support for Home Education Great Britain: Parliament: House of Commons: Education Committee,2012-12-18 This report supports the right of parents to educate their children at home and accept that home educating families should bear the costs of that provision It is not reasonable however that it should be so difficult to access an exam centre nor that families should pay exam costs on top of everything else Home educators and local authorities LAs have since the Badman Review and its aftermath in 2009 made real efforts to engage and to ensure more constructive relationships and better support but there is clearly some way to go In particular the Committee notes the postcode lottery element of current provision for home educators with different LAs offering starkly different services and patterns of support It calls on the Department for Education to conduct an audit review the home education guidance given to LAs and to support pilots for local offers of support being published The Committee is also concerned that provisions for home educated young people with SEN are not being fully met **Developing Science, Mathematics, and ICT Education in Sub-Saharan Africa** Wout Ottevanger,J.
