Our God Has No Favorites A Liberation Theology Of The Eucharist:

Under the Rule of Christ Paul S. Fiddes,2007-08 In this book the Principals of the six Baptist colleges in Great Britain take up a request to write about Baptist spirituality They propose that the spirituality of Baptists in all its diversity is characterized by living under the rule of Christ While all Christian spiritual traditions affirm this truth they suggest that there is a particular sense of being under Christ s rule which has been shaped by the story of Baptists and by their way of being church through the centuries Elaborating the main theme chapters explore various dimensions of spirituality giving attention to God and to others developing spirituality through suffering having spiritual liberty within a community living under the rule of the Word in Christ and scripture integrating the Lord s Supper with the whole of life and engaging in the mission of God from an experience of grace Together the writers present an understanding of prayer and life in which Christ is both the final authority and the measure of all things **Call No One on Earth Your Father** Josephine E.

Armour,2019-03-29 This book brings a critique to the theology of the ordained ministry in contemporary Catholicism a theology that fosters clericalism It challenges a theology that views the ordained as set apart for a particular work over and against the laity This book brings critique to current practices including lifelong commitment to the ordained ministry the requirement of celibacy for the ordained and the exclusion of women from the ordained ministry The author examines history reclaiming elements that have been distorted or forgotten and asks What is retrievable in the tradition that is freeing and redeeming for a renewed theology The critique of the traditional theology and current practices in the ordained ministry and the retrieval of relevant elements of the tradition is a springboard for reconstructing a theology of the ordained ministry The model of the Trinity is suggested as an image for the ordained ministry itself and through its relational nature the ministry of the whole church The model of the Trinity sets the ordained ministry in its rightful context of the Christian community where all of the gifts of the baptized are valued and where ministry is collaborative non hierarchical and mutually enriching for the people of God *Clerical Errors* Peter Murnane,2022-08-04 The Catholic church is in serious decline This book claims that the corruption of the institution derives from various clerical errors especially clericalism which assumes that clergy are superior and deserve privileges Clericalism divides the church into two unequal classes betraying the gospel which teaches that all people are equal Clerical privilege makes the sexual abuse of children more likely and has led most bishops to conceal it Clerical Errors begins by examining the trials and acquittal of Cardinal Pell Was it the jury who made a grave error or was it the cardinal Other chapters look at worldwide sexual abuse of children by Catholic clergy and traumatic impacts on survivors What might have caused this tragedy The institutional nature of the church Defective Canon Law Misuse of the sacrament of Confession Compulsory celibacy Homosexuality The book s last hopeful chapter proposes a radical but simple model for restoring the Christian church **Our God Has No Favourites** Anne Primavesi,Jennifer Henderson,1989

Religion without Ulterior Motive Borght,2007-03-31 The awareness of the potential for abuse of religion has risen

dramatically in the West since 9 11 We all seem to agree that the abuse of religion should be averted and condemnation of the abuse of religion is almost universal Bram van de Beek systematic theologian at Vrije Universiteit Amsterdam has radicalised this discourse by claiming that religion should not be allied to any cause not even to a good cause He illustrates this by the way theology has been instrumentalized within the Reformed tradition in e g apologetic theology liberation theology theocracy and pietism His thesis provokes fervent discussions Twelve prominent theologians react on issues such as public theology evangelical activism Christian life the relevance of reasons for faith the unity of the church and contextualization of religion in various parts of the world At stake is the assertion that precisely religion without ulterior motive is the best guarantee for relevant religion **Books in Print** ,1991 **Making God Laugh** Anne Primavesi,2004 Making God Laugh examines the claim that we can speak with divine authority about God s plans for us and the world Such arrogance must surely make God laugh But its effects on our relationships with other religions are no laughing matter Neither is the claim that God has made us the center of the universe which has legitimized the exploitation of the earth s natural resources Anne Primavesi argues that the time has come to replace human arrogance with ecological humility and an understanding of ourselves as members of the whole community of life on earth Profiles in Liberation Deane W. children in your faith community Children are marginalized in our churches dismissed into Sunday school or silenced for lengthy sermons aimed at adults R L Stollar has spent his career advocating for the rights of children and he thinks it s time to stop talking down to children and start listening to them In *The Kingdom of Children* Stollar proposes a liberation theology of the child Stollar begins with a theoretical framework that centers children in our theology and ecclesial life Reframing biblical stories to center children we can see how the binding of Isaac reflects the spiritual effects of child abuse or how children like Miriam can serve as leaders in their communities Using scriptural examples as well as real studies of children s spiritual lives Stollar asserts that children can be priests prophets and theologians in our communities Each chapter concludes with activities and discussion points for introducing the book s concepts to children *The Kingdom of Children* is a must read for youth ministers parents and anyone who works with children By embracing the liberation of children we can avoid stunting their spiritual growth and passing on trauma And when we lift up children truly value and learn from them we build up the kingdom of God here in our communities *The Spirit in the Church and the World* Bradford E.
