on the analysis of specific instances of film in the former and literature in the latter in order to tease out some specific uses of the exotic whether ethnic gendered sexual or other This volume will be of interest to scholars and students working in the fields of representation cultural theory postcolonialism gender ethnicity sexuality cinema and literature **Bonded to the Abuser** Amy J.L. Baker, PhD, Mel Schneiderman, 2015-05-07 Tens of thousands of children are removed from home each year due to some form of child maltreatment usually physical neglect physical abuse or sexual abuse although sometimes for emotional abuse as well An additional significant number of children are victims of child maltreatment but remain in their home Extensive research reveals the far reaching and long lasting negative impact of maltreatment on child victims including on their physical social emotional and behavioral functioning One particularly troubling and complicated aspect is how the child victim forms and maintains a traumatic bond with his abuser even becoming protective and defensive of that person despite the pain and suffering they have caused This book will provide the reader with the essential experience of understanding how children make meaning of being maltreated by a parent and how these traumatic bonds form and last Through an examination of published memoirs of abuse the authors analyze and reveal the commonalities in the stories to uncover the ways in which adult victims of childhood abuse understand and digest the traumatic experiences of their childhoods This understanding can inform interventions and treatments designed for this vulnerable population and can help family and friends of victims understand more fully the maltreatment experience from the inside out *Ethnicity, Gender, and Diversity* Peter Robson, Jennifer L. Schulz, 2020-07-07 Television and streamed series that viewers watch on their TVs computers phones and tablets are a crucial part of popular culture They have an influence on viewers and on law People acquire values behaviors and stereotypes both positive and negative from television shows which are relevant to people's acquisition of beliefs and to the development of law In this book readers will find the first transnational empirical look at ethnicity gender and diversity on legally themed TV shows Scholars determine the three most watched legally themed shows in Brazil Britain Canada Germany Greece Poland Switzerland and the United States and then examine gender age ability ethnicity race class sexual orientation and nationality in those shows and countries As such this book provides an important link between law TV and what is going on in real life *The Youngest Doll*, 1991-01-01 A gentle maiden aunt who has been victimized for years unexpectedly retaliates through her talent for making life sized dolls filled with honey The Youngest Doll based on a family anecdote is a stunning literary expression of Rosario Ferr's feminist and social concerns It is the premier story in a collection that was originally published in Spanish in 1976 as *Papeles de Pandora* and is now translated into English by the author The daughter of a former governor of Puerto Rico Ferr portrays women loosening the constraints that have bound them to a patriarchal culture Anger takes creative rather than polemical form in ten stories that started Ferr on her way to becoming a leading woman writer in Latin America The upper middle class women in *The Youngest Doll* mostly married to macho men rebel against their doll like existence or retreat into fantasy those without money or the right skin

color are even more oppressed In terms of power and influence these women stand in the same relation to men as Puerto Rico itself does to the United States and Ferr stretches artistic boundaries in writing about their situation The stories moving from the realistic to the nightmarish are deeply felt full of irony and black humor often experimental in form The imagery is striking an architect dreams about a beautiful bridge that would open and close its arches like alligators making love a Mercedes Benz shines in the dark like a chromium rhinoceros One story The Sleeping Beauty is a collage of letters announcements and photo captions that allows chilling conclusions to be drawn from what is not written The collection includes Ferr s discussion of When Women Love Men a story about a prostitute and a society lady who unite in order to survive and one that illustrates the woman writer s art of dissembling anger through irony In closing she considers how her experience as a Latin American woman with ties to the United States has brought to her writing a dual cultural perspective

The Accidental Slaveowner Mark Auslander,2011-10-01 What does one contested account of an enslaved woman tell us about our difficult racial past Part history part anthropology and part detective story The Accidental Slaveowner traces from the 1850s to the present day how different groups of people have struggled with one powerful story about slavery For over a century and a half residents of Oxford Georgia the birthplace of Emory University have told and retold stories of the enslaved woman known as Kitty and her owner Methodist bishop James Osgood Andrew first president of Emory s board of trustees Bishop Andrew s ownership of Miss Kitty and other enslaved persons triggered the 1844 great national schism of the Methodist Episcopal Church presaging the Civil War For many local whites Bishop Andrew was only accidentally a slaveholder and when offered her freedom Kitty willingly remained in slavery out of loyalty to her master Local African Americans in contrast tend to insist that Miss Kitty was the Bishop s coerced lover and that she was denied her basic freedoms throughout her life Mark Auslander approaches these opposing narratives as myths not as falsehoods but as deeply meaningful and resonant accounts that illuminate profound enigmas in American history and culture After considering the multiple powerful ways that the Andrew Kitty myths have shaped perceptions of race in Oxford at Emory and among southern Methodists Auslander sets out to uncover the real story of Kitty and her family His years long feat of collaborative detective work results in a series of discoveries and helps open up important arenas for reconciliation restorative justice and social healing

