Židé a židovství v české literatuře 19. století Oskar Donath, 1923 Yiddish Transformed Nathan Cohen, 2023-06-09

As significant economic social political and cultural transformations swept the Jewish population of Tsarist Russia and Congress Poland between 1860 and 1914 the Yiddish language Zhargon began to gain recognition as a central part of the Jewish cultural stage Yiddish Transformed examines the secular reading habits of East European Jews as the Jewish community began shifting to a modern society Author Nathan Cohen explores Jewish reading practices alongside the rise of Yiddish by delving into publishing policies of Yiddish books and newspapers popular literary genres of the time the development of Jewish public libraries as well as personal reflections of reading experiences *The Years of Bloom* John McCourt, 2000 Since the publication of Richard Ellmann s James Joyce in 1959 Joyce has received remarkably little biographical attention Scholars have chipped away at various aspects of Ellmann s impressive edifice but have failed to construct anything that might stand alongside it The Years of Bloom is arguably the most important work of Joyce biography since Ellmann Based on extensive scrutiny of previously unused Italian sources and informed by the author s intimate knowledge of the culture and dialect of Trieste The Years of Bloom documents a fertile period in Joyce s life While living in Trieste Joyce wrote most of the stories in Dubliners turned Stephen Hero into A Portrait of the Artist as a Young Man and began Ulysses Echoes and influences of Trieste are rife throughout Ulysses and Finnegans Wake Though Trieste had become a sleepy backwater by the time Ellmann visited there in the 1950s McCourt shows that the city was a teeming imperial port intensely cosmopolitan and polyglot during the approximately twelve years Joyce lived there in the waning years of the Habsburg Empire It was there that Joyce experienced the various cultures of central Europe and the eastern Mediterranean He met many Jews who collectively provided much of the material for the character of Leopold Bloom He encountered continental socialism Italian Irredentism Futurism and various other political and artistic forces whose subtle influences McCourt traces with literary grace and scholarly rigour The Years of Bloom a rare landmark in the crowded terrain of Joyce studies will instantly take its place as a standard work Jugoslavenska njiva , 1919 **Dějiny a současnost** , 2009 *A World Apart and Other Stories* Kathleen Hayes, 2022-12-01 It grew dark and a mist spread over the countryside like a curtain We were at the Bohemian border Customs control shouting the din of the station and finally the train moved on with a monotonous drone It was right here that I met Teresa Elinson Marta said in the corner of the cozy compartment I replied Who is Teresa Elinson I don t remember you ever mentioning her No never It was a kind of adventure That time too the train hurtled into the dark where red sparks flew and lights flashed scattering in the mist Thus begins the story by R ena Jesensk that gives this book its name In this anthology Kathleen Hayes has selected and translated eight stories by Czech female authors at the turn of the 19th and 20th century a period of female political emancipation and impressive literary

development All of the writers included in the present volume were recognized in their own day and constitute a cross section of the literary styles of the period Tilschov s A Sad Time is written in a Naturalist style Jesensk s A World Apart presents themes and motifs that appealed to the Decadents Mal ov s The Sylph is both diaristic and satirical while Svobodov s ironical A Great Passion with its rural setting and folklore motifs reminds one of the writings of Karel Jarom r Erben Preisso v s short story may be read as a celebration of folk culture Bene ov s Friends is interesting for its psychological presentation of a child s point of view and its implicit criticism of anti-Semitism The book is accompanied by the biographies of each author and an introduction by Kathleen Hayes *Theresienstadt 1941-1945* H. Architectura perennis Damjan Prelovsek, Damjan Prelovšek, 1997-01-01 Joze Plecnik 1872 1957 one of the most important European architects of the twentieth century created a highly original and independent architectural language Drawing on the architecture of antiquity the theories of Gottfried Semper and the teachings of Otto Wagner Plecnik developed a refined but eclectic classicism that has become increasingly popular today In this authoritative book Damjan Prelovsek describes the life and work of the architect analysing his buildings and his relationships with other architects and patrons and placing his work in the perspective of current architectural ideas and practices Prelovsek relates how Otto Wagner recognized Plecnik s enormous gifts and accepted him as a pupil in 1894 and how the young man capped his student career by winning the coveted Rome Prize By 1903 Plecnik had already completed the Zacherl House the most significant work by a student of Wagner in Vienna It was a radical work deliberately incorporating the traditions of European art but unlike the work of later postmodernists not content with mere architectural quotation In Prague says Prelovsek Plecnik s extensive and sometimes controversial work on the Prague Castle brought him in close contact with the Czech President Tomas Masaryk in Ljubljana Plecnik s far reaching planning decisions and numerous buildings have exerted a lasting influence on the appearance of his native town Program Guidelines for Kindergarten Sue Ann Bates, 1981

Masquerade and Femininity Urszula Chowaniec, Ursula Phillips, Marja Rytönen, 2009-03-26 Masquerade and Femininity Essays on Russian and Polish Women Writers introduces the reader to the diversity of women s writing in Poland and Russia in the 19th and 20th centuries in the light of the notion of masquerade The present articles scrutinize particular works by women writers Nadezhda Dmitrievna Khvoshchinskaja Irina Odoevtseva Vera Pavlova Narcyza Michowska Maria Komornicka Irena Krzywicka and others and the strategies of masquerading female experience Taken together the articles draw attention to the feeling of an inexpressible gap between the living body and its everyday life experience of pain and suffering or happiness and pleasure and the culturally constructed powerfully imposed code of expression that readily makes

use of various masks guises and acts of pretending applied especially cleverly in literary works The concept of masquerade illuminates the complexity of what we call femininity by combining two sides of the divide the real feelings and the constructed expressions This volume uses both feminist and non feminist approaches to women s writing and sheds new light on the themes of femininity woman s identity experience masks body gender relations nature culture and authorship Masquerade and Femininity brings together East European literary studies and gender studies offering a comparative perspective on literature literary theory and cultural phenomena in Poland and Russia and featuring a range of both eastern European and western scholars In its pages the reader is invited to move beyond Russian literature and language into a dialogic approach between Slavic literatures This book will also contribute to filling the comparative gap which is still relatively unexplored not only with regard to the application of western scholarship to East European studies but also with regard to the dialogue between Russian and Polish scholarship

Otto Weiningers Tod : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and thrilling novel that will keep you guessing until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
