Other Worlds Dorothy Anger, 1999 In this entertaining but probing inquiry into the nature history and significance of the soaps anthropologist Dorothy Anger shows how they reflect and shape the ethos of particular nations **The Queer Encyclopedia of Film and Television** Claude Summers, 2012-04-24 From Hollywood films to TV soap operas from Vegas extravaganzas to Broadway theater to haute couture this comprehensive encyclopedia contains over 200 entries and 200 photos that document the irrepressible impact of queer creative artists on popular culture How did Liberace's costumes almost kill him Which lesbian comedian spent her high school years as the best white cheerleader in Detroit For these answers and more fans can dip into *The Queer Encyclopedia of Film Theater and Popular Culture* Drawn from the fascinating online encyclopedia of queer arts and culture www.glbtc.com which the Advocate dubbed the Encyclopedia Britanniqueer this may be the only reference book in which RuPaul and Jean Cocteau jostle for space From the porn industry to the Sisters of Perpetual Indulgence from bodybuilding to Dorothy Arzner it's a queer queer world and *The Queer Encyclopedia* is the indispensable guide readable authoritative and concise And perfect to read by candlelight The answers to the two questions above from the dry cleaning fumes Lily Tomlin *From Happy Homemaker to Desperate Housewives* Rebecca Feasey, 2012-11-01 From *Happy Homemaker* to *Desperate Housewives* Motherhood and Popular Television is a comprehensive and accessible introduction to key debates concerning the representations of motherhood motherwork and the maternal role in contemporary television programming The volume looks at the construction of motherhood in the ostensibly female genre of soap opera the mother as housewife in the domestic situation comedy deviant desiring and delinquent motherwork in the teen drama the single working mother in the contemporary dramedy the fragile and failing mother of reality parenting television the serene and selfless celebrity motherhood profile and the new mother in reality pregnancy and childbirth television Motherhood and Popular Television examines the depiction of motherhood in this wide range of popular television genres in order to illustrate how the maternal role is being constructed circulated and interrogated in contemporary factual and fictional programming paying particular attention to the ways in which such images can be seen to challenge or conform to the ideal image of the good mother that dominates the contemporary cultural landscape *Power Couples in Antiquity* Anne Bielman Sánchez, 2019-03-26 Everyone can name a couple made up of famous rich or powerful partners who cultivate a joint media image which is stronger than either of their individual identities Since the 1980s they have been known as power couples Yet while the term is recent the concept is not More than 2 000 years ago Greeks and Romans became aware of the media potential of couples and used it as an instrument to reinforce political power Notable examples are Philip II of Macedonia and Olympias Cleopatra and Mark Antony or the Emperor Augustus and his wife Livia *Power Couples in Antiquity* brings together the reflections of ten specialists on Greek and Roman power couples from the fourth century BCE to the first century CE It is focused on the birth and the development of the

ruling couple in the Hellenistic Greek kingdoms and in Rome between the end of the Republic and the beginning of the Empire By taking some emblematic cases this book analyses the redistribution of public and private roles within these couples examines the sentimental bonds or the relations of domination established between partners explores how these relationships played out in private and highlights the many common points between ancient and contemporary power couples This book offers a fascinating insight into power dynamics in the ancient world exploring not only the subtleties within these often complex relationships but also their relationships with their subjects through the cultivation and manipulation of their joint public image

Global TV Denise D Bielby, C. Lee Harrington, 2008-08-17 A reporter for the Los Angeles Times once noted that I Love Lucy is said to be on the air somewhere in the world 24 hours a day That Lucy s madcap antics can be watched anywhere at any time is thanks to television syndication a booming global marketplace that imports and exports TV shows Programs from different countries are packaged bought and sold all over the world under the watch of an industry that is extraordinarily lucrative for major studios and production companies In Global TV Denise D Bielby and C Lee Harrington seek to understand the machinery of this marketplace its origins and history its inner workings and its product management In so doing they are led to explore the cultural significance of this global trade and to ask how it is so remarkably successful despite the inherent cultural differences between shows and local audiences How do culture specific genres like American soap operas and Latin telenovelas so easily cross borders and adapt to new cultural surroundings Why is The Nanny whose gum chewing star is from Queens New York a smash in Italy Importantly Bielby and Harrington also ask which kinds of shows fail What is lost in translation Considering such factors as censorship and other such state specific policies what are the inevitable constraints of crossing over Highly experienced in the field Bielby and Harrington provide a unique and richly textured look at global television through a cultural lens one that has an undeniable and complex effect on what shows succeed and which do not on an international scale