21st century began optimistically in Latin America Left leaning leaders armed with programs to reduce poverty and reclaim national wealth were seeing results but as the aughts gave way to the teens they began to fall like dominos Where did the dreams of this pink tide go Look no further than the original culprits of Latin American disenfranchisement resource rich land and unscrupulous extraction Recounting the story commodity by commodity Andy Robinson reveals what oxen have to do with the rise of Jair Bolsonaro how quinoa explains the mob that descended on Evo Morales and why oil is the culprit behind the protracted coup in Venezuela In addition to the usual suspects like gold and bananas which underscored the original plunder of the Americas Robinson also shows how a new generation of valuable resources like coltan for smartphones lithium for electric cars and niobium for SpaceX rockets have become important players in the fate of Latin America And as the energy transition sets mineral prices soaring Latin America remains at the mercy of the rollercoaster of commodity prices In Gold Oil and Avocados Robinson takes readers from the salt plains of Chile to the depths of the Amazonian jungle to stitch together the story of Latin America s last decade showing how the imperial plunder of the past carries on today under a new name

Unraveling and Reweaving Sacred Canon in African Womanhood Rose Mary Amenga-Etego, Rosetta E. Ross, 2015-12-15 In this collection continental and diasporan African women interrogate the concept sacred text and analyze ways oral and written religious texts intersect with violence against African descended women and girls While the sanctioned idea of a sacred text is written literature this project interrupts that conception by drawing attention to speech and other embodied practices that have sacral authority within the social imaginary As a volume focused on religion and violence essays in this collection analyze religions authorization of violence against women and girls contest the legitimacy of some religious texts and affirm other writing especially memoir as

Signs of the Signs William Brevda,2011-05-16 This book is a study of signs in American literature and culture It is mainly about electric signs but also deals with non electric signs and related phenomena such as movie sets The sign is considered in both the architectural and semiotic senses of the word It is argued that the drama and spectacle of the electric sign called attention to the semiotic implications of the sign In fiction poetry and commentary the electric sign became a sign of manifold meanings that this book explores a sign of the city a sign of America a sign of the twentieth century a sign of modernism a sign of postmodernism a sign of noir a sign of naturalism a sign of the beats a sign of signs systems the Bible to Broadway a sign of tropes the Great White way to the neon jungle a sign of the writers themselves a sign of the sign itself If Moby Dick is the great American novel then it is also the great American novel about signs as the prologue maintains The chapters that follow demonstrate that the sign is indeed a sign of American literature After the electric sign was invented it influenced Stephen Crane to become a nightlight impressionist and Theodore Dreiser to make the fire sign his metaphor for the city An actual Broadway sign might have inspired F Scott Fitzgerald s *The Great Gatsby* In *Manhattan Transfer* and *U S A* John Dos Passos portrayed America as just a spectacular sign William Faulkner s electric signs are full of sound and fury signifying modernity *The Last Tycoon* was a sign of Fitzgerald s decline The signs of noir can be traced to Poe s *The Man of the Crowd* *Absence* flickers in the neons of Raymond Chandler s *Los Angeles* The death of God haunts the neon wilderness of Nelson Algren Hitler s empire was an non intentional parody of Nathanael West s *California* The beats reinvented Times Square in their own image Jack Kerouac s search for the center of Saturday night was a quest for transcendence *McNaught's Monthly* ,1925 *Haiti* Patrick Bellegarde-Smith,2004-05-14 The updated edition of this perceptive study could hardly

appear at a more auspicious moment as the latest phase of the tragedy of Haiti is unfolding It brilliantly illuminates the rich tapestry of Haitian culture and reveals the remarkable resilience of the Haitian people subjected to centuries of rapacity and violence and brutally punished for revealing the limited definition of freedom adopted by the French and American revolutions in the author s accurate words As he relates they have continued to teach such lessons to this day frightening the rich and powerful in their own tortured land and at the centers of global rule It is our great loss if we choose not to understand and there is no better starting point than this learned and penetrating inquiry Noam Chomsky Institute Professor Emeritus Department of Linguistics and Philosophy MIT **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office,1974 *Poetics of Change* Julio Ortega,2013-08-26 Too often literary criticism is academic

exercise rather than creative act For the multifaceted Julio Ortega respected poet dramatist and novelist in his own right the act of criticism becomes profoundly creative his incisive readings of the text far transcending the pedantry that may falsely pass for imagination intelligence and rigor Nearly every Spanish American writer of consequence from Paz to Fuentes Cortzar to Lezama Lima has extolled Ortega s criticism as not merely a reflection but an essential part of the renaissance that took place in Spanish American letters during the late twentieth century Poetics of Change brings together Ortega s most penetrating and insightful analyses of the fiction of Borges Fuentes Garc a M rquez Carpentier Rulfo Cabrera Infante and others responsible for great writing from Spanish America Ortega concerns himself most with the semantic innovations of these masters of the modern narrative and their play with form language and the traditional boundaries of genre Mapping their creative territory he finds that the poetics of Spanish American writing is that of a dynamically changing genre that has set exploration at its very heart
