Otherspace II West End Games, Incorporated, *The Other Space Race* Nicholas Michael Sambaluk, 2015-12-15 The Other Space Race is a unique look at the early U S space program and how it both shaped and was shaped by politics during the Cold War Eisenhower s New Look expanded the role of the Air Force in national security and ultimately allowed ambitious aerospace projects namely the Dyna Soar a bomber equipped with nuclear weapons that would operate in space Eisenhower s space policy was purely practical creating a strong deterrent against the use of nuclear arms against the United States With the Soviet launch of Sputnik in 1957 the political climate changed and space travel became part of the United States national discourse Sambaluk explores what followed including the scuttling of the Dyna Soar program and the transition from Eisenhower s space policy to John Kennedy s This well argued well researched book gives much needed perspective on the Cold War s influence on space travel and it s relation to the formation of public policy **NASA**

Technical Note United States. National Aeronautics and Space Administration, 1959 **The Routledge Handbook of Identity and the Environment in the Classical and Medieval Worlds** Rebecca Futo Kennedy, Molly Jones-Lewis, 2016-01-08 The Routledge Handbook of Identity and the Environment in the Classical and Medieval Worlds explores how environment was thought to shape ethnicity and identity discussing developments in early natural philosophy and historical ethnographies Defining environment broadly to include not only physical but also cultural environments natural and constructed the volume considers the multifarious ways in which environment was understood to shape the culture and physical characteristics of peoples as well as how the ancients manipulated their environments to achieve a desired identity This diverse collection includes studies not only of the Greco Roman world but also ancient China and the European Jewish and Arab inheritors and transmitters of classical thought In recent years work in this subject has been confined mostly to the discussion of texts that reflect an approach to the barbarian as other The Routledge Handbook of Identity and the Environment in the Classical and Medieval Worlds takes the discussion of ethnicity on a fresh course contextualising the concept of the barbarian within rational discourses such as cartography medicine and mathematical sciences an approach that allows us to more clearly discern the varied and nuanced approaches to ethnic identity which abounded in antiquity The innovative and thought provoking material in this volume realises new directions in the study of identity in the Classical and Medieval worlds *A Proposal for a National Cooperative Survey of Education* United States.
