Our Lady Of All The Distances:

Long-Distance Nationalism Zlatko Skrbiš, 2017-07-05 How strong and how significant is the interaction between migrants and homelands in the late 20th century Have the processes of globalization and transnational interaction produced new forms of nationalism or at least altered the old ones By using Croatians and Slovenians in Australia as examples this book examines the extent to which migrants are influenced by historical and contemporary processes of migration mediated through political and cultural symbolism What are the factors which influence the existence nature and intensity of ethno nationalism in the migrant context The study analyses both the existence and transmission of ethno nationalism between migrant settings and homelands and specifically deals with the transmission of ethno nationalism sentiments across migrant generations To understand the effects and consequences of long distance nationalism fully the book proceeds from an analysis of nationalism s public manifestations to an analysis of the relatively private domain of diasporic ethno communal existence *The Traditional Interpretation of the Apocalypse of St John in the Ethiopian Orthodox Church* Roger W.

Cowley, 2014-11-13 The aim of this study is to describe the traditional Biblical and patristic Amharic commentary material of the Ethiopian Orthodox Church and to present in translation a sufficient sample of the Amharic and also the Geez commentary material that its character can be clearly seen Accordingly the study is divided into three parts a general introduction an annotated translation of a Geez commentary and an annotated translation of an Amharic commentary The book chosen for parts II and III is the Apocalypse of John **The Travels of Macarius, Patriarch of Antioch**, 1836

The True Europe Pope Benedict XVI, 2024-05-24 The ecological movement discovered that nature prescribes for us a moderation that we cannot ignore with impunity Unfortunately human ecology has still not been made concrete A human being too has a nature that is prescribed for him and violating or denying it leads to self destruction Benedict XVI from the preface This collection of selected works is Benedict XVI s heartfelt call for Europe to rediscover its true origin and identity in order to become once again a beacon of beauty and humanity for the world Such a revival would be not simply about imposing the truths of faith as the foundation of Europe but about making a fundamental choice for justice to live as if God exists rather than as if he does not Just as Pope John XXIII once called on the great nations of the earth to avoid a devastating nuclear war Benedict XVI addresses not only Europe but the whole West so that by again finding their own soul as a people they can save the world from self destruction both physical and spiritual With his characteristic clarity immediate accessibility and at the same time depth the Pope Emeritus magnificently outlines here the idea of Europe that undoubtedly inspired its Founding Fathers and is the basis for its greatness the definitive dimming of this ideal would ratify its complete and irreversible decline Pope Francis from the Introduction **Computational Methods and GIS Applications in Social Science** Fahui Wang, Lingbo Liu, 2023-08-16 This textbook integrates GIS spatial analysis and computational methods for solving real world problems in various policy relevant social science applications Thoroughly updated the third edition

Divinity at a Distance Shawn Paul Jones, 2024-05-14 Since the beginning of time looking up into the heavens has always given life in the universe a sense of complacency and a feeling of purpose There was nothing within the laws of nature they felt would otherwise change the course of things Yet when the cosmic riddle they felt was meant for them began to do the unexpected relative to what they truly wanted and desire it can be as if God is never what you really think it is in the grander scheme of things **The Distance Between Us** Reyna Grande, 2012-08-28 When Reyna Grande s father leaves his wife and three children behind in a village in Mexico to make the dangerous trek across the border to the United States he promises he will soon return from El Otro Lado The Other Side with enough money to build them a dream house where they can all live together His promises become harder to believe as months turn into years When he summons his wife to join him Reyna and her siblings are deposited in the already overburdened household of their stern unsmiling grandmother The three siblings are forced to look out for themselves in childish games they find a way to forget the pain of abandonment and learn to solve very adult problems When their mother at last returns the reunion sets the stage for a dramatic new chapter in Reyna s young life her own journey to El Otro Lado to live with the man who has haunted her imagination for years her long absent father Jacket p 2
