Soul Purpose Jason Kemp, 2010-11-09 The aim of Soul Purpose is to present some up to date information with regards to the new spiritual energies we are receiving and the possible changes we may go through as we begin to absorb them It is in no way a definitive explanation of what is happening we each have our own perspectives and experiences in life it is just that on some levels many experiences are now being shared at a group level It is this theme of us as a collective a group commonly sharing life's themes which has been of interest to me Soul Purpose is presented in two parts the first part is informational covered under various chapter headings that you may already relate to Reading them is initially a mental exercise but it's really the feelings impressions and energy of the content that matters You may find that within the gist of a subject you may sense feel or visualise a way to receive an understanding building a relationship with the imagery and ideas Part two of Soul Purpose contains 22 meditation exercises that can be used to balance the physical subtle and mental aspects of ourselves They are practical tools that help our bodies to remember levels of their spiritual imprinting raising our energy levels and allowing for something new internally to take place Our sensitivities are increasing as time goes on they are a biological response to the changes in energy of our environment The meditations are a way of managing these sensitivities building an energetic platform on which to open more to the energies that are on offer They offer a gentle sympathetic alignment to natural law and divine will
