Southern California Franklin Walker, 2022-09-23 This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1950 **Fascism, the War, and Structures of Feeling in Italy, 1943-1945** Simonetta Falasca-Zamponi, 2023-05-23 On July 25 1943 news of Mussolini's resignation and subsequent arrest stunned Italians leaving them dumbfounded After two decades fascism had fallen without any advance warning As festive events marked the incredible outcome and reminders of the past were destroyed an uncontainable joy seemed to pervade Italians But what did people actually celebrate How did they understand the bygone dictatorship which was soon to be reincarnated in the Italian Social Republic RSI Drawing on more than one hundred diaries written by ordinary citizens and some prominent figures as well and inspired by Raymond Williams's concept of structures of feeling the book examines Italians' perspectives on fascism at a very critical moment in their history With the country mired in a devastating war further complicated by the September 8 1943 armistice with the Allies and subsequent German occupation followed by the eruption of an Italian against Italian conflict the switching of alliances and the declaration of war against Germany on October 13 1943 the fast pace of history seemed to deflect Italians' attention from their immediate past Amidst the daily experience of bombings hunger displacement and death coming to terms with twenty years of dictatorship turned out to be an arduous enterprise Whether those who had lived under the fascist regime wished not to think of it and not to speak any more about it as philosopher Benedetto Croce maintained it is hard to ascertain In truth little is known of what Italians felt and thought about fascism after its precipitous demise This book remedies the gap in historical scholarship by assessing how Italians confronted their present and negotiated their past during the two years from the fall of the regime to the definitive defeat of the RSI and the end of the world war in May 1945 By bringing to life the cultural imaginaries and practices of the past the book raises ostensibly intractable questions on the epochal impact of what often appears as inconsequential the typically unseen and seemingly banal power of everyday experiences **Our World** Herbert Sherman Houston, 1924 **Report Upon the Commercial Relations of the United States with Foreign Countries** United States. Bureau of Foreign and Domestic Commerce, 1891 **John Ruskin and the Victorian Woman Writer** Anne Longmuir, 2024-08-15 John Ruskin and the Victorian Woman Writer addresses the little considered personal and literary relationships of John Ruskin and four major Victorian women writers Elizabeth Barrett Browning George Eliot Elizabeth Gaskell and Christina Rossetti Drawing on new archival primary research the book provides detailed biographical contexts for each of these relationships before considering the interplay of each woman's writing with Ruskin's Focusing on literature art economics and gender it offers close readings of a selection of each woman's oeuvre alongside Ruskin's prose to demonstrate the affinities and the moments of disagreement between Ruskin and these writers Though primarily aimed at an

academic audience the book will also be of interest to general readers with a developed interest in nineteenth century culture It advances readers understandings of the complex web of influence that existed between Ruskin and women writers in the 1850s and 1860s establishing the opportunities that Ruskin s art theory offered women writers engaged with social questions and the apparent influence of these writers on Ruskin s own emerging political economy By analysing women writers responses to Ruskin s work and his response to theirs this book complicates and challenges assumptions about Ruskin s supposedly troubled relationship with women **American Exceptionalism Vol 1** Timothy Roberts,2017-07-05 American exceptionalism the idea that America is fundamentally distinct from other nations is a philosophy that has dominated economics politics religion and culture for two centuries This collection of primary source material seeks to understand how this belief began how it developed and why it remains popular **Congressional Record** United States. American Mediterraneans Susan Gillman, 2022-05-20 The story of the American Mediterranean both an idea and a shorthand popularized by geographers historians novelists and travel writers from the early nineteenth century to the 1970s The naturalist Alexander von Humboldt visiting the Gulf Caribbean in the early nineteenth century called it America's Mediterranean Almost a century later Southern California was hailed as Our Mediterranean Our Italy Although American Mediterranean is not a household phrase in the United States today it once circulated widely in French Spanish and English as a term of art and folk idiom In this book Susan Gillman asks what cultural work is done by this kind of unsystematic open ended comparative thinking American Mediterraneans tracks two centuries of this geohistorical concept from Humboldt in the early 1800s to writers of the 1890s reflecting on the Pacific world of the California coast to writers of the 1930s and 40s speculating on the political past and future of the Caribbean Following the term through its travels across disciplines and borders American Mediterraneans reveals a little known racialized history one that paradoxically appealed to a range of race neutral ideas and ideals **Reciprocal Trade** United States, 1947 **Reciprocal Trade Agreements Program** United States.
