Vazquezteell,2002-05-21 In becoming a poet Ive noticed that I now pay strict attention to every detail around me I used to take my surroundings for granted and I didnt always pay close attention to everything there was to notice Welcome Welcome once again to another book of poetry and to my wild creative and imaginative mind In this second poetry book I hope you find the stories much more interesting the comedy much more refreshing and that the romance takes you to a few nostalgic moments of your own You may notice that this second collection of my work is a little different to my first TRUTH COMEDY POETRY for ALL in that there are not as many love poems This time around I wanted to express a little more of my other sides instead of just the romance So I decided sure there is still going to be plenty of heart felt tales in here but there will be more emphasis on the serious and comic aspects this time around I also made most of the poems much much shorter I wanted to make sure there wouldnt be constant thoughts of Gee this poem is a little too long and therefore I am uncontrollably daydreaming due to the length of this study hall of a poem Then again according to my test group it seems that the long stories here are pretty good But you can be the judge of that The reason I wrote my first book was to get others into reading poetry and writing some of their own However the reason I wanted to write this second book was because I wanted to know that if I were to die tomorrow I would leave something behind that could still make people smile or think I wanted to create something that would last and be appreciated for generations to come I wanted to leave behind a mark of my existence And so here is my book If you havent read my first book well I want to start over with a Hello I am a fairly new poet and writer who will either make you think laugh or say My God this romantic material is going to come in handy for the next time I meet someone I like Whatever the scenario I just want to remind everyone that we all have three sides to us We may not show all of them every day but within all of us exists a serious side a humorous side and a romantic side In both of my poetry books I show my different characters and then some Especially in THE V FILES [Speech and System](#) Peter Bornedal,1997 In this investigation creative writing and philosophy are shown to be specific types of language games distinct

from speech as used in communicative interaction between individuals The author deals with thinking speech and systems respectively I Thinking is understood as a soliloquy preceding any kind of creative activity and any kind of writing The author analyses thinking as a subject s listening to its own voice with a split between I and me close to Derrida s notion of difference as a condition for the production of meaning II Analyzing with reference to Benveniste Austin and Searle what speech is the author deduces the so called pragmatic subject in contrast to the first section s reflective In its elementary speech act the pragmatic subject does constitute itself in rudimentary ways III In dealing with the product of reflective activity the author finds the so called textual inconsistency or logical aporias inherent in any logical or pseudo logical system to be in line with Goedel s incompleteness theorems and he rejects the tendency to use deconstruction to understand these aporias as is usual in Western metaphysics The author s philosophical position is closest to that of Paul Ricoeur and Jacques Derrida but on crucial issues he advances his own ideas on the relationship between speech and writing also establishing a criticism of metaphysics that may be more radical than what has previously been developed **Heritage** J.D. **Signatures Upon Cantata** Smithson Buchi Ahiabuike, 2014-12-12 This anthology of political poems lends a voice of patriotism to political protests as a free born of Africa These poems have been written in protests to the evils of corruption in the continent of Africa and most other third world countries In the process the author has lent his voice with the protests for good governance in Africa In the same vein he has many laments on the lack of patriotism in Africa and how much that has set the continent back compared to the Asian tigers that started in the same footing with Africa It is true that Africa was the last frontiers of conquests by the colonial explorers and pirates but there is nothing hard about learning from others who have been there to not make the same mistakes that characterized most nation builders It is true that one of the banes of African politics is her numerous ethnic groups and the need to satisfy everyone but we cannot fail to acknowledge that the world is changing pretty fast and that we need to adapt to those changes so as not to be left in the dark

*For Whom the Poem Tolls* Mahmoud Elbouhaissi, 2013-09-26 Alexander Pope said True ease in writing comes from art not chance Poetry is an intriguing art it absolves the mind from its complex cognitive structured web yet it asks for a concise fully mature output I find it unbelievably true that most poetry stream from an unconscious state of consciousness I struggled with this concept for a long time until I gave up or did I Poetry also tends to flow unexpectedly although it leaves mirthfulness in the heart of the poet yet occasionally it ignites doubt which leads to diffidence Nevertheless no pain no gain On the same hand expectation is the mother of all surprises yes it is true to

me that the more I expect from a poem the more I find myself dazzled by its own unpredictability On the other hand the poet is a mere adventurer like the reader I might add who if I may is subjected to this unconsciousness but the noble obligation of the one is what brings forth the gratefulness of the other However unlike the reader who is only responsible for his taste the poet is whom everyone envies and the measure by which he is characterized and sometimes penalized is envy itself
