[The Color of Success](#) Gilberto Q. Conchas, 2006-01-21 Through students own voices and perspectives this book reveals how and why some racial minorities achieve academic success despite limited opportunity Based on the experiences of Black Latino and Vietnamese urban high school students the author provides a revealing comparative analysis that offers insight into how schools can provide opportunities and safe learning environments where youth acquire real goals expectations and tangible pathways for success Offering alternatives to current practices and structures of inequality that plague educational systems throughout the nation this sociologically informed book takes a rare look at urban school success stories instead of those depicting failure explores the social processes that enable racial minority youth to escape the unequal structures of urban schooling to perform well in school and focuses on youth s interpretations and reactions to the schooling process to determine how schools can empower youth and promote the social mobility of low income urban populations *The Color of Empire* Michael L. Krenn, 2006 At first glance it may be difficult to accept that race and racism play a major role whether conscious or subconscious in policymaking But leaders are products of their upbringing and era and even some of America s best educated presidents and secretaries of state have been slave owners segregationists or bigots Some belong to America s distant past but it was not so long ago that the civil rights movement began to correct America s troubled race relations While race has rarely served as the primary motivating factor in America s foreign policies Michael Krenn shows that it has functioned as both a powerful justification for U S actions abroad and a significant influence on their shape direction and intensity Portraying nonwhite races as inferior allowed U S policymakers to rationalize territorial expansion at the expense of Native Americans and Mexico to demonize the enemy in wars fought against Filipino insurgents and Japanese soldiers and to justify intervention in developing nations Racism made America s leaders soft on European colonialism and U S racial segregation laws were an obstacle to winning hearts and minds in the developing world during the Cold War Race plays a more subtle role in U S foreign relations today but speeches about turning the war on terror into a crusade the abuse of detainees in military prisons and apathy toward genocide in Darfur can be explained in part by prejudice The Color of Empire challenges readers to recognize that American perceptions and prejudices about race have influenced the conduct of U S foreign relations from the colonial era to the present This concise survey is an excellent introduction to the topic for both students and general readers *The Color of Truth* Kai Bird, 2017-01-10 From the Pulitzer Prize winning coauthor of

American Prometheus this biography of the Bundy Brothers inspired the Academy Award winning film Oppenheimer In this definitive biography of McGeorge Bundy and William Bundy two of the best and the brightest who advised presidents about peace and war during the most dangerous years of the Cold War Kai Bird pens a portrait of the fiercely patriotic brilliant and brazenly self confident men who directed a steady escalation of a war they did not believe could be won Drawing on seven years of research nearly one hundred interviews and scores of still classified top secret documents in a masterful reevaluation of America s actions throughout the Cold War and Vietnam The Color of Truth tells the tale of the anti communist liberals who despite their grave doubts about sending Americans to fight in Southeast Asia became key architects of America s war in Vietnam Like the bestselling The Wise Men this dual biography is both an inside account of the making of US foreign policy in an era of nuclear weapons and a stunning group portrait of the heirs of the Wise Men including Robert McNamara George Ball and Robert Kennedy and the presidents they served Faded Colors Benjamin A.