Sociology and Mass Culture Patricia Cormack, 2004-01-01 Cormack investigates the broad cultural significance and relevance of academic sociology by examining its on-going relationship with modernity and mass culture **Aussie Fans** Celia Lam, Jackie Raphael, 2019-10-01 Australia holds a unique place in the global scheme of fandom Much of the media consumed by Australian audiences originates from either the United States or the United Kingdom yet several Australian

productions have also attracted international fans in their own right This first ever academic study of Australian fandom explores the national popular culture scene through themes of localization and globalization The essays within reveal how Australian audiences often seek authentic imports and eagerly embrace different cultures examining both Hollywood s influence on Australian fandom and Australian fan reactions to non Western content By shining a spotlight on Australian fandom this book not only provides an important case study for fan studies scholars it also helps add nuance to a field whose current literature is predominantly U S and U K focused Contributors Kate Ames Ahmet Atay Jessica Carniel Toija Cinque Ian Dixon Leigh Edmonds Sharon Elkind Jacqui Ewart Lincoln Geraghty Sarah Keith Emerald L King Renee Middlemost A *Place to Belong* Gerald L. Pocius, 2000 *A Place to Belong* is a profusely illustrated intimate contemporary portrait of Calvert a three hundred year old fishing village on Newfoundland s southern shore Often using its residents own words Gerald Pocius describes in detail the continual creative encounters between past and present between individual and community that make up daily life in Calvert By accepted standards of tradition Calvert s culture is declining Old structures are regularly torn down or renovated antique household items are replaced with modern conveniences Pocius argues however that the tangible expressions of a culture can be misleading Calvert s essence is not in the things owned and used by its residents but in the spaces in which those things abide and in the attitudes values and obligations that delineate the order of those spaces From woodlands water and fields to yards gardens and homes Calvert s physical and social structure is governed by shared concerns about the community s livelihood and welfare As a resident of Calvert puts it Where you re working in the same space with people you know it s just not practical to be falling out with everyone The sense of community that pervades Calvert is best exemplified by its annual draw for fishing berths Because productivity varies among offshore fishing grounds there is no private ownership of fishing rights Rather a lottery instituted in 1919 ensures each family the same chances for periodic access to the best fishing berths The draw continues until all the fishing berths are awarded but it is common for a family to opt out once they have drawn enough good berths There are also instances of the most successful fishing operations sharing their catches From his observations of Calvert s people at work and leisure Pocius provides evidence to confirm the viability and durability of their culture He reveals that standard assumptions about culture are inadequate particularly those based on the primacy of artefacts and on sharp dichotomies between tradition and modernity Calvert he shows belies our notion that declining cultural values and social segmentation are unavoidable side effects of modernisation and a rise in material well being *A Place to Belong* will promote a constructive scepticism about the ways we perceive and interpret cultures and most important will remind us of what it really means to belong to a place *Localizing Knowledge in a Globalizing World* Ali Mirsepassi, Amrita Basu, Frederick Weaver, 2003-01-01 The essays in this collection address the current crisis in area studies a crisis that differs from its perennial struggle with the established academic disciplines This crisis stems from the confluence of three related circumstances the end of the Cold War greater economic and cultural fluidity

across political borders and contradictory intellectual trends in the academy which include on the one hand a renaissance of universalizing thinking in the social sciences and on the other hand the rise of post colonial studies and debates about modernity postmodernity and cultural hybridization Although the essays differ markedly in their focus and strategies the authors all demonstrate that local knowledge including serious study of individual cultures and proficiency in foreign languages which are vital to understanding rapidly changing global patterns and to countering universal claims by the social sciences While the authors also agree that area studies must reject their ethnocentric heritages and adopt inventive new contours they present a diversity

Inter-Actions Nelvin Vos, 2009-05-16 This book is an exploration of the linguistic structural historical and thematic relationships of religion and drama It is not an attempt to sacralize drama so that it becomes a substitute for religion nor will it reduce religion to its aesthetic dimension What does religion tell us about drama and what does drama tell us about religion What have been their inter actions in our tradition The conversation between religion and culture drama and Christianity needs to be ongoing This book is a contribution to the dialogue asking questions pointing towards possible answers and encouraging others to join in the conversation

The Americas of Asian American Literature Rachel C. Lee, 1999-10-04 Drawing on a wide array of literary historical and theoretical sources Rachel Lee addresses current debates on the relationship among Asian American ethnic identity national belonging globalization and gender Lee argues that scholars have traditionally placed undue emphasis on ethnic based political commitments whether these are construed as national or global in their readings of Asian American texts This has constrained the intelligibility of stories that are focused less on ethnicity than on kinship family dynamics eroticism and gender roles In response Lee makes a case for a reconceptualized Asian American criticism that centrally features gender and sexuality Through a critical analysis of select literary texts novels by Carlos Bulosan Gish Jen Jessica Hagedorn and Karen Yamashita Lee probes the specific ways in which some Asian American authors have steered around ethnic themes with alternative tales circulating around gender and sexual identity Lee makes it clear that what has been missing from current debates has been an analysis of the complex ways in which gender mediates questions of both national belonging and international migration From anti miscegenation legislation in the early twentieth century to poststructuralist theories of language to Third World feminist theory to critical studies of

global cultural and economic flows The Americas of Asian American Literature takes up pressing cultural and literary questions and points to a new direction in literary criticism *Cultures and Societies in a Changing World* Wendy Griswold, 2008 The author takes a global approach by considering cultural examples from various countries and time periods be delving into the ways globalization processes are affecting cultures and by offering an explanation of post Cold War culture related conflicts Readers will develop a deeper appreciation of culture and society from this text gleaning useful insights that will help them overcome cultural misunderstandings conflicts and ignorance and equip them to live their professional and personal lives as effective wise citizens of the world BOOK JACKET
